CONTRACT PROSPECTUS MAY 1, 2004

The Contracts. The contracts described in this prospectus are group deferred variable annuity contracts issued by ING Life Insurance and Annuity Company (the Company). The contracts may be single purchase payment contracts, which allow for lump-sum payments, or installment purchase payment contracts, which allow for installment payments. They are intended to be used as funding vehicles for certain types of supplemental retirement programs, including those that qualify for beneficial tax treatment and/or to provide current income reduction under certain sections of the Internal Revenue Code of 1986, as amended (Tax Code).

Why Reading this Prospectus is Important. Before you participate in the contract through a supplemental retirement program, you should read this prospectus. It provides facts about the contract and its investment options. Prospective contract owners (generally a school district or state operated State University of New York campus to which we issue a master contract) should read this prospectus to help determine if the contract is appropriate for those employees eligible to participate. Keep this document for future reference.

Table of Contents ... page 3

You may participate in this contract if you are an eligible employee of a school board or public university in the State of New York and if you are a member of the New York State United Teachers (NYSUT) or the United University Professions (UUP).

Investment Options. The contracts offer variable investment options and fixed interest options. When we establish your account, you instruct us to direct account dollars to any of the available options.

The Funds

ING VP Growth and Income Portfolio (Class I) (2) AIM V.I. Capital Appreciation Fund (Series I) ING VP Growth Portfolio (Class I) (2) AIM V.I. Core Equity Fund (Series I) AIM V.I. - (1) This fund is available to the general public. See "Investment Options - Additional Risks of Investing in the Funds."
- (2) Effective May 3, 2004, Class R shares of this fund have been renamed as Class I shares.
- (3) Transfers or deposits are not allowed into the subaccount investing in this fund, except from accounts established under the contract before May 1, 1998. As soon as all those who have current allocations to the subaccount under the contract have redirected their allocations to other investment options, we will close the subaccount to all investments (except loan repayments that we automatically deposit into the subaccount according to our loan repayment procedures).
- (4) This fund is scheduled to be available on May 10, 2004.

CONTRACT PROSPECTUS – MAY 1, 2004 (CONTINUED)

Variable Investment Options. These options are called subaccounts. The subaccounts are within Variable Annuity Account C (the separate account). Each subaccount invests in one of the mutual funds (funds) listed on the previous page. Earnings on amounts invested in a subaccount will vary depending upon the performance of its underlying fund. You do not invest directly in or hold shares of the funds.

Risks Associated with Investing in the Funds. Information about the risks of investing in the funds is located in the "Investment Options" section in this prospectus on page 13 and in each fund prospectus. Read this prospectus in conjunction with the fund prospectuses, and retain the fund prospectuses for future reference.

Fixed Interest Options.

- Guaranteed Accumulation Account
- > Fixed Account

Except as specifically mentioned, this prospectus describes only the variable investment options. However, we describe the fixed interest options in the appendices to this prospectus. There is also a separate prospectus for the Guaranteed Accumulation Account.

Getting Additional Information. You may obtain the May 1, 2004, Statement of Additional Information (SAI) free of charge by indicating your request on your enrollment materials, by calling the Opportunity Plus Service Center at 1-800-677-4636 or by writing to us at the address listed in "Questions: Contacting the Company." You may also obtain an SAI for any of the funds by calling that number. This prospectus, the SAI and other information about the separate account may be obtained by accessing the Securities and Exchange Commission's (SEC) web site, www.sec.gov. Copies of this information may also be obtained, after paying a duplicating fee, by contacting the SEC Public Reference Room. Information on the operation of the SEC Public Reference Room may be obtained by calling 1-202-942-8090 or 1-800-SEC-0330, e-mailing publicinfo@sec.gov or by writing to SEC Public Reference Room, 450 Fifth Street, N.W., Washington, D.C. 20549. The SAI table of contents is listed on page 45 of this prospectus. The SAI is incorporated into this prospectus by reference.

Additional Disclosure Information. Neither the SEC, nor any state securities commission, has approved or disapproved the securities offered through this prospectus or passed on the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense. This prospectus is valid only when accompanied by current prospectuses of the funds and the Guaranteed Accumulation Account. We do not intend for this prospectus to be an offer to sell or a solicitation of an offer to buy these securities in any state that does not permit their sale. We have not authorized anyone to provide you with information that is different than that contained in this prospectus.

Questions: Contacting the Company. To answer your questions, contact your local representative or write or call the Company through:

Opportunity Plus Service Center P.O. Box 13047 Newark, NJ 07188-0047

1-800-OPP-INFO (1-800-677-4636)

Sending Forms and Written Requests in Good Order.

If you are writing to change your beneficiary, request a withdrawal, or for any other purpose, contact your local representative or the Company through the Opportunity Plus Service Center to learn what information is required in order for the request to be in "good order."

Generally, a request is considered to be in "good order" when it is signed, dated and made with such clarity and completeness that we are not required to exercise any discretion in carrying it out.

We can only act upon written requests that are received in good order.

CONTRACT OVERVIEW

The following is a summary. Please read each section of this prospectus for additional information.

Who's Who

You (the participant): The individual participating in a supplemental retirement program, where the program uses the contracts as funding options.

Plan Sponsor: The sponsor of your supplemental retirement program. Generally, your employer.

Contract Holder: The person or entity to whom we issue the contract. The contract holder is the school district or state operated State University of New York campus to which we have issued the master contract.

We, us, our (the Company): ING Life Insurance and Annuity Company. We issue the contract.

The Contract and Your Supplemental Retirement Program

Supplemental Retirement Program (plan): A plan sponsor has established a supplemental retirement program for you. The term "contract(s)" in this prospectus refers to the group deferred variable annuity contract offered as a funding option for that plan.

Plan Type: We refer to the supplemental retirement program in this prospectus as a 403(b) plan. For a description, see "Taxation."

Use of an Annuity Contract in your Plan. Under the federal tax laws, earnings on amounts held in annuity contracts are generally not taxed until they are withdrawn. However, in the case of a qualified retirement account (such as a 403(b) retirement plan), an annuity contract is not necessary to obtain this favorable tax treatment and does not provide any tax benefits beyond the deferral already available to the tax qualified account itself. Annuities do provide other features and benefits (such as the option of lifetime income phase options at established rates) which may be valuable to you. You should discuss your alternatives with your local representative taking into account the additional fees and expenses you may incur in an annuity. See "Contract Purchase or Participation."

Contract Rights

You hold all rights under the contract and may make all elections for your accounts.

Contract Facts

Free Look/Right to Cancel: Contract holders and participants may cancel their purchase no later than ten days after they receive the contract (or other document evidencing their interest). See "Right To Cancel."

Death Benefit: A beneficiary may receive a benefit in the event of your death prior to the income phase. Death benefits during the income phase depend on the payment option selected. See "Death Benefit" and "The Income Phase."

Withdrawals: During the accumulation phase, you may, subject to the limits in the contract, withdraw all or a part of your account value. Certain fees and taxes may apply. See "Withdrawals" and "Taxation." Amounts withdrawn from the Guaranteed Accumulation Account may be subject to market value adjustment. See Appendix I.

Systematic Distribution Options: You may elect to receive regular payments from your account, while retaining the account in the accumulation phase. See "Systematic Distribution Options."

Fees: Certain fees are deducted from your account value. See "Fee Table" and "Fees."

Taxation: Amounts you receive as a distribution will be generally included in your gross income and will be subject to taxation. Tax penalties may apply in some circumstances. See "Taxation."

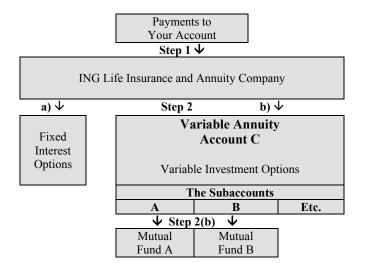

Contract Phases

I. The Accumulation Phase. (accumulating retirement benefits)

STEP 1: You provide ING Life Insurance and Annuity Company with your completed enrollment materials and we may set up one or more accounts for you. We may set up account(s) for employer contributions and/or contributions from your salary

STEP 2: You direct us to invest your account dollars in any of the following investment options:

- (a) Fixed Interest Options; or
- (b) Variable Investment Options. (The variable investment options are the subaccounts of Variable Annuity Account C. Each one invests in a specific mutual fund.) The subaccount(s) selected purchases shares of its corresponding fund.

II. The Income Phase (Receiving income phase payments from your contract).

If you wish to begin receiving payments from your contract, you may elect from the options available. The contract offers several income phase payment options, if you wish to elect one (see "The Income Phase"). In general, you may:

- Receive income phase payments over a lifetime or for a specified period;
- Receive income phase payments monthly, quarterly, semi-annually or annually;
- > Select an income phase payment option that provides a death benefit to your beneficiary(ies); and
- Select fixed income phase payments, variable income phase payments (that vary based on the performance of the variable investment options you select), or a combination of fixed and variable income phase payments.

FEE TABLE

In This Section:

- Maximum Contract Holder Transaction Expenses
- Separate Account Annual Expenses
- ▶ Total Annual Fund Operating Expenses
- ▶ Fees Deducted by the Funds

Also See the "Fees" Section for:

- ▶ Premium and Other Taxes

See "The Income Phase" for: Fees During the Income Phase

The following tables describe the fees and expenses that you will pay when buying, owning, and withdrawing from your contract. The first table describes the fees and expenses that you will pay at the time that you buy the contract, withdraw from the contract, take a loan from the contract or transfer cash value between investment options. State premium taxes may also be deducted. See "The Income Phase" for fees that may apply after you begin receiving payments under the contract.

Maximum Contract Holder Transaction Expenses

Early Withdrawal Charge¹ (as a percentage of amount withdrawn)

5%

This is a deferred sales charge. For Single Purchase Payment Contracts, there is no withdrawal charge. For Installment Purchase Payment Contracts, we waive the withdrawal charge for dollars contributed to the funds or the Guaranteed Accumulation Account on or after April 1, 1995. The early withdrawal charge reduces over time. These fees may be waived, reduced or eliminated in certain circumstances. See the "Fees" section.

The next table describes the fees and expenses that you will pay periodically during the time that you own the contract, not including fund fees and expenses.

Separate Account Annual Expenses

(as a percentage of average account value)

Mortality and Expense Risk Charge	$1.00\%^2$	
Maximum Administrative Expense Charge	0.25%	$(currently 0\%)^3$
ING GET Fund Guarantee Charge	$0.25\%^{4}$	
Total Separate Account Annual Expenses	<u>1.50%</u>	

- The mortality and expense risk charge for the ING VP Money Market Portfolio subaccount is 0.35% on an annual basis.
- We do not currently impose an administrative expense charge. However, we reserve the right to deduct a daily charge of not more than 0.25% on an annual basis from the subaccounts.
- The ING GET Fund Guarantee Charge is deducted daily during the guarantee period only from amounts allocated to the ING GET U.S. Core Portfolio investment option. See "Investment Options—ING GET U.S. Core Portfolio" and "Fees—ING GET U.S. Core Portfolio Guarantee Charge" for a description of the ING GET Fund guarantee charge.

The next item shows the minimum and maximum total operating expenses charged by the funds that you may pay periodically during the time that you own the contract. The minimum and maximum expenses listed below are based on expenses for the funds' most recent fiscal year ends without taking into account any fee waiver or expense reimbursement arrangements that may apply. More detail concerning each fund's fees and expenses is contained in the prospectus for each fund.

Total Annual Fund Operating Expenses*	Minimum	Maximum
(expenses that are deducted from fund assets, including management fees,		
distribution (12b-1) and/or service fees, and other expenses)	0.34%	2.58%

^{*} After taking into account any fee waiver or expense reimbursement arrangements, the minimum and maximum total fund operating expenses would be 0.28% and 2.50%, respectively. The fund having the minimum expense percentage is subject to a contractual expense reimbursement or fee waiver arrangement. This arrangement can be discontinued by the fund's manager at any time. The fund having the maximum expense percentage is subject to a contractual expense reimbursement or fee waiver arrangement through at least December 5, 2004.

Fees Deducted by the Funds

Using this Information. The following table shows the investment advisory fees, 12b-1 fees and other expenses, including service fees (if applicable), charged annually by each fund. See the "Fees" section of this prospectus and the fund prospectuses for additional information. Fund fees are one factor that impacts the value of a fund share. To learn about additional factors, refer to the fund prospectuses. The fee and expense information listed below was provided by the funds.

How Fees are Deducted. Fund fees are not deducted from account values. Instead, fees are deducted from the value of the fund shares on a daily basis, which in turn will affect the value of each subaccount on a daily basis. The fees and expense information shown in the following table was provided by the funds. Except as noted below, the following figures are a percentage of the average net assets of each fund, and are based on figures for the year ended December 31, 2003. There is no guarantee that actual expenses will be the same as those shown in the table.

	Fund 1	Expense 1	Γable ⁽¹⁾

Footnotes to "Fund Expense Table"

- (1) The Company may receive compensation from each of the funds or the funds' affiliates based on an annual percentage of the average net assets held in that fund by the Company. The percentage paid may vary from one fund company to another. For certain funds, some of this compensation may be paid out of 12b-1 fees or service fees that are deducted from fund assets. Any such fees deducted from fund assets are disclosed in this Fund Expense Table and the fund prospectuses. The Company may also receive additional compensation from certain funds for administrative, recordkeeping or other services provided by the Company to the funds or the funds' affiliates. These additional payments are made by the funds or the funds' affiliates to the Company and do not increase, directly or indirectly, the fees and expenses shown above. See "Fees Fund Expenses" for additional information.
- (2) As a result of a reorganization of another fund into the Fund, which occurred on April 30, 2004, the Fund's Total Annual Operating Expenses have been restated to reflect current expenses.
- (3) The fund's Advisor Class shares have a 12b-1 Plan. Under the Plan, the fund's Advisor Class pays an annual fee of 0.50% of Advisor Class average net assets, half for certain shareholder and administrative services and half for distribution services. Other Expenses include the fees and expenses of the fund's independent directors and their legal counsel as well as interest, which were less than 0.005% for the most recent fiscal year ended December 31, 2003.
- (4) Expenses are based on the Portfolio's most recent fiscal year. Management fees include the Subadvisory fees paid by the Advisor (Calvert Asset Managements Company, Inc.) and the administrative fee paid by the portfolio to Calvert Administrative Services Company, an affiliate of the Advisor.
- (5) Expense information listed above is for the fiscal year ended July 31, 2003. Expenses shown in the table above do not reflect that the Fund's investment advisor has agreed to contractually waive the management fee and/or reimburse expenses for a period of one year beginning in July 2003 in order to limit Total Annual Fund Operating Expenses so that they do not exceed, in the aggregate, 1.36%. The amount waived and/or reimbursed in the latest fiscal year was 0.02%.
- (6) The Fund's investment advisor may voluntarily waive its fees and/or reimburse the Fund for certain other of its expenses in order to reduce expense ratios. Amounts waived and/or reimbursed may be recouped up to a period of three years following the end of the fiscal year in which the fee waivers and/or expense reimbursements were made. The Fund's investment advisor may cease these voluntary waivers and/or reimbursements at any time. The Annual Fund Operating Expenses listed above do not reflect voluntary fee waivers and/or expense reimbursements. Including current voluntary fee waivers and/or expense reimbursements. Total Fund Operating Expenses were 1.26% for Class A.
- (7) Expenses shown in the table above do not reflect that the fund's manager has voluntarily agreed to reimburse the class to the extent that total operating expenses (excluding interest, taxes, certain securities lending costs, brokerage commission and extraordinary expenses), as a percentage of its average net assets, exceed 0.28%. The arrangement can be discontinued by the fund's manager at any time.

- (8) The Fund's Class 2 distribution plan or "Rule 12b-1 plan" is described in the Fund's prospectus. While the maximum amount payable under the Fund's Class 2 Rule 12b-1 plan is 0.35% per year of the Fund's Class 2 average annual net assets, the Fund's Board of Trustees has set the current rate at 0.25% per year. The Fund's manager has agreed in advance to reduce its fee to reflect reduced services resulting from the Fund's investment in a Franklin Templeton money fund. This reduction is required by the Fund's Board of Trustees and an order of the Securities and Exchange Commission. The reduction for the Fund's last fiscal year end which is not reflected in the table above was 0.02%.
- (9) Other Expenses shown in the above table include a Shareholder Services fee of 0.25%.
- (10) The Administrator of the Fund has contractually agreed to waive all or a portion of its administrative services fees and/or reimburse administrative expenses for the Baron Small Cap Growth and the Van Kampen Comstock Portfolios so that the Total Net Fund Annual Operating Expenses for these Portfolios shall not exceed 1.45% and 1.13%, respectively, through April 30, 2005. Without this waiver, the Total Net Fund Annual Operating Expenses would be 1.50% for Baron Small Cap Growth and 1.20% for Van Kampen Comstock.
- (11) Investments are accepted into the ING GET U.S. Core Portfolio only during the Offering Period. See Appendix III in the contract prospectus for a listing of Offering and Guarantee Periods for projected ING GET U.S. Core Portfolio offerings.
- (12) The table above shows the estimated operating expenses during the Guarantee Period for the Series as a ratio of expenses to average daily net assets. Expenses during the Offering Period are: 0.25% Management (Advisory) Fees; 0.25% 12b-1 Fee; 0.15% Other Expenses; and 0.65% Total Annual Fund Operating Expenses and Net Annual Fund Operating Expenses. Pursuant to a Plan of Distribution adopted by the Series under Rule 12b-1 under the 1940 Act, the Series pays ING Funds Distributor, LLC (the "Distributor") an annual fee of up to 0.25% of average daily net assets attributable to the Series' shares. The distribution fee may be used by the Distributor for the purpose of promoting the sale of the Series' shares and providing certain related services. For additional information, please see the Series' SAI.
- (13) ING Investments, LLC, the investment adviser to the Series, has entered into an expense limitation contract with the Series under which it will limit expenses of the Series, excluding expenses such as interest, taxes, brokerage and extraordinary expenses, through December 31, 2004. The expense limit for the Series is shown as Net Annual Fund Operating Expenses in the table above. For further information regarding the expense limitation agreements, see the Fund's prospectus.
- (14) The table above shows the estimated operating expenses for Class I shares of each Portfolio as a ratio of expenses to average daily net assets. These estimates are based on each Portfolio's actual operating expenses for its most recently completed fiscal year and fee waivers to which the Portfolio's investment adviser has agreed for each Portfolio.
- (15) The above table shows the estimated operating expenses of each Portfolio as a ratio of expenses to average daily net assets. These estimates are based on each Portfolio's actual operating expenses for its most recently completed fiscal year, as adjusted for contractual changes, if any, and fee waivers to which the Portfolio's investment adviser has agreed for each Portfolio. ING Funds Services, LLC receives an annual administration fee equal to 0.10% of average daily net assets which is included in Other Expenses in the above table. Estimated Other Expenses are based on each Portfolio's actual Other Expenses for its most recently completed fiscal year.
- (16) ING Investments, LLC, the investment adviser to each Portfolio, has entered into a written expense limitation agreement with each Portfolio under which it will limit expenses of the Portfolio, excluding interest, taxes, brokerage and extraordinary expenses, subject to possible recoupment by the adviser within three years. The amount of each Portfolio's expenses waived, reimbursed or recouped during the last fiscal year by the adviser was 0.08% for ING VP Emerging Markets. For each Portfolio except ING VP Emerging Markets, the expense limits will continue through at least December 31, 2004. For ING VP Emerging Markets Portfolio the expense limits will continue through at least December 5, 2004. For further information regarding the expense limitation agreements, see the Fund's prospectus.
- (17) ING Investments, LLC, the investment adviser to each Portfolio, entered into written expense limitation agreements with each Portfolio under which it will limit expenses of the Portfolios, excluding interest, brokerage and extraordinary expenses, subject to possible recoupment by the adviser within three years. The amount of each Portfolio's expenses waived, reimbursed or recouped during the last fiscal year by the adviser was 0.23% for ING VP International Equity Portfolio; 0.04% for ING VP Strategic Allocation Balanced Portfolio and 0.09% for ING VP Strategic Allocation Income Portfolio. For each Portfolio, the expense limits will continue through at least December 31, 2004. For further information regarding the expense limitation agreements, see the Fund's prospectus.
- (18) The above table shows the estimated operating expenses for Class I shares of the Portfolio as a ratio of expenses to average daily net assets. For the ING VP Real Estate Portfolio, which had not commenced operations prior to December 31, 2003, the Portfolio's fiscal year end, expenses are based on estimated amounts for the current year.
- (19) ING Funds Services, LLC receives an annual administration fee equal to 0.10% of average daily net assets which is included in Other Expenses in the above table. For the ING VP Real Estate Portfolio, which had not commenced operations prior to December 31, 2003, the Portfolio's fiscal year end, Other Expenses are based on estimated amounts for the current fiscal year.
- (20) ING Investments, LLC, the investment adviser to the Portfolio, has entered into a written expense limitation agreement with the Portfolio under which it will limit expenses of the Portfolio, excluding interest, taxes, brokerage and extraordinary expenses, subject to possible recoupment by the adviser within three years. For ING VP Real Estate Portfolios, the expense limits will continue through at least December 31, 2005. For further information regarding the expense limitation agreements, see the Fund's prospectus.

- (21) The series has an expense offset arrangement that reduces the series' custodian fee based upon the amount of cash maintained by the series with its custodian and dividend disbursing agent. The series may also enter into other such arrangements and directed brokerage arrangements, which would also have the effect of reducing the series' expenses. Other Expenses do not take into account these fee reductions, and are therefore higher than the actual expenses of the series.
- (22) The fees and expenses in the table above are based on the Fund's expenses during its fiscal year ended August 31, 2003. Expenses may vary in future years. Other Expenses include transfer agent fees, custodial fees, and accounting and legal expenses that the Fund pays. The Other Expenses in the table are based on, among other things, the fees the Fund would have paid if the transfer agent had not waived a portion of its fee under a voluntary undertaking to the Fund to limit these fees to 0.35% of average daily net assets per fiscal year. That undertaking may be amended or withdrawn at any time. After the waiver, the actual Other Expenses and Total Fund Annual Operating Expenses as percentages of average daily net assets were 0.55% and 1.76% for Class A shares.

Hypothetical Examples

The following Examples are intended to help you compare the cost of investing in the contract with the cost of investing in other variable annuity contracts. These costs include contract holder transaction expenses, the maximum separate account annual expenses applicable to the particular fund, and fund fees and expenses.

Example 1: The following Examples assume that you invest \$10,000 in the contract for the time periods indicated. The Examples also assume that your investment has a 5% return each year and assume the **maximum** fees and expenses of any of the funds as listed in the "Total Annual Fund Operating Expenses" column in the Fund Expense Table above. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

(A) If you withdraw your entire account value at the end of the applicable time period*:

(B) If you do not withdraw your entire account value or if you select an income phase payment option at the end of the applicable time period**:

<u> 1 Year</u>	3 Years	<u> 5 Years</u>	<u> 10 Years</u>	<u> 1 Year</u>	3 Years	<u> 5 Years</u>	<u> 10 Years</u>
\$891	\$1,687	\$2,502	\$4,062	\$385	\$1,169	\$1,972	\$4,062

Example 2: The following Examples assume that you invest \$10,000 in the contract for the time periods indicated. The Examples also assume that your investment has a 5% return each year and assume the **minimum** fees and expenses of any of the funds as listed in the "Total Annual Fund Operating Expenses" column in the Fund Expense Table above. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

(A) If you withdraw your entire account value at the end of the applicable time period*:

(B) If you do not withdraw your entire account value or if you select an income phase payment option at the end of the applicable time period**:

<u> 1 Year</u>	<u> 3 Years</u>	<u> 5 Years</u>	<u> 10 Years</u>	<u> 1 Year</u>	3 Years	<u> 5 Years</u>	<u> 10 Years</u>
\$679	\$1,055	\$1,457	\$1,889	\$162	\$502	\$866	\$1,889

- * This example reflects deduction of an early withdrawal charge calculated using the schedule applicable to Installment Purchase Payment Contracts. The Installment Purchase Payment Contracts schedule is listed in "Fees." Under that schedule, if only one \$10,000 payment was made as described above, fewer than 5 purchase payment periods would have been completed at the end of years 1, 3 and 5, and the 5% charge would apply. At the end of the tenth account year the early withdrawal charge is waived regardless of the number of purchase payment periods completed, and no early withdrawal charge would apply.
- ** This example does not apply if during the income phase a nonlifetime payment option with variable payments is selected and a lump-sum withdrawal is requested within 3 years after payments start. In this case, the lump-sum payment is treated as a withdrawal during the accumulation phase and may be subject to an early withdrawal charge as shown in Example A.

CONDENSED FINANCIAL INFORMATION

Understanding Condensed Financial Information. In Appendix V, we provide condensed financial information about the Variable Annuity Account C (the separate account) subaccounts available under the contracts. The tables show the value of the subaccounts over the past 10 years. For subaccounts that were not available 10 years ago, we give a history from the date of first availability.

INVESTMENT OPTIONS

The contract offers variable investment options and fixed interest options. When we establish your account(s), you instruct us to direct account dollars to any of the available options.

Variable Investment Options. These options are called subaccounts. The subaccounts are within Variable Annuity Account C (the separate account), a separate account of the Company. Each subaccount invests in a specific mutual fund. Earnings on amounts invested in a subaccount will vary depending upon the performance and fees of its underlying fund. You do not invest directly in or hold shares of the funds.

▶ Fund Descriptions. We provide brief descriptions of the funds in Appendix IV. Please refer to the fund prospectuses for additional information. Fund prospectuses may be obtained, free of charge, from the Opportunity Plus Service Center at the address and telephone number listed under "Contract Overview – Questions: Contacting the Company," by accessing the SEC's web site or by contacting the SEC Public Reference Room.

Fixed Interest Options. For descriptions of the fixed interest options, see Appendix I and II and the Guaranteed Accumulation Account prospectus.

ING GET U.S. Core Portfolio. An ING GET U.S. Core Portfolio ("ING GET Fund") series may be available during the accumulation phase of the contract. We make a guarantee, as described below, when you allocate money into an ING GET Fund series. Each ING GET Fund series has an offering period of three months which precedes the guarantee period. The ING GET Fund investment option may not be available under your contract, under your plan, or in your state.

Various series of the ING GET Fund may be offered from time to time and additional charges will apply if you elect to invest in one of these series. Please see Appendix III for a projected schedule of ING GET Fund Series Offerings. The Company makes a guarantee when you direct money into an ING GET Fund series. We guarantee that the value of an accumulation unit of the ING GET Fund subaccount for that series under the Contract on the maturity date will not be less than its value as determined after the close of business on the last day of the offering period for that ING GET Fund series. If the value on the maturity date is lower than it was on the last day of the offering period, we will add funds to the ING GET Fund subaccount for that series to make up the difference. This means that if you remain invested in the ING GET Fund series until the maturity date, at the maturity date, you will receive no less than the value of your separate account investment directed to the ING GET Fund series as of the last day of the offering period, less charges not reflected in the accumulation unit value such as the maintenance fee and less any amounts you transfer or withdraw from the ING GET Fund subaccount for that series. The value of dividends and distributions made by the ING GET Fund series throughout the guarantee period is taken into account in determining whether, for purposes of the guarantee, the value of your ING GET Fund investment on the maturity date is no less than its value as of the last day of the offering period. If you withdraw or transfer funds from an ING GET Fund series prior to the maturity date, we will process the transactions at the actual unit value next determined after we receive your request. The ING GET Fund subaccount is not available for dollar cost averaging, automatic rebalancing, or for income phase payments.

If no ING GET Fund is then available under your contract or plan, we will transfer your ING GET Fund series amounts to a balanced fund advised by ING Investments, LLC (or another adviser affiliated with the Company) available under the contract that has the best 5-year standardized performance. If there are no such balanced funds available under the contract, we will transfer your ING GET Fund series amounts to a core U.S. equity fund advised by ING Investments, LLC (or another adviser affiliated with the Company) available under the contract that has the best 5-year standardized performance. All amounts not transferred to a new ING GET Fund series, as outlined above, will be subject to market risk including the possible loss of principal.

Please see the ING GET U.S. Core Portfolio prospectus for a complete description of the ING GET Fund investment option, including charges and expenses.

Selecting Investment Options

- Choose options appropriate for you. Your local representative can help you evaluate which investment options may be appropriate for your financial goals.
- Understand the risks associated with the options you choose. Some subaccounts invest in funds that are considered riskier than others. Funds with additional risks are expected to have a value that rises and falls more rapidly and to a greater degree than other funds. For example, funds investing in foreign or international securities are subject to additional risks not associated with domestic investments, and their performance may vary accordingly. Also, funds using derivatives in their investment strategy may be subject to additional risks.
- **Be informed.** Read this prospectus, the fund prospectus, fixed interest option appendices and the Guaranteed Accumulation Account prospectus.

Limits on Option Availability. We may add, withdraw or substitute funds, subject to the conditions in the contract and compliance with regulatory requirements. In the case of a substitution, the new fund may have different fees and charges than the fund it replaced.

Limits on Number of Options Selected. No more than 18 investment options may be selected for your account at any one time during the accumulation phase. If you have an outstanding loan, you may currently make a total of 18 cumulative selections over the life of your account. Each subaccount, the Fixed Account and each classification of the Guaranteed Accumulation Account counts as one option. If you have a loan on the account, each option counts toward the limit, even after the full value is transferred to other options.

Limits Imposed by the Underlying Fund. Orders for the purchase of fund shares may be subject to acceptance by the fund. We reserve the right to reject, without prior notice, any allocation of purchase payments to a subaccount if the subaccount's investment in the corresponding fund is not accepted by the fund for any reason.

Additional Risks of Investing in the Funds.

Insurance-Dedicated Funds (Mixed and Shared Funding)

"Mixed funding" occurs when shares of a fund, which the subaccounts buy for variable annuity contracts, are bought for variable life insurance contracts issued by us or other insurance companies.

"Shared funding" occurs when shares of a fund, which the subaccounts buy for variable annuity contracts, are also bought by other insurance companies for their variable annuity contracts.

- Mixed-bought for annuities and life insurance.
- Shared-bought by more than one company.

Public Funds. The following funds, which the subaccounts buy for variable annuity contracts, are also available to the general public:

- ➤ American Century® Income & Growth Fund (Advisor Class)
- Oppenheimer Developing Markets Fund (Class A)
- > Pax World Balanced Fund, Inc.
- > Evergreen Special Values Fund (Class A)

See "Taxation—Use of Public Funds in a Section 403(b) Contract" for a discussion of investing in one of the public funds under a 403(b) annuity contract.

Possible Conflicts of Interest. With respect to the insurance-dedicated funds and the public funds, it is possible that a conflict of interest may arise due to mixed and shared funding, a change in law affecting the operations of variable annuity separate accounts, differences in the voting instructions of the contract holder and others maintaining a voting interest in the funds, or some other reason. Such a conflict could adversely impact the value of a fund. For example, if a conflict of interest occurred and one of the subaccounts withdrew its investment in a fund, the fund may be forced to sell its securities at disadvantageous prices, causing its share value to decrease. Each insurance-dedicated fund's board of directors or trustees will monitor events in order to identify any material irreconcilable conflicts which may arise and to determine what action, if any, should be taken to address such conflicts. With respect to both the public funds and the insurance-dedicated funds, in the event of a conflict, the Company will take any steps necessary to protect contract holders and annuitants maintaining a voting interest in the funds, including the withdrawal of Variable Annuity Account C from participation in the funds which are involved in the conflict.

TRANSFERS

Transfers Among Investment Options. During the accumulation phase and the income phase, you may transfer among investment options. During the income phase you may make up to twelve transfers per calendar year among available investment options. You may make a request in writing, by telephone or electronically. Transfers must be made in accordance with the terms of the contract and your plan. Transfers to an ING GET Fund series may only be made during the offering period for that ING GET Fund series. Transfers from fixed interest options are restricted as outlined in Appendices I and II.

Value of Transferred Dollars. The value of amounts transferred into or out of the subaccounts will be based on the subaccount unit values next determined after we receive your request in good order at the Opportunity Plus Service Center, or if you are participating in the Dollar Cost Averaging Program, after your scheduled transfer. (See "Contract Overview – Questions.")

Telephone and Electronic Transfers: Security Measures. To prevent fraudulent use of telephone and electronic transactions (including, but not limited to, internet transactions), we have established security procedures. These include recording calls on our toll-free telephone lines and requiring use of a personal identification number (PIN) to execute transactions. You are responsible for keeping your PIN and account information confidential. If we fail to follow reasonable security procedures, we may be liable for losses due to unauthorized or fraudulent telephone or other electronic transactions. We are not liable for losses resulting from telephone or electronic instructions we believe to be genuine. If a loss occurs when we rely on such instructions, you will bear the loss.

Limits on Frequent or Disruptive Transfers. The contracts are not designed to serve as vehicles for frequent transfers. Frequent transfer activity can adversely affect fund performance, disrupt fund management strategies and increase fund expenses through:

- Increased trading and transaction costs;
- Forced and unplanned portfolio turnover;
- Lost opportunity costs; and
- Large asset swings that decrease the fund's ability to provide maximum investment return to all contract owners and participants.

Accordingly, individuals or organizations that use market-timing investment strategies or make frequent transfers should not purchase or participate in the contracts.

We monitor transfer activity and reserve the right to take any necessary action if an individual's or organization's transfer activity:

- Exceeds our then-current monitoring standard for excessive trading;
- Is identified as problematic by an underlying fund;
- Is determined, in our sole discretion, to be not in the best interests of other contract owners or participants; or
- Is determined, in our sole discretion, to be disruptive due to the excessive dollar amounts involved.

Such actions may include, but are not limited to, the suspension of transfer privileges via facsimile, telephone, email and internet, and the limiting of transfer privileges to submission by mail. We will notify you in writing if we take any of these actions.

Our current definition of excessive trading is more than one purchase and sale of the same underlying fund within a 30-day period. We do not count transfers associated with scheduled dollar cost averaging or automatic rebalancing programs and transfers involving certain de minimis amounts when determining whether trading activity is excessive. We reserve the right to modify our general standard, or the standard as it may apply to a particular fund, in our sole discretion and without notice, based upon, among other factors, the best interest of contract holders, participants and fund investors, fund management considerations and state or federal regulatory developments.

We also reserve the right to restrict, in our sole discretion and without prior notice, transfers initiated by a markettiming organization or individual or other party authorized to give transfer instructions on behalf of multiple contract owners or participants. Such restrictions may include:

- Not accepting transfer instructions from an agent acting on behalf of more than one contract owner or participant; and
- Not accepting preauthorized transfer forms from market timers or other entities acting on behalf of more than one contract owner or participant at a time.

The Company does not allow waivers to our excessive trading policy. Our excessive trading policy may not be completely successful in preventing market timing or excessive trading activity.

Limits Imposed by the Funds. Orders for the purchase of fund shares may be subject to acceptance or rejection by the underlying fund. We reserve the right to reject, without prior notice, any allocation of a premium payment to a sub-account if the sub-account's investment in its corresponding fund is not accepted by the fund for any reason.

The Dollar Cost Averaging Program. The contracts allow you to participate in our Dollar Cost Averaging Program. There is no additional charge for this program. Dollar cost averaging is a system for investing that buys fixed dollar amounts of an investment at regular intervals, regardless of price. Our program transfers, at regular intervals, a fixed dollar amount from the ING VP Money Market Portfolio to the Fixed Account, Guaranteed Accumulation Account, or one or more subaccounts that you select. Allocations to the Fixed Account may limit your ability to execute subsequent transfers out of this fixed option. Amounts transferred to or from the Fixed Account and subsequently withdrawn from the contract during the accumulation phase may be subject to early withdrawal charge. (See "Fees".) Amounts transferred from the Guaranteed Accumulation Account before the end of a guaranteed term may be subject to a market value adjustment. (See Appendix I and the Guaranteed Accumulation Account prospectus.) Dollar cost averaging is not permitted into the ING VP Natural Resources Trust and ING GET Fund subaccounts. Dollar cost averaging neither ensures a profit nor guarantees against loss in a declining market. You should consider your financial ability to continue purchases through periods of low price levels. For additional information about this program, contact your local representative or call the Company at the number listed in "Contract Overview–Questions." This program is not available to the participants in the Asset Rebalancing Program.

The Asset Rebalancing Program. This program allows you to have your account value automatically reallocated to specified percentages on a scheduled basis. If elected, only account values invested in the variable investment options (excluding the ING GET Fund subaccount) are eligible to be rebalanced. Account values invested in the Guaranteed Account and the Fixed Account are not eligible to be rebalanced. To elect to participate in Asset Rebalancing, you should contact the Opportunity Plus Service Center. This program is not available to participants in the Dollar Cost Averaging program.

CONTRACT PURCHASE OR PARTICIPATION

Contracts Available for Purchase. The contracts available for purchase are deferred annuity contracts that the Company offers in connection with supplemental retirement programs under Tax Code Section 403(b). The plans are established by school boards and public universities in the state of New York, for participants who are members and agency fee payers of the New York State United Teachers Trust (NYSUT) and United University Professions (UUP).

There are two group deferred variable annuity contracts:

- (1) Single purchase payment contracts issued for lump-sum transfers to us of amounts accumulated under a preexisting plan; and
- (2) Installment purchase payment contracts established to accept continuing periodic payments.

We reserve the right to set a minimum purchase payment on single purchase payment contracts. Lump-sum transfers below this minimum will be applied to an installment purchase payment contract.

Use of an Annuity Contract in your Plan. Under the federal tax laws, earnings on amounts held in annuity contracts are generally not taxed until they are withdrawn. However, in the case of a qualified retirement account (such as a 403(b) retirement plan), an annuity contract is not necessary to obtain this favorable tax treatment and does not provide any tax benefits beyond the deferral already available to the tax qualified account itself. Annuities do provide other features and benefits (such as the option of lifetime income phase options at established rates) which may be valuable to you. You should discuss your alternatives with your local representative taking into account the additional fees and expenses you may incur in an annuity.

Purchasing the Contract. The contract holder completes the required forms and the local representative submits them to the Company. We approve the forms and issue a contract to the contract holder.

Participating in the Contract. To participate in the contract, your local representative will assist you in completing an enrollment form and submit it to the Opportunity Plus Service Center. (See "Contract Overview – Questions.") If your enrollment is accepted, we establish one or more accounts for you under the contract(s). We may establish an employee account for contributions from your salary or rollover amount and an employer account for employer contributions. Your account includes amounts held under both the installment purchase payment contract and the single purchase payment contract.

Acceptance or Rejection of Application or Enrollment Forms. We must accept or reject an application or your enrollment materials within two business days of receipt. If the forms are incomplete, we may hold any forms and accompanying payments for five days, unless you consent to our holding them longer. Under limited circumstances, we may also agree, for a particular plan, to hold payments for longer periods with the permission of the contract holder. If we agree to this, we will deposit the payments in the ING VP Money Market Portfolio subaccount until the forms are completed (for a maximum of 105 days). If we reject the application or enrollment forms, we will return the forms and any payments.

Allocating Purchase Payments to the Investment Options. You direct us to allocate initial purchase payments to the investment options available under the plan. Generally you will specify this information on your enrollment materials. After your enrollment, changes to allocations for future purchase payments or transfer of existing balances among investment options may be requested in writing and by telephone or electronically.

Allocations must be in whole percentages and there may be limitations on the number of investment options that can be selected at any one time. (See "Investment Options" and "Transfers.")

Factors to Consider in the Purchase Decision. The decision to purchase or participate in the contract should be discussed with your local representative, making sure that you understand the investment options it provides, its other features, the risks and potential benefits you will face, and the fees and expenses you will incur. You should pay attention to the following issues, among others:

- (1) Long-Term Investment This contract is a long-term investment, and is typically most useful as part of a personal supplemental retirement program. Early withdrawals may be restricted by the Tax Code or your plan or may expose you to early withdrawal charges or tax penalties. The value of deferred taxation on earnings grows with the amount of time funds are left in the contract. You should not participate in this contract if you are looking for a short-term investment or expect to need to make withdrawals before you are 59½.
- (2) Investment Risk The value of investment options available under this contract may fluctuate with the markets and interest rates. You should not participate in this contract in order to invest in these options if you cannot risk getting back less money than you put in.
- (3) Features and Fees The fees for this contract reflect costs associated with the features and benefits it provides. As you consider this contract, you should determine the value that these various benefits and features have for you, given your particular circumstances, and consider the charges for those features.
- (4) Exchanges If this contract will be a replacement for another annuity contract or mutual fund option under the plan, you should compare the two options carefully, compare the costs associated with each, and identify additional benefits available under this contract. If you are exchanging from another annuity contract, New York state law requires completion of Replacement Forms, which will assist you in this comparison. You should consider whether these additional benefits justify incurring a new schedule of early withdrawal charges or any increased charges that might apply under this contract. Also, be sure to talk to your local representative or tax adviser to make sure that the exchange will be handled so that it is tax-free.

CONTRACT OWNERSHIP AND RIGHTS

Who Owns the Contract? The contract holder. The contract holder is the school district or state operated State University of New York campus to which we have issued the master contract.

Who Owns Money Accumulated Under the Contract? We establish one or more accounts for you under the contracts. Generally, we establish an employee account to receive salary reduction and rollover amounts and an employer account to receive employer contributions. You have the right to the value of your employee account and any employer account.

What Rights Do I Have Under the Contract? You hold all rights under the contract and may make all elections for your accounts.

RIGHT TO CANCEL

When and How to Cancel. You or the contract holder may cancel your purchase within ten days after receiving the contract (or other document evidencing your interest) by returning it to the Opportunity Plus Service Center or the local representative along with a written notice of cancellation.

Refunds. We will produce a refund to you or the contract holder not later than seven days after we receive the contract or other document evidencing your interest and the written notice of cancellation at the Opportunity Plus Service Center. The refund will equal the dollars contributed to the contract plus any earnings or less any losses attributable to the purchase payments allocated to the variable investment options. Any mortality and expense risk charges and administrative expense charges (if any) deducted during the period you held the contract will not be returned. We will not deduct an early withdrawal charge, nor apply a market value adjustment to any amounts you contributed to the Guaranteed Accumulation Account.

FEES

The following repeats and adds to information provided in the "Fee Table" section. Please review both this section and the Fee Table for information on fees.

Transaction Fees

Early Withdrawal Charge

Under installment purchase payment contracts, withdrawals of all or a portion of your account value may be subject to a charge. In the case of a partial withdrawal where you request a specified dollar amount, the amount withdrawn from your account will be the amount you specified plus adjustment for any applicable early withdrawal charge. There is no early withdrawal charge for single purchase payment contracts.

Amount. The charge is a percentage of the amount withdrawn. The percentage will be determined by the early withdrawal charge schedule that applies to your account. The charge will never be more than 9.0% of total payments to your account.

Purpose. This is a deferred sales charge. The charge reimburses us for some of the sales and administrative expenses associated with the contract. If our expenses are greater than the amount we collect for the early withdrawal charge, we may use any of our corporate assets, including potential profit that may arise from the mortality and expense risk charge, to make up any difference.

Certain post-March 31, 1995 investments.

The early withdrawal charge does not apply to:

- Amounts withdrawn from the portion of the account value invested in the variable investment options and/or the Guaranteed Accumulation Account attributable to payments made on or after April 1, 1995. This waiver does not apply to:
 - Amounts deposited in the Fixed Account;
 - Amounts deposited in a subaccount or the Guaranteed Accumulation Account but then transferred to the Fixed Account: or
 - Amounts that came from the Fixed Account but were then transferred to a subaccount or the Guaranteed Accumulation Account
- For any withdrawal, the account value of the payments made on or after April 1, 1995 will be withdrawn first, then the remaining value will be used to satisfy the disbursement request.

Types of Fees

There are four types of fees your account may incur:

- > Transaction Fees
 - Early Withdrawal Charge
- Fees Deducted from Investments in the Subaccounts
 - Mortality and Expense Risk Charge
 - Administrative Expense Charge
- **▶** Fund Expenses
- > ING GET Fund Guarantee Charge

Terms to Understand in the Schedules

- Account Year—a 12-month period measured from the date we establish your account, or measured from any anniversary of that date.
- **Purchase Payment Period** (for installment purchase payment contracts)—the period of time it takes to complete the number of installment payments expected to be made to your account over a year. For example, if your payment frequency is monthly, a payment period is completed after 12 payments are made. If only 11 payments are made, the payment period is not completed until the twelfth payment is made. At any given time, the number of payment periods completed can not exceed the number of account years completed, regardless of the number of payments made.

Early Withdrawal Charge Schedules:

Withdrawals from Variable Investment Options and Fixed Account					
Purchase Payment Periods Completed	Early Withdrawal Charge				
Fewer than 5	5%				
5 or more but fewer than 7	4%				
7 or more but fewer than 9	3%				
9 or 10	2%				
More than 10	0%				

Early Withdrawal Charge Schedule For the Guaranteed Accumulation Account For Certain New York Contracts

The following schedule applies to withdrawals from the Guaranteed Accumulation Account under installment purchase payment master contracts issued after July 29, 1993 in the State of New York. This schedule is based on the number of completed account years. For all other contracts, the applicable Early Withdrawal Charge Schedule for withdrawals from the Guaranteed Accumulation Account under installment purchase payment contracts is the same schedule that applies to withdrawals from the Variable Investment Options and the Fixed Account.

Withdrawals from the Guaranteed Accumulation Account for Certain Installment Purchase Payment Contracts					
Account Years Completed	Early Withdrawal Charge				
Fewer than 3	5%				
3 or more but fewer than 4	4%				
4 or more but fewer than 5	3%				
5 or more but fewer than 6	2%				
6 or more but fewer than 7	1%				
7 or more	0%				

Waiver. The early withdrawal charge is waived for portions of a withdrawal where one or more of the following apply:

- Used to provide payments to you during the income phase;
- Paid because of your death before income phase payments begin;
- Paid where your account value is \$2,500 or less and no part of the account has been taken as a withdrawal or a loan or used to provide income phase payments within the prior 12 months;
- > Taken because of the election of a systematic distribution option (See "Systematic Distribution Options");
- Taken when you are 59 ½ or older, have an installment purchase payment account and have completed at least nine purchase payment periods;
- Withdrawn due to disability as specified in the Tax Code;
- Taken on or after the tenth anniversary of the effective date of the account;
- > Due to a financial hardship as defined in the Tax Code;
- Withdrawn due to your separation from service with your current employer, while meeting the age and service requirements to receive benefits under the New York State Teachers' or Employee's Retirement Systems (even if you are not a member of either system);

Waivers of Early Withdrawal Charge. Although the Tax Code permits distributions upon a participant's severance from employment, the contracts do not provide for a waiver of early withdrawal charges unless the severance from employment would have otherwise qualified as a separation from service prior to the Economic Growth and Tax Relief Reconciliation Act of 2001 and you meet the other requirements set forth in the contract.

Free Withdrawals. If you are between the ages of 59½ and 70½, you may withdraw up to 10% of your account value during each calendar year without being charged a withdrawal fee. The free withdrawal only applies to the first partial withdrawal you make in each calendar year. The 10% amount will be based on your account value calculated on the valuation date next following our receipt of your request for withdrawal. Outstanding contract loans are excluded from the account value when calculating the 10% free withdrawal amount.

The free withdrawal will not apply:

- To a full withdrawal of your account; or
- To partial withdrawals due to a default on a contract loan.

Fees Deducted From Investments in the Subaccounts

Mortality and Expense Risk Charge

Amount. During the accumulation phase 1.00% annually of your account value invested in the subaccounts, except the ING VP Money Market Portfolio subaccount which is 0.35% annually. See "The Income Phase – Charges Deducted" for fees deducted during the income phase.

When/How. We deduct this fee daily from the subaccounts corresponding to the funds you select. We do not deduct this from any fixed interest option.

Purpose. The fee compensates us for the mortality and expense risks we assume under the contracts.

- The mortality risks are those risks associated with our promise to make lifetime payments based on annuity rates specified in the contracts and our funding of the death benefit and other payments we make to owners or beneficiaries of the accounts.
- The expense risk is the risk that the actual expenses we incur under the contracts will exceed the maximum costs that we can charge.

If the amount we deduct for this fee is not enough to cover our mortality costs and expenses under the contracts, we will bear the loss. We may use any excess to recover distribution costs relating to the contract and as a source of profit. We expect to make a profit from this fee.

Administrative Expense Charge

Maximum Amount. 0.25%. We currently do not impose this fee. We reserve the right, however, to charge up to 0.25% on an annual basis from your account value invested in the funds.

When/How. If imposed, we will deduct this fee daily from your account value held in the subaccounts corresponding to the funds you select. This fee may be assessed during the accumulation phase and/or the income phase. If we are imposing this fee under the contract when you enter the income phase, the fee will apply to you during the entire income phase.

Purpose. This fee helps defray our administrative expenses that cannot be covered by the mortality and expense risk charge described above. The fee is not intended to exceed the average expected cost of administering the contracts. We do not expect to make a profit from this fee.

Fund Expenses

Amount. Each fund determines its own advisory fee, service fees or 12b-1 fees (if applicable) and other expenses. Service fees and 12b-1 fees are generally deducted from fund assets in order to pay for the servicing or distribution of fund shares. If a fund has such fees, some or all of such fees may be remitted to the Company as compensation for distribution or shareholder services performed by the Company with respect to the use of the funds as investment options under the contracts. The Fund Expense Table in this prospectus identifies which funds have service fees or 12b-1 fees. In addition to any service fees or 12b-1 fees that the Company may receive from a fund or its affiliate, the Company also receives compensation from certain funds or their affiliates for administrative, recordkeeping or other services provided by the Company to the fund or the fund affiliates. Such additional payments do not increase, directly or indirectly, the fund's fees and expenses. As of December 31, 2003, the amount of such additional payments ranged up to 0.425% annually for affiliated funds, and 0.25% annually for unaffiliated funds, of the average net assets held in a fund by the Company. For a list of fund fees see "Fee Table." The fees are described in more detail in each fund prospectus.

When/How. Fund fees are not deducted from your account. Fund advisory fees and expenses are reflected in the daily value of the fund shares, which will in turn affect the daily value of each subaccount.

Purpose. These amounts help to pay the funds' investment advisor and operating expenses.

Premium and Other Taxes. Currently, there is no premium tax on annuities under New York regulations. If the state does impose a premium tax, it would be deducted from the amount applied to an income phase payment option. We reserve the right to deduct a charge for state premium tax at any time from the purchase payment(s) or from the account value at any time, but no earlier than when we have a tax liability under state law.

In addition, the Company reserves the right to assess a charge for any federal taxes due against the separate account. (See "Taxation.")

ING GET Fund Guarantee Charge

Various series of ING GET Fund may be offered from time to time, and additional charges may apply if you elect to invest in one of these series. The ING GET Fund guarantee charge is deducted each business day during the guarantee period if you elect to invest in the ING GET Fund. The amount of the ING GET Fund guarantee charge is 0.25% and is deducted from amounts allocated to the ING GET Fund investment option. This charge compensates us for the cost of providing a guarantee of accumulation unit values of the ING GET Fund subaccount. See "Investment Options – ING GET U.S. Core Portfolio."

YOUR ACCOUNT VALUE

During the accumulation phase, your account value at any given time equals:

- > Account dollars directed to the fixed interest options, including interest earnings to date; less
- Deductions, if any, from the fixed interest options (e.g. withdrawals, fees); plus
- > The current dollar value of amounts held in the subaccounts, which takes into account investment performance and fees deducted from the subaccounts.

Subaccount Accumulation Units. When a fund is selected as an investment option, your account dollars invest in "accumulation units" of the Variable Annuity Account C subaccount corresponding to that fund. The subaccount invests directly in the fund shares. The value of your interests in a subaccount is expressed as the number of accumulation units you hold multiplied by an "accumulation unit value," as described below, for each unit.

Accumulation Unit Value (AUV). The value of each accumulation unit in a subaccount is called the accumulation unit value or AUV. The AUV varies daily in relation to the underlying fund's investment performance. The value also reflects deductions for fund fees and expenses, the mortality and expense risk charge, and the administrative charge (if any). We discuss these deductions in more detail in "Fee Table" and "Fees."

Valuation. We determine the AUV every business day after the close of the New York Stock Exchange (normally at 4:00 p.m. Eastern Time). At that time, we calculate the current AUV by multiplying the AUV last calculated by the "net investment factor" of the subaccount. The net investment factor measures the investment performance of the subaccount from one valuation to the next.

Current AUV = Prior AUV x Net Investment Factor

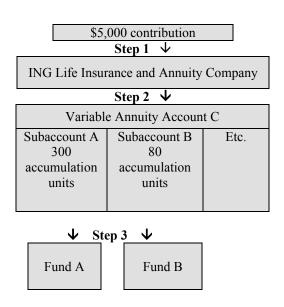

Net Investment Factor. The net investment factor for a subaccount between two consecutive valuations, equals the sum of 1.0000 plus the net investment rate.

Net Investment Rate. The net investment rate is computed according to a formula that is equivalent to the following:

- > The net assets of the fund held by the subaccount as of the current valuation; minus
- > The net assets of the fund held by the subaccount at the preceding valuation; plus or minus
- > Taxes or provisions for taxes, if any, due to subaccount operations (with any federal income tax liability offset by foreign tax credits to the extent allowed); divided by
- ➤ The total value of the subaccount units at the preceding valuation; minus
- A daily deduction for the mortality and expense risk charge, and administrative expense charge, if any, and any other fees, such as guarantee charges for ING GET Fund, deducted from investments in the separate account.

The net investment rate may be either positive or negative.

Hypothetical Illustration. As a hypothetical illustration, assume that an investor contributes \$5,000 to his account and directs us to invest \$3,000 in Fund A and \$2,000 in Fund B. After receiving the contribution and following the next close of business of the New York Stock Exchange (normally at 4:00 p.m. Eastern Time), the applicable AUV's are \$10 for Subaccount A, and \$25 for Subaccount B. The investor's account is credited with 300 accumulation units of Subaccount A and 80 accumulation units of Subaccount B.

Step 1: You make an initial contribution of \$5000.

Step 2:

- A. You direct us to invest \$3,000 in Fund A. The purchase payment purchases 300 accumulation units of Subaccount A (\$3,000 divided by the current \$10 AUV).
- B. You direct us to invest \$2,000 in Fund B. The purchase payment purchases 80 accumulation units of Subaccount B (\$2,000 divided by the current \$25 AUV).

Step 3: The separate account then purchases shares of the applicable funds at the then current market value (net asset value or NAV).

The fund's subsequent investment performance, expenses and charges, and the daily charges deducted from the subaccount, will cause the AUV to move up or down on a daily basis.

Purchase Payments to Your Account. If all or a portion of initial purchase payments are directed to the subaccounts, they will purchase subaccount accumulation units at the AUV next computed after our acceptance of the applicable application or enrollment forms. Any subsequent purchase payments or transfers directed to the subaccounts that we receive by the close of business of the New York Stock Exchange will purchase subaccount accumulation units at the AUV computed after the close of the New York Stock Exchange (normally at 4:00 p.m. Eastern Time) on that day. The value of subaccounts may vary day to day.

WITHDRAWALS

Making a Withdrawal. Subject to the Tax Code withdrawal restrictions described below, you may withdraw all or a portion of your account value at any time during the accumulation phase.

Steps for Making A Withdrawal. You must:

- Select the Withdrawal Amount.
- (1) Full Withdrawal: You will receive, reduced by any required withholding tax, your account value allocated to the subaccounts, the Guaranteed Accumulation Account (plus or minus any applicable market value adjustment) and to the Fixed Account, minus any applicable early withdrawal charge.
- (2) Partial Withdrawal (Percentage or Specified Dollar Amount): You will receive, reduced by any required withholding tax, the amount you specify, subject to the value available in your account. However, the amount actually withdrawn from your account will be the amount you specified plus adjustment for any applicable early withdrawal charge, and any positive or negative market value adjustment for amounts withdrawn from the Guaranteed Accumulation Account.
- > Select Investment Options. If this is not specified, we will withdraw dollars in the same proportion as the values you hold in the various investment options from each investment option in which you have an account value.
- Properly complete a disbursement form and submit it to the Opportunity Plus Service Center.

Calculation of Your Withdrawal. We determine your account value every normal business day after the close of the New York Stock Exchange (normally at 4:00 p.m. Eastern Time). We pay withdrawal amounts based on your account value either:

- (1) as of the next valuation after we receive a request for withdrawal in good order at the Opportunity Plus Service Center, or
- (2) on such later date as specified on the disbursement form.

Delivery of Payment. Payments for withdrawal requests will be made in accordance with SEC requirements. Normally, the payment will be sent not later than seven calendar days following our receipt of the disbursement form in good order at the Opportunity Plus Service Center.

Taxes, Fees and Deductions Amounts withdrawn may be

Amounts withdrawn may be subject to one or more of the following:

- ▶ Early Withdrawal Charge (see "Fees–Early Withdrawal Charge")
- Market Value Adjustment (see Appendix I)

To determine which may apply, refer to the appropriate sections of this prospectus, contact your local representative or call the Company at the number listed in "Contract Overview— Questions."

Withdrawal Restrictions from 403(b) Plans. Section 403(b)(11) of the Tax Code generally prohibits withdrawal under 403(b) contracts prior to your death, disability, attainment of age 59 ½, severance from employment or financial hardship, of the following:

- (1) Salary reduction contributions made after December 31, 1988;
- (2) Earnings on those contributions, and;
- (3) Earnings during such period on amounts held as of December 31, 1988.

Income attributable to salary reduction contributions and credited on or after January 1, 1989, may not be distributed in the case of hardship.

Reinvestment Privilege. The contract allows one-time use of a reinvestment privilege. Within 30 days after a full withdrawal (or such longer period as required by law), if allowed by law and the contract, you may elect to reinvest all or a portion of the proceeds. We must receive reinvested amounts within 60 days of the withdrawal. We will credit the account for the amount reinvested based on the subaccount values next computed following our receipt of your request and the amount to be reinvested. We will credit the amount reinvested proportionally for early withdrawal charges imposed at the time of withdrawal. We will reinvest in the same investment options and proportions in place at the time of withdrawal. If you withdraw amounts from a series of the ING GET Fund and then elect to reinvest them, we will reinvest them in a GET Fund series that is then accepting deposits, if one is available. If one is not available, we will reallocate your GET amounts among other investment options in which you invested, on a pro rata basis. Special rules apply to reinvestments of amounts withdrawn from the Guaranteed Accumulation Account (see Appendix I). Seek competent advice regarding the tax consequences associated with reinvestment.

LOANS

Availability. You may take a loan from your account value during the accumulation phase. Loans are only allowed from amounts allocated to certain subaccounts and fixed interest options. Additional restrictions may apply under the Tax Code or due to our administrative practices.

Requests. If you are eligible to obtain a loan, you may request one by properly completing the loan request form and submitting it to the Opportunity Plus Service Center. Read the terms of the loan agreement before submitting any request.

SYSTEMATIC DISTRIBUTION OPTIONS

Availability of Systematic Distribution Options. These options may be exercised at any time during the accumulation phase of the contract. To exercise one of these options the account value must meet any minimum dollar amount and age criteria applicable to that option. To determine which systematic distribution options are available, check with the contract holder or the Company at the Opportunity Plus Service Center.

The following systematic distribution options may be available:

- ➤ SWO-Systematic Withdrawal Option. SWO is a series of automatic partial withdrawals from your account based on the payment method selected. It is designed for those who want a periodic income while retaining investment flexibility for amounts accumulated under the contract. You may not elect this option if you have an outstanding contract loan.
- ▶ LEO-Life Expectancy Option. This option provides for annual payments for a number of years equal to your life expectancy or the expectancy of you and a designated beneficiary. It is designed to meet the substantially equal periodic payment exception to the 10% premature distribution penalty under Tax Code section 72. (See "Taxation.")
- ▶ **ECO-Estate Conservation Option**. ECO offers the same investment flexibility as SWO, but is designed for those who want to receive only the minimum distribution that the Tax Code requires each year. Under ECO, we calculate the minimum distribution amount required by law at the later of age 70 ½ or retirement and pay you that amount once a year.

Availability of Systematic Distribution Options. The Company may offer additional systematic distribution options or discontinue the availability of one or all of the systematic distribution options at any time, and/or change the terms of future elections.

Terminating a Systematic Distribution Option. Once a systematic distribution option is elected, you may revoke it at any time by submitting a written request to the Opportunity Plus Service Center. Any revocation will apply only to the amount not yet paid. Once an option is revoked for an account, it may not be elected again until the next calendar year, nor may any other systematic distribution option be elected unless the Tax Code permits it.

Charges and Taxation. When you elect a systematic distribution option, your account value remains in the accumulation phase and subject to the charges and deductions described in the "Fees" section. Taking a withdrawal through a systematic distribution option may have tax consequences. If you are concerned about tax implications consult a tax adviser before one of these options is elected.

Features of a Systematic Distribution Option

A systematic distribution option allows the contract holder to elect for you to receive regular payments from your account, without moving into the income phase. By maintaining your account in the accumulation phase, certain rights and flexibility are retained and any accumulation phase fees may apply.

During the Income Phase

This section provides information about the accumulation phase. For death benefit information applicable to the income phase, see "Income Phase."

DEATH BENEFIT

The contract provides a death benefit in the event of your death, which is payable to the beneficiary you name for your account. The designated beneficiary may be changed at any time. Such change will not become effective until written notice of the change is received by the Company.

During the Accumulation Phase

Payment Process

- 1. Following your death, your beneficiary must provide the Company with proof of death acceptable to us and a payment request in good order.
- 2. The payment request should include selection of a benefit payment option.
- 3. Within seven days after we receive proof of death acceptable to us and a payment request in good order at the Opportunity Plus Service Center, we will mail payment, unless otherwise requested.

Until a payment option is selected, account dollars will remain invested as at the time of your death, and no distribution will be made.

If you die during the accumulation phase of your account, the following payment options are available to your beneficiary, if allowed by the Tax Code:

- Lump-sum payment;
- ➤ Payment in accordance with any of the available income phase payment options (see "The Income Phase—Payment Options"); or
- ➤ If the beneficiary is your spouse, payment in accordance with an available systematic distribution option (See "Systematic Distribution Options").

Unless the beneficiary elects otherwise, lump-sum payments will generally be made into an interest bearing account that is backed by our general account. This account can be accessed by the beneficiary through a checkbook feature. The beneficiary may access death benefit proceeds at any time through the checkbook without penalty. Interest credited under this account may be less than under other settlement options.

The beneficiary may also leave the account value invested in the contract, subject to Tax Code limits on the length of time amounts may remain invested.

The Value of the Death Benefit. The death benefit will be based on your account value as calculated on the next valuation following the date on which we receive proof of death and a payment request in good order. Interest on amounts invested in fixed interest options, if any, will be paid from the date of death at a rate no less than required by law. For amounts held in the Guaranteed Accumulation Account, any positive aggregate market value adjustment (the sum of all market value adjustments calculated due to a withdrawal) will be included in your account value. If a negative aggregate market value adjustment applies, it would be deducted only if the death benefit is withdrawn more than six months after your death. We describe the market value adjustment in Appendix I and in the Guaranteed Accumulation Account prospectus.

Tax Code Requirements. The Tax Code requires distribution of death benefit proceeds within a certain period of time. Failure to begin receiving death benefit payments within those time periods can result in tax penalties. Regardless of the method of payment, death benefit proceeds will generally be taxed to the beneficiary in the same manner as if you had received those payments. (See "Taxation" for additional information.)

THE INCOME PHASE

During the income phase you stop contributing dollars to your account and start receiving payments from your accumulated account value.

Initiating Payments. At least 30 days prior to the date you want to start receiving income phase payments, you must notify us in writing of the following:

- > Payment start date;
- Income phase payment option (see the income phase payment options table in this section);
- Payment frequency (i.e., monthly, quarterly, semi-annually or annually);
- Choice of fixed, variable or a combination of both fixed and variable payments; and
- Selection of an assumed net investment rate (only if variable payments are elected).

Your account will continue in the accumulation phase until you properly initiate payments. Once a payment option is selected, it may not be changed; however, certain options allow you to withdraw a lump sum.

What Affects Income Phase Payment Amounts? Some of the factors that may affect the amount of your income phase payment include: your age, your account value, the income phase payment option selected, number of guaranteed payments (if any) selected, and whether fixed, variable or a combination of both fixed and variable payments are selected; and, for variable payments, the assumed net investment rate selected.

Fixed Income Phase Payments. Amounts funding fixed income phase payments will be held in the Company's general account. The amount of fixed payment amounts do not vary over time.

Variable Payments. Amounts funding your variable income phase payments will be held in the subaccount(s) selected. The contracts may restrict the subaccounts available during the income phase. You may make up to twelve transfers per calendar year among available investment options. For variable payments, an assumed net investment rate must be selected.

Assumed Net Investment Rate. If you select variable income phase payments, you must also select an assumed net investment rate of either 5% or 3 ½%. If you select a 5% rate, your first income phase payment will be higher, but subsequent payments will increase only if the investment performance of the subaccounts selected is greater than 5% annually, after deduction of fees. Payment amounts will decline if the investment performance is less than 5%, after deduction of fees.

If you select a 3½% rate, your first income phase payment will be lower and subsequent payments will increase more rapidly or decline more slowly depending upon the investment performance of the subaccounts selected. For more information about selecting an assumed net investment rate, request a copy of the Statement of Additional Information by calling the Opportunity Plus Service Center. (See "Contract Overview—Questions.")

We may have used the following terms in prior prospectuses:

Annuity Phase – Income Phase

Annuity Option – Payment Option

Annuity Payment – Income Phase Payment

Annuitization – Initiating Income Phase Payments

Minimum Payment Amounts. The income phase payment option selected must result in one or both of the following:

- A first income phase payment of at least \$20; or
- Total yearly income phase payments of at least \$100.

If your account value is too low to meet these minimum payment amounts, you must elect a lump-sum payment.

Charges Deducted. When you select an income payment phase option (one of the options listed in the tables on the next page), a mortality and expense risk charge, consisting of a daily deduction of 1.25% on an annual basis, will be deducted from amounts held in the subaccounts. This charge compensates us for mortality and expense risks we assume under variable income phase payout options and is applicable to all variable income phase payout options, including variable nonlifetime options under which we do not assume mortality risk. Although we expect to make a profit from this fee, we do not always do so. We may also deduct a daily administrative charge from amounts held in the subaccounts. (See "Fees.")

Death Benefit During the Income Phase. The death benefits that may be available to a beneficiary are outlined in the payment option table below. If a lump-sum payment is due as a death benefit, we will make payment within seven calendar days after we receive proof of death acceptable to us and the payment request in good order at our Home Office at the following address:

Customer Service Settlements 5906 ING U.S. Financial Services P.O. Box 2883 Hartford, CT 06101-8785

Unless the beneficiary elects otherwise, lump-sum payments will generally be made into an interest bearing account that is backed by our general account. This account can be accessed by the beneficiary through a checkbook feature. The beneficiary may access death benefit proceeds at any time through the checkbook without penalty. Interest credited under this account may be less than under other settlement options.

Taxation. To avoid certain tax penalties, you and any beneficiary must meet the distribution rules imposed by the Tax Code. (See "Taxation.")

Income Phase Payment Options

The following tables list the income phase payment options and accompanying death benefits which may be available under the contracts. Some contracts restrict the options and the terms available. Check with your contract holder for details. We may offer additional income phase payment options under the contract from time to time.

Terms used in the Tables:

Annuitant: The person(s) on whose life expectancy the income phase payments are calculated.

Beneficiary: The person designated to receive the death benefit payable under the contract.

	Lifetime Income Phase Payment Options
	Length of Payments: For as long as the annuitant lives. It is possible that only one payment will be
Life Income	made should the annuitant die prior to the second payment's due date.
	Death Benefit-None: All payments end upon the annuitant's death.
	Length of Payments: For as long as the annuitant lives, with the option of having payments
Life Income –	guaranteed for a choice of 5-30 years or as otherwise specified in the contract.
Guaranteed	Death Benefit-Payment to the Beneficiary: If the annuitant dies before we have made all the
Payments*	guaranteed payments, we will continue to pay the beneficiary the remaining payments. Unless
	prohibited by a prior election of the contractholder, the beneficiary may elect to receive a lump-sum
	payment equal to the present value of the remaining guaranteed payments.
	Length of Payments: For as long as either annuitant lives. It is possible that only one payment will
	be made should both annuitants die before the second payment's due date.
	Continuing Payments:
Life Income –	(a) This option allows a choice of 100%, 66 2/3 % or 50% of the payment to continue to the
Two Lives	surviving annuitant after the first death; or
	(b) 100% of the payment to continue to the annuitant on the second annuitant's death, and 50% of the
	payment to continue to the second annuitant on the annuitant's death.
	Death Benefit–None: Payments end after the deaths of both annuitants.
	Length of Payments: For as long as either annuitant lives, with payments guaranteed for a minimum
	of 60 months and a maximum of 360 months, or as otherwise specified in the contract.
Life Income –	Continuing Payments: 100% of the payment to continue to the surviving annuitant after the first
Two Lives –	death.
Guaranteed	Death Benefit-Payment to the Beneficiary: If both annuitants die before the guaranteed payments
Payments*	have all been paid, we will continue to pay the beneficiary the remaining payments. Unless prohibited
	by a prior election of the contractholder, the beneficiary may elect to receive a lump-sum payment
	equal to the present value of the remaining guaranteed payments.
Life Income –	Length of Payments: For as long as the annuitant lives.
Refund Option –	Death Benefit-Payment to the Beneficiary: Following the annuitant's death, we will pay a lump-
fixed payment	sum payment equal to the amount originally applied to the payment option (less any premium tax)
only	and less the total amount of fixed income payments paid.
Life Income –	Length of Payments: For as long as either annuitant lives.
Two Lives–Cash	Continuing Payment: 100% of the payment to continue after the first death.
Refund Option –	Death Benefit-Payment to the Beneficiary: When both annuitants die, we will pay a lump-sum
fixed payment	payment equal to the amount applied to the income phase payment option (less any premium tax) and
only	less the total amount of fixed income payments paid.

Lifetime Income Phase Payment Options Continued:

	Nonlifetime Income Phase Payment Options				
	Length of Payments: Payments generally may be fixed or variable and may be made for 3-30 years.				
	In certain cases a lump-sum payment may be requested at any time (see below).				
Nonlifetime –	Death Benefit–Payment to the Beneficiary: If the annuitant dies before we make all the guaranteed				
Guaranteed	payments, we will continue to pay the beneficiary the remaining payments. Unless prohibited by a				
Payments*	prior election of the contractholder, the beneficiary may receive a lump-sum payment equal to the				
	present value of the remaining guaranteed payments, and we will not impose any early withdrawal				
	charge.				

Lump-Sum Payment: If the "Nonlifetime—Guaranteed Payments" option is elected with variable payments, you may request at any time that all or a portion of the present value of the remaining payments be paid in one sum. A lump sum elected before three years of payments have been completed will be treated as a withdrawal during the accumulation phase and we will charge any applicable early withdrawal charge. If the early withdrawal charge is based on completed purchase payment periods, each year that passes after income payments begin will be treated as a completed purchase payment period, even if no additional payments are made. (See "Fees—Early Withdrawal Charge.") Lump-sum payments will be sent within seven calendar days after we receive the request for payment in good order at the Opportunity Plus Service Center.

Calculation of Lump-Sum Payments: If a lump-sum payment is available to a beneficiary or to you in the options above, the rate we use to calculate the present value of the remaining guaranteed payments is the same rate we use to calculate the income phase payments (i.e., the actual fixed rate used for fixed payments, or the $3\frac{1}{2}\%$ or 5% assumed net investment rate for variable payments.)

*Guaranteed period payments may not extend beyond the shorter of your life expectancy or until your age 95.

TAXATION

Introduction

This section discusses our understanding of current federal income tax laws affecting the contract. You should keep the following in mind when reading it:

- Your tax position (or the tax position of the designated beneficiary, as applicable) determines federal taxation of amounts held or paid out under the contract.
- Tax laws change. It is possible that a change in the future could affect contracts issued in the past.
- ➤ This section addresses federal income tax rules and does not discuss federal estate and gift tax implications, state and local taxes or any other tax provisions.
- We do not make any guarantee about the tax treatment of the contract or transaction involving the contract.

We do not intend this information to be tax advice. For advice about the effect of federal income taxes or any other taxes on amounts held or paid out under the contract, consult a tax adviser. For more comprehensive information contact the Internal Revenue Service (IRS).

The Contract

The contract is designed for use with Tax Code section 403(b) plans. Contract holders and participants are responsible for determining that contributions, distributions and other transactions satisfy applicable laws. Legal counsel and a tax adviser should be consulted regarding the suitability of the contract. If the contract is purchased in conjunction with a retirement plan, the plan is not a part of the contract and we are not bound by the plan's terms or conditions.

Use of Public Funds in a Section 403(b) Contract

In addition to being offered as an investment option under the contract, shares of certain of the Funds

- > American Century Income & Growth Fund (Advisor Class)
- Oppenheimer Developing Markets Fund (Class A Shares)
- > Pax World Balanced Fund, Inc.
- > Evergreen Special Values Fund (Class A Shares)

are also offered for sale directly to the general public. In order to qualify for favorable tax treatment under Section 403(b), a contract must be considered an "annuity." In Revenue Procedure 99-44, the Internal Revenue Service concluded that it will treat a contract as an "annuity" for tax purposes under Section 403(b), notwithstanding that contract premiums are invested at the contract holder's direction in publicly available securities. This treatment will be available provided no additional federal tax liability would have been incurred if the contribution were paid into a trust or a custodial account in an arrangement that satisfied the requirements of Section 401(a) or 403(b)(7)(A). We believe that the contract satisfies the requirements set forth in Revenue Procedure 99-44 and will therefore be treated as an annuity for tax purposes, notwithstanding the fact that investments may be made in publicly available securities. However, the exact nature of the requirements of Revenue Procedures 99-44 is unclear, and you should consider consulting with a tax adviser before electing to invest in one of the Funds that are offered for sale to the general public.

When consulting a tax adviser, be certain that he or she has expertise in the Tax Code sections applicable to your tax concerns.

Withdrawals and Other Distributions

Certain tax rules apply to distributions from the contract. A distribution is any amount taken from the contract including withdrawals, income phase payments, rollovers, and death benefit proceeds.

We report the taxable portion of all distributions to the IRS.

Taxation of Distributions

All distributions from 403(b) plans are taxed as received unless:

- > The distribution is rolled over to another plan eligible to receive rollovers or to a traditional individual retirement annuity/account (IRA) in accordance with the Tax Code; or
- You made after-tax contributions to the plan. In this case, depending upon the type of distribution, a portion may be excluded from gross income according to rules detailed in the Tax Code.

In general, payments received by your designated beneficiaries after your death are taxed in the same manner as if you had received those payments.

10% Penalty Tax

The Tax Code imposes a 10% penalty tax on the taxable portion of any distribution from a 403(b) plan, unless one or more of the following have occurred:

- You have attained age 59 1/2;
- You have become disabled, as defined in the Tax Code;
- > You have died;
- You have separated from service with the plan sponsor at or after age 55;
- The distribution is rolled over into another eligible plan or to an IRA in accordance with the Tax Code;
- The distribution is due to an IRS levy upon your account; or
- The distribution is made in substantially equal periodic payments (at least annually) over your life or life expectancy or the joint lives or joint life expectancies of you and your designated beneficiary, and you have had a separation from service with the plan sponsor.

In addition, the penalty tax does not apply for the amount of a distribution equal to unreimbursed medical expenses that qualify for deduction as specified in the Tax Code. The Tax Code may impose other penalty taxes in other circumstances.

Withholding for Federal Income Tax Liability

Any taxable distributions under the contract are generally subject to withholding. Federal income tax liability rates vary according to the type of distribution and the recipient's tax status.

Generally, distributions from 403(b) plans are subject to a mandatory 20% federal income tax withholding. However, you or a beneficiary may elect not to have tax withheld from certain distributions. If you or your designated beneficiary is a non-resident alien, then any withholding is governed by Tax Code section 1441 based on the individual's citizenship, the country of domicile and treaty status.

Required Minimum Distributions

To avoid certain tax penalties, you and any designated beneficiary must meet the required minimum distributions imposed by the Tax Code. These rules may dictate one or more of the following:

- > Start date for distributions:
- The time period in which all amounts in your account(s) must be distributed; or
- Distribution amounts.

Start Date. Generally, you must begin receiving distributions by April 1 of the calendar year following the calendar year in which you attain age 70 ½ or retire, whichever occurs later, unless you had amounts under the contract as of December 31, 1986. In this case, distribution of these amounts generally must begin by the end of the calendar year in which you attain age 75 or retire, if later. However, if you take any distributions in excess of the minimum required amount, then special rules require that some or all of the December 31, 1986 balance be distributed earlier.

Time Period. We must pay out distributions from the contract over one of the following time periods:

- > Over your life or the joint lives of you and your designated beneficiary, or
- Over a period not greater than your life expectancy or the joint life expectancies of you and your designated beneficiary.

50% Excise Tax. If you fail to receive the minimum required distribution for any tax year, a 50% excise tax is imposed on the required amount that was not distributed.

Minimum Distribution of Death Benefit Proceeds. Different distribution requirements apply if your death occurs:

- After you begin receiving minimum distributions under the contract, or
- > Before you begin receiving such distributions.

If your death occurs after you begin receiving minimum distributions under the contract, distributions must be made at least as rapidly as under the method in effect at the time of your death. Tax Code section 401(a)(9) provides specific rules for calculating the minimum required distributions at your death.

If your death occurs before you begin receiving minimum distributions under the contract, your entire balance must be distributed by December 31 of the calendar year containing the fifth anniversary of the date of your death. For example: if you die on September 1, 2004, your entire balance must be distributed to the designated beneficiary by December 31, 2009. However, if the distribution begins by December 31 of the calendar year following the calendar year of your death, then payments may be made in either of the following time-frames:

- > Over the life of the designated beneficiary, or
- > Over a period not extending beyond the life expectancy of the designated beneficiary.

Start Dates for Spousal Beneficiaries. If the designated beneficiary is your spouse, the distribution must begin on or before the later of the following:

- December 31 of the calendar year following the calendar year of your death; or
- December 31 of the calendar year in which you would have attained age 70 ½.

Assignment or Transfer of Contracts

Adverse tax consequences to the plan and/or to you may result if your beneficial interest in the contract is assigned or transferred to any person except to an alternate payee under a qualified domestic relations order in accordance with Tax Code section 414(p) or to the Company as collateral for a loan.

Exclusions from Gross Income

Under Tax Code section 403(b), contributions made by public school systems or nonprofit healthcare organizations and other Tax Code section 501(c)(3) tax exempt organizations to purchase annuity contracts for their employees are generally excludable from the gross income of the employee. Contributions to your account(s) will be excluded from your gross income only if the plan meets certain nondiscrimination requirements.

In order to be excludable from gross income for federal income tax purposes, total annual contributions made by you and your employer cannot exceed, generally, the lesser of 100% of your compensation or \$41,000. Compensation means your compensation from the employer sponsoring the plan and, for years beginning after December 31, 1997, includes any elective deferrals under Tax Code section 402(g) and any amounts not includible in gross income under Tax Code sections 125 or 457.

This limit applies to your contributions as well as to any contributions made by your employer on your behalf. An additional limit specifically limits your salary reduction contributions to a 403(b) plan to generally no more than \$13,000 in 2004. This limit is scheduled to increase as follows:

- > \$14,000 in 2005;
- > \$15,000 in 2006.

After 2006, contribution limits will be subject to indexing. Your own limit may be higher or lower, depending on certain conditions.

Catch-up Contributions. Notwithstanding the contribution limit provided for above, for any plan year beginning on or after January 1, 2002, a participant in a 403(b) plan who is at least age 50 by the end of the plan year may contribute an additional amount not to exceed the lesser of:

- (a) The amount provided for in Tax Code Section 414(v)(2)(B) as follows:
 - > \$3,000 in 2004;
 - > \$4,000 in 2005;
 - > \$5,000 in 2006 and thereafter; or
- (b) The participant's compensation for the year reduced by any other elective deferrals of the participant for the year.

An additional catch-up election may be available to certain employees who have completed at least 15 years of service with an eligible employer. For further information on using the contribution catch-up provisions, please consult with your local representative or tax advisor.

Restrictions on Distributions

Tax Code section 403(b)(11) restricts the distribution under 403(b) contracts of:

- > salary reduction contributions made after December 31, 1988;
- > earnings on those contributions; and
- > earnings during such period on amounts held as of December 31, 1988.

Distribution of amounts restricted under Tax Code Section 403(b)(11) may only occur upon your death, attainment of age 59 ½, severance from employment, disability, or financial hardship. Income attributable to salary reduction contributions and credited on or after January 1, 1989 may not be distributed in the case of hardship.

Transfers from 403(b)(7) Custodial Accounts

If pursuant to Revenue Ruling 90-24, the Company agrees to accept under the contracts amounts transferred from a code section 403(b)(7) custodial account, such amounts will be subject to the withdrawal restrictions set forth in code section 403(b)(7)(A)(iii).

Taxation of Gains Prior to Distribution

You will generally not pay taxes on any earnings from the annuity contract described in this prospectus until they are withdrawn. Tax-qualified retirement arrangements under Tax Code section 403(b) also generally defer payment of taxes on earnings until they are withdrawn. (See "Taxation of Distributions" in this "Taxation" section for a discussion of how distributions under 403(b) plans are taxed.) When an annuity contract is used to fund a tax-qualified retirement arrangement, you should know that the annuity contract does not provide any additional tax deferral of earnings beyond the tax deferral provided by the tax-qualified retirement arrangement. However, annuities do provide other features and benefits which may be valuable to you. You should discuss your alternatives with your local representative.

Additionally, although earnings under the contract are generally not taxed until withdrawn, the IRS has stated in published rulings that a variable contract owner, including participants under Tax Code section 403(b) plans, will be considered the owner of separate account assets if the owner possesses incidents of investment control over the assets. In these circumstances, income and gains from the separate account assets would be currently includible in the variable contract owner's gross income.

The Treasury announced that it will issue guidance regarding the extent to which owners could direct their investments among subaccounts without being treated as owners of the underlying assets of the separate account. It is possible that the Treasury's position, when announced, may adversely affect the tax treatment of existing contracts. The Company therefore reserves the right to modify the contract as necessary to attempt to prevent the owner from being considered the federal tax owner of a pro rata share of the assets of the separate account.

Taxation of the Company

We are taxed as a life insurance company under the Tax Code. Variable Annuity Separate Account C is not a separate entity from us. Therefore, it is not taxed separately as a "regulated investment company" but is taxed as part of the Company.

We automatically apply investment income and capital gains attributable to the separate account to increase reserves under the contracts. Because of this, under existing federal tax law we believe that any such income and gains will not be taxed to the extent that such income and gains are applied to increase reserves under the contracts. In addition, any foreign tax credits attributable to the separate account will be first used to reduce any income taxes imposed on the separate account before being used by the Company.

In summary, we do not expect that we will incur any federal income tax liability attributable to the separate account and we do not intend to make any provision for such taxes. However, changes in federal tax laws and/or their interpretation may result in our being taxed on income or gains attributable to the separate account. In this case, we may impose a charge against the separate account (with respect to some or all of the contracts) to set aside provisions to pay such taxes. We may deduct this amount from the separate account, including from your account value invested in the subaccounts.

OTHER TOPICS

The Company

ING Life Insurance and Annuity Company (the Company, we, us, our) issues the contracts described in this prospectus and is responsible for providing each contract's insurance and annuity benefits.

We are a stock life insurance company organized under the insurance laws of the State of Connecticut in 1976 and an indirect wholly-owned subsidiary of ING Groep N.V., a global financial institution active in the fields of insurance, banking and asset management. Through a merger, our operations include the business of Aetna Variable Annuity Life Insurance Company (formerly known as Participating Annuity Life Insurance Company, an Arkansas life insurance company organized in 1954). Prior to May 1, 2002, the Company was known as Aetna Life Insurance and Annuity Company.

We are engaged in the business of issuing life insurance and annuities. Our principal executive offices are located at:

151 Farmington Avenue Hartford Connecticut 06156

Opportunity Plus Service Center

We established the Opportunity Plus Service Center to provide administrative support to you and other participants of the Opportunity Plus Program. This office handles enrollment, billing, transfers, redemptions and inquiries. Send forms and correspondence to:

ING Life Insurance and Annuity Company Opportunity Plus Service Center P.O. Box 13047 Newark, NJ 07188-0047

Telephone Number: 1-800-OPP-INFO (1-800-677-4636)

Variable Annuity Account C

We established Variable Annuity Account C (the separate account) in 1976 as a continuation of the separate account of Aetna Variable Annuity Life Insurance Company established in 1974 under Arkansas law. The separate account was established as a segregated asset account to fund variable annuity contracts. The separate account is registered as a unit investment trust under the Investment Company Act of 1940 (the "40 Act"). It also meets the definition of "separate account" under the federal securities laws.

The separate account is divided into "subaccounts." These subaccounts invest directly in shares of a pre-assigned fund.

Although we hold title to the assets of the separate account, such assets are not chargeable with the liabilities of any other business that we conduct. Income, gains or losses of the separate account are credited to or charged against the assets of the separate account without regard to other income, gains or losses of the Company. All obligations arising under the contracts are obligations of the Company.

Performance Reporting

We may advertise different types of historical performance for the subaccounts including:

- > Standardized average annual total returns; and
- Non-standardized average annual total returns.

We may also advertise certain ratings, rankings or other information related to the Company, the subaccounts or the funds.

Standardized Average Annual Total Returns. We calculate standardized average annual total returns according to a formula prescribed by the SEC. This shows the percentage return applicable to \$1,000 invested in the subaccount over the most recent month end, one, five and 10-year periods. If the investment option was not available for the full period, we give a history from the date money was first received in that option under the separate account or from the date the fund was first available under the separate account. As an alternative to providing the most recent month-end performance, we may provide a phone number, website or both where these returns may be obtained. Standardized average annual total returns reflect the deduction of all recurring charges during each period (e.g., mortality and expense risk charges, administrative expense charges, (if any) ING GET Fund guarantee charges (if any) and any applicable early withdrawal charges).

Non-Standardized Average Annual Total Returns. We calculate non-standardized average annual total returns in a similar manner as that stated above, except we may include returns that do not reflect the deduction of any applicable early withdrawal charge. If we reflected these charges in the calculation, they would decrease the level of performance reflected by the calculation. Non-standardized returns may also include performance from the fund's inception date, if that date is earlier than the one we use for standardized returns.

Voting Rights

Each of the subaccounts holds shares in a fund and each is entitled to vote at regular and special meetings of that fund. Under our current view of applicable law, we will vote the shares for each subaccount as instructed by persons having a voting interest in the subaccount. Under the contracts described in this prospectus, you have a fully vested interest in the value of your account. Therefore, under the plan you generally have the right to instruct the contract holder how to direct us to vote shares attributable to your account. Currently, for group contracts used with section 403(b) plans, we obtain participant voting instructions directly from participants, subject to receipt of authorization from the contract holder to accept such instructions. We will vote shares for which instructions have not been received in the same proportion as those for which we received instructions. Each person who has a voting interest in the separate account will receive periodic reports relating to the funds in which he or she has an interest, as well as any proxy materials and a form on which to give voting instructions. Voting instructions will be solicited by a written communication at least 14 days before the meeting.

The number of votes (including fractional votes) any person is entitled to direct will be determined as of the record date set by any fund in which that person invests through the subaccounts.

- > During the accumulation phase the number of votes is equal to the portion of the account value invested in the fund, divided by the net asset value of one share of that fund.
- > During the income phase the number of votes is equal to the portion of reserves set aside for the contract's share of the fund, divided by the net asset value of one share of that fund.

Contract Distribution

The Company's subsidiary, ING Financial Advisers, LLC serves as the principal underwriter for the contracts. ING Financial Advisers, LLC, a Delaware limited liability company, is registered as a broker-dealer with the SEC. ING Financial Advisers, LLC is also a member of the National Association of Securities Dealers, Inc. (NASD) and the Securities Investor Protection Corporation. ING Financial Advisers, LLC's principal office is located at 151 Farmington Avenue, Hartford, Connecticut 06156.

The contracts are offered to the public by individuals who are registered representatives of ING Financial Advisers, LLC or other broker dealers which have entered into a selling arrangement with ING Financial Advisers, LLC. We refer to ING Financial Advisers, LLC and the other broker-dealers selling the contracts as "distributors."

All registered representatives selling the contracts must also be licensed as insurance agents for the Company.

Broker-dealers which have or may enter into selling agreements with ING Financial Advisers, LLC include the following broker-dealers which are affiliated with the Company:

Baring Investment Services, Inc.
Compulife Investor Services, Inc.
Directed Services, Inc.
Financial Network Investment Corporation
Granite Investment Services, Inc.
Guaranty Brokerage Services, Inc.

ING America Equities, Inc. ING Barings Corp.

ING Direct Funds Limited

ING DIRECT Securities, Inc.
ING Financial Advisers, LLC
ING Financial Partners, Inc.
ING Funds Distributor, LLC
ING Furman Selz Financial Service LLC
ING TT&S (U.S.) Securities, Inc.
Multi-Financial Securities Corporation

Systematized Benefits Administrators, Inc.

PrimeVest Financial Services, Inc.

Commission Payments. Persons who offer and sell the contracts may be paid a commission. The maximum percentage that may be paid with respect to a given purchase payment is the first-year percentage which ranges from 1% to a maximum of 4% of the first year of payments to an account. Renewal commissions on payments made after the first year and, under group contracts, asset-based service fees may also be paid.

The average of all commissions and asset-based service fees paid is estimated to equal approximately 2.5% of the total payments made over the life of an average contract. Some sales personnel may receive various types of non-cash compensation as special sales incentives, including trips and educational and/or business seminars. Any such compensation will be paid in accordance with NASD rules. Supervisory and other management personnel of the Company may receive additional compensation if the overall amount of investments in the funds advised by the Company or its affiliates increases over time. The total compensation package for sales, supervisory and management personnel of affiliated or related broker-dealers may be positively impacted if the overall amount of investments in the contracts and other products issued or advised by the Company or its affiliates increases over time.

We may pay wholesaling fees to certain distributors that may be calculated as a percentage of the commissions paid to distributors or of purchase payments received under the contracts. Sales management personnel may also receive compensation that may be calculated as a percentage of the commissions paid to distributors or of purchase payments received under the contracts. Distributors may also be reimbursed for certain expenses.

The names of the distributor and the registered representative responsible for your account are stated in your enrollment materials.

Agreement with the Company

NYSUT Benefit Trust is a non-profit tax-exempt trust organized and existing under Internal Revenue Code Section 501(c)(5). This Trust operates for the benefit of its members and agency fee payers of New York State United Teachers.

The Company (our, we) and NYSUT Benefit Trust agree to the following:

- > Sponsorship of the Opportunity Plus program by NYSUT Benefit Trust;
- Our provision, to all members and agency fee payers, of educational programs focused on financial planning for retirement; and
- Our employment of trained professional personnel to conduct these programs exclusively for members and agency fee payers.

Additionally:

- We will pay NYSUT Benefit Trust \$ 413,000 per quarter during 2004. Beginning January 1, 2005, we will pay NYSUT Benefit Trust an annual amount equal to a specified dollar amount for each NYSUT member, based on the current NYSUT membership of approximately 500,000 members. During 2005, the amount will be \$6 per NYSUT member. NYSUT Benefit Trust utilizes these amounts to enhance benefits to the participants in programs it sponsors. These amounts also reimburse NYSUT Benefit Trust for direct out of pocket expenses incurred in the promotion of the Opportunity Plus program and contribute to the cost incurred by NYSUT Benefit Trust for retaining employees who assist in the maintenance of the Opportunity Plus program.
- ➤ We compensate United University Professions \$6,000 per month for the use of on-site campus facilities and the sponsorship of the Opportunity Plus program.

Contract Modification

We may change the contract as required by federal or state law. In addition, we may, upon 30 days' written notice to the contract holder, make other changes to group contracts that would apply only to individuals who become participants under that contract after the effective date of such changes. If the group contract holder does not agree to a change, we reserve the right to refuse to establish new accounts under the contract. Certain changes will require the approval of appropriate state or federal regulatory authorities.

Legal Matters and Proceedings

We are not aware of any pending legal proceedings which involve the separate account as a party.

We are, or may be in the future, a defendant in various legal proceedings in connection with the normal conduct of our insurance operations. Some of these cases may seek class action status and may include a demand for punitive damages as well as for compensatory damages. In the opinion of management, the ultimate resolution of any existing legal proceeding is not likely to have a material adverse effect on our ability to meet our obligations under the contract.

ING Financial Advisers, LLC, the principal underwriter and distributor of the contract (the "distributor"), is a party to threatened or pending lawsuits/arbitration that generally arise from the normal conduct of business. Suits against the distributor sometimes include claims for substantial compensatory, consequential or punitive damages and other types of relief. In a number of pending cases, claims have been made that a former registered representative of the distributor converted client funds to the representatives' personal use. ING Financial Advisers, LLC is not involved in any legal proceeding which, in the opinion of management, is likely to have material adverse effect on its ability to distribute the contract.

Trading-Industry Developments

As with many financial services companies, the Company and affiliates of the Company have received requests for information from various governmental and self-regulatory agencies in connection with investigations related to trading in investment company shares. In each case, full cooperation and responses are being provided. The Company is also reviewing its policies and procedures in this area.

Payment Delay or Suspension

We reserve the right to suspend or postpone the date of any payment of benefits or values under the following circumstances: (a) on any valuation date when the New York Stock Exchange is closed (except customary weekend and holidays) when trading on the New York Stock Exchange is restricted; (b) when an emergency exists as determined by the SEC so that disposal of the securities held in the subaccounts is not reasonably practicable or it is not reasonably practicable to fairly determine the value of the subaccount's assets; (c) during any other periods the SEC may by order permit for the protection of investors. The conditions under which restricted trading or an emergency exists shall be determined by the rules and regulations of the SEC.

Intent to Confirm Quarterly

We will provide confirmation of scheduled transactions quarterly rather than immediately to the participant.

CONTENTS OF THE STATEMENT OF ADDITIONAL INFORMATION

The Statement of Additional Information contains more specific information on the separate account and the contract, as well as the financial statements of the separate account and the Company. A list of the contents of the SAI is set forth below:

General Information and History
Variable Annuity Account C
Offering and Purchase of Contracts
Income Phase Payments
Sales Material and Advertising
Independent Auditors
Financial Statements of the Separate Account
Financial Statements of ING Life Insurance and Annuity Company and Subsidiaries

You may request an SAI by calling the Opportunity Plus Service Center at the number listed in "Contract Overview – Questions."

APPENDIX I GUARANTEED ACCUMULATION ACCOUNT

The Guaranteed Accumulation Account is a fixed interest option that may be available during the accumulation phase under the contracts. This Appendix is only a summary of certain facts about the Guaranteed Accumulation Account. Please read the Guaranteed Accumulation Account prospectus before investing in this option.

General Disclosure. Amounts that you invest in the Guaranteed Accumulation Account will earn a guaranteed interest rate if amounts are left in the Guaranteed Accumulation Account for the specified period of time. If you withdraw or transfer those amounts before the specified period of time has elapsed, we may apply a "market value adjustment," which may be positive or negative.

When you decide to invest money in the Guaranteed Accumulation Account, you will want to contact your local representative or the Company to learn:

- The interest rate we will apply to the amounts that you invest in the Guaranteed Accumulation Account. We change this rate periodically, so be certain you know what rate we guarantee on the day your account dollars are invested into the Guaranteed Accumulation Account.
- The period of time your account dollars need to remain in the Guaranteed Accumulation Account in order to earn that rate. You are required to leave your account dollars in the Guaranteed Accumulation Account for a specified period of time (guaranteed term), in order to earn the guaranteed interest rate.

Deposit Periods. A deposit period is the time during which we offer a specific interest rate if you deposit dollars for a certain guaranteed term. For a particular interest rate and guaranteed term to apply to your account dollars, you must invest them during the deposit period during which that rate and term are offered.

Interest Rates. We guarantee different interest rates, depending upon when account dollars are invested in the Guaranteed Accumulation Account. The interest rate we guarantee is an annual effective yield; that means that the rate reflects a full year's interest. We credit interest daily at a rate that will provide the guaranteed annual effective yield over one year. The guaranteed interest rate will never be less than the rate stated in the contract.

Fees and Other Deductions. If all or a portion of your account value in the Guaranteed Accumulation Account is withdrawn, you may incur the following:

- Market Value Adjustment (MVA)—as described in this appendix and in the Guaranteed Accumulation Account prospectus:
- Tax Penalties and/or Tax withholding-see "Taxation"; or
- > Early Withdrawal Charge—see "Fees".

We do not make deductions from amounts in the Guaranteed Accumulation Account to cover mortality and expense risks. Rather, we consider these risks when determining the credited rate.

Market Value Adjustment (MVA).

If you withdraw or transfer your account value from the Guaranteed Accumulation Account before the guaranteed term is completed, an MVA may apply. The MVA reflects the change in the value of the investment due to changes in interest rates since the date of deposit. The MVA may be positive or negative. If you have elected ECO as described in "Systematic Distribution Options," no MVA applies to amounts withdrawn from the Guaranteed Accumulation Account.

- If interest rates at the time of withdrawal have increased since the date of deposit, the value of the investment decreases and the MVA will be negative. This could result in your receiving less than the amount you paid into the Guaranteed Accumulation Account.
- > If interest rates at the time of withdrawal have decreased since the date of deposit, the value of the investment increases and the MVA will be positive.

Guaranteed Terms. The guaranteed term is the period of time account dollars must be left in the Guaranteed Accumulation Account in order to earn the guaranteed interest rate specified for that guaranteed term. We offer different guaranteed terms at different times. Check with your representative or the Company to learn the details about the guaranteed term(s) currently being offered.

In general we offer the following guaranteed terms:

- ➤ Short-term—three years or fewer; and
- ➤ Long-term—ten years or less, but greater than three years.

At the end of a guaranteed term, you may:

- > Transfer dollars to a new guaranteed term;
- > Transfer dollars to other available investment options; or
- Withdraw dollars.

Deductions may apply to withdrawals. See "Fees and Other Deductions" in this section.

Transfer of Account Dollars. Generally, account dollars invested in the Guaranteed Accumulation Account may be transferred among guaranteed terms offered through the Guaranteed Accumulation Account, and/or to other investment options offered through the contract. However, transfers may not be made during the deposit period in which your account dollars are invested in the Guaranteed Accumulation Account or for 90 days after the close of that deposit period. We will apply an MVA to transfers made before the end of a guaranteed term.

Income Phase. The Guaranteed Accumulation Account can not be used as an investment option during the income phase. However, you may notify us at least 30 days in advance to elect a variable payment option and to transfer your Guaranteed Accumulation Account dollars to any of the subaccounts available during the income phase.

Borrowing Against Amounts held in the Guaranteed Accumulation Account. You cannot take a loan from your account value in the Guaranteed Accumulation Account. However, we include your account value in the Guaranteed Accumulation Account when determining the amount of your account value we will distribute as a loan.

Reinvesting Amounts Withdrawn from the Guaranteed Accumulation Account. If amounts are withdrawn from the Guaranteed Accumulation Account and then reinvested in the Guaranteed Accumulation Account, we will apply the reinvested amount to the current deposit period. This means that the guaranteed annual interest rate, and guaranteed terms available on the date of reinvestment, will apply. Amounts will be reinvested proportionately in the same way as they were allocated before withdrawal.

We will not credit your account for market value adjustments that were deducted at the time of withdrawal or refund any taxes that were withheld, unless required by law.

APPENDIX II FIXED ACCOUNT

The Fixed Account is an investment option available during the accumulation phase under the contracts. Amounts allocated to the Fixed Account are held in the Company's general account which supports insurance and annuity obligations. The Fixed Account is only available under installment purchase payment contracts.

Additional information about this option may be found in the contract.

General Disclosure. Interests in the Fixed Account have not been registered with the SEC in reliance on exemptions under the Securities Act of 1933, as amended. Disclosure in this prospectus about the Fixed Account may be subject to certain generally applicable provisions of the federal securities laws relating to the accuracy and completeness of the statements. Disclosure in this Appendix regarding the Fixed Account has not been reviewed by the SEC.

Interest Rates. The Fixed Account guarantees that amounts allocated to this option will earn the minimum interest rate specified in the contract. We may credit a higher interest rate from time to time, but the rate we credit will never fall below the guaranteed minimum specified in the contract. Among other factors, the safety of the interest rate guarantees are based on the claims-paying ability of the Company. Amounts applied to the Fixed Account will earn the interest rate in effect at the time money is applied. Amounts in the Fixed Account will reflect a compound interest rate as credited by us. The rate we quote is an annual effective yield.

Our determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Under this option, we assume the risk of investment gain or loss by guaranteeing the amounts you allocate to this option and promising a minimum interest rate and income phase payment.

Charges. We do not make deductions from amounts in the Fixed Account to cover mortality and expense risks. We consider these risks when determining the credited rate. If you make a withdrawal from amounts in the Fixed Account, an early withdrawal charge may apply. (See "Fees–Early Withdrawal Charge.")

Transfers. During the accumulation phase, you may transfer account dollars from the Fixed Account to any other available investment option. There is no limit on the number of transfers that you can make out of the Fixed Account in a calendar year. However, we only allow you to transfer amounts which equal your account value in the Fixed Account multiplied by the current maximum percentage of the transfer allowed (the "window") minus any previous transfers you made from this option during the calendar year. We will waive the transfer limit when your account value in the Fixed Account is \$1,000 or less.

Income Phase. By notifying the Opportunity Plus Service Center at least 30 days before income payments begin, you may elect to have amounts transferred to one or more of the subaccounts available during the income phase to provide variable payments.

Contract Loans. Contract loans may be made from account values held in the Fixed Account.

APPENDIX III

PROJECTED SCHEDULE OF ING GET U.S. CORE PORTFOLIO OFFERINGS

	Offering Dates	Guarantee Dates
ING GET U.S. Core Portfolio — Series 6	09/10/04 - 12/09/04	12/10/04 - 12/09/11
ING GET U.S. Core Portfolio — Series 7	12/10/04 - 03/08/05	03/09/05 - 03/08/12
ING GET U.S. Core Portfolio — Series 8	03/09/05 - 06/07/05	06/08/05 - 06/07/12

APPENDIX IV FUND DESCRIPTIONS

The investment results of the mutual funds (funds) are likely to differ significantly and there is no assurance that any of the funds will achieve their respective investment objectives. You should consider the investment objectives, risks and charges, and expenses of the funds carefully before investing. Please refer to the fund prospectuses for additional information. Shares of the funds will rise and fall in value and you could lose money by investing in the funds. Shares of the funds are not bank deposits and are not guaranteed, endorsed or insured by any financial institution, the Federal Deposit Insurance Corporation or any other government agency. Except as noted, all funds are diversified, as defined under the Investment Company Act of 1940. Fund prospectuses may be obtained free of charge from our Home Office at the address and telephone number listed in "Contract Overview – Questions," by accessing the SEC's web site or by contacting the SEC Public Reference Room.

Certain funds offered under the contracts have investment objectives and policies similar to other funds managed by the fund's investment adviser. The investment results of a fund may be higher or lower than those of other funds managed by the same adviser. There is no assurance and no representation is made that the investment results of any fund will be comparable to those of another fund managed by the same investment adviser.

	Investment Adviser/	Investment Objective(s)/Summary of
Fund Name	Subadviser	Principal Investment Strategies
AIM Variable Insurance Funds –	A I M Advisors, Inc.	Seeks growth of capital. Seeks to meet its
AIM V.I. Capital Appreciation		objective by investing principally in common
Fund		stocks of companies the portfolio managers
(Series I shares)		believe are likely to benefit from new or
		innovative products, services or processes as
		well as those that have experienced above-
		average, long-term growth in earnings and have
		excellent prospects for future growth.
AIM Variable Insurance Funds –	A I M Advisors, Inc.	Seeks growth of capital. Seeks to meet its
AIM V.I. Core Equity Fund		objective by investing, normally, at least 80%
(Series I shares)		of net assets in equity securities, including
		convertible securities, of established companies
		that have long-term above-average growth in
		earnings, and growth companies that the
		portfolio managers believe have the potential
		for above-average growth in earnings.
AIM Variable Insurance Funds –	A I M Advisors, Inc.	Seeks growth of capital. Seeks to meet its
AIM V.I. Growth Fund		investment objective by investing principally in
(Series I shares)		seasoned and better capitalized companies
		considered to have strong earnings momentum.

Fund Name	Investment Adviser/ Subadviser	Investment Objective(s)/Summary of Principal Investment Strategies
ING Variable Portfolios, Inc. – ING VP Global Science and Technology Portfolio (formerly ING VP Technology Portfolio) (Class I Shares)	ING Investments, LLC Subadviser: BlackRock Advisors, Inc.	Seeks long-term capital appreciation. Normally invests at least 80% of net assets in equity securities issued by science and technology companies in all market capitalization ranges. Will invest primarily in equity securities of U.S. and non-U.S. companies selected for their rapid and sustainable growth potential from the development, advancement and use of science and/or technology. May invest up to 25% of its net assets in stocks of issuers in emerging market countries.
ING Variable Funds – ING VP Growth and Income Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks to maximize total return through investments in a diversified portfolio of common stocks and securities convertible into common stock. Under normal market conditions, invests at least 65% of total assets in common stocks that the subadviser believes have significant potential for capital appreciation or income growth or both.
ING Variable Portfolios, Inc. – ING VP Growth Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks growth of capital through investment in a diversified portfolio consisting primarily of common stocks and securities convertible into common stocks believed to offer growth potential. Under normal market conditions, invests at least 65% of total assets in common stocks and securities convertible into common stock.
ING Variable Portfolios, Inc. – ING VP Index Plus LargeCap Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks to outperform the total return performance of the Standard & Poor's 500 Composite Stock Price Index (S&P 500 Index), while maintaining a market level of risk. Invests at least 80% of assets in stocks included in the S&P 500 Index. The subadviser's objective is to overweight those stocks in the S&P 500 Index that it believes will outperform the index and underweight or avoid those stocks that it believes will underperform the index.
ING Variable Portfolios, Inc. – ING VP Index Plus MidCap Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks to outperform the total return performance of the Standard & Poor's MidCap 400 Index (S&P MidCap 400 Index), while maintaining a market level of risk. Invests at least 80% of assets in stocks included in the S&P MidCap 400 Index. The subadviser's objective is to overweight those stocks in the S&P MidCap 400 Index that it believes will outperform the index and underweight or avoid those stocks that it believes will underperform the index.

Fund Name	Investment Adviser/ Subadviser	Investment Objective(s)/Summary of Principal Investment Strategies
ING Variable Portfolios, Inc. – ING VP Index Plus SmallCap Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks to outperform the total return performance of the Standard and Poor's SmallCap 600 Index (S&P 600 Index), while maintaining a market level of risk. Invests at least 80% of assets in stocks included in the S&P 600 Index. The subadviser's objective is to overweight those stocks in the S&P 600 Index that it believes will outperform the index and underweight or avoid those stocks that it
ING Variable Portfolios, Inc. – ING VP International Equity Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	believes will underperform the index. Seeks long-term capital growth primarily through investment in a diversified portfolio of common stocks principally traded in countries outside of the United States. The Portfolio will not target any given level of current income. Under normal market conditions, invests at least 80% of assets in equity securities. At least 65% of assets will normally be invested in securities principally traded in three or more countries outside of the U.S. These securities may include common stocks as well as securities convertible into common stock.
ING VP Money Market Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks to provide high current return, consistent with preservation of capital and liquidity, through investment in high-quality money market instruments. Invests in a diversified portfolio of high-quality fixed income securities denominated in U.S. dollars, with short remaining maturities. There is no guarantee that the ING VP Money Market Subaccount will have a positive or level return.
ING VP Natural Resources Trust	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	A nondiversified Portfolio that seeks long-term growth of capital primarily through investment in common stocks of companies that own or develop natural resources and other basic commodities, or supply goods and services to such companies. Capital appreciation will be the primary determinant of total return and income is a secondary consideration. Normally invests at least 80% of assets in companies with substantial natural resource assets or companies that supply goods and services to such companies.

Fund Name	Investment Adviser/ Subadviser	Investment Objective(s)/Summary of Principal Investment Strategies
ING Variable Products Trust – ING VP Real Estate Portfolio (Class I Shares)	ING Investments, LLC Subadviser: ING Clarion Real Estate Securities.	Seeks total return. Under normal market conditions, invests at least 80% of assets in common and preferred stocks of U.S. real estate investment trusts (REITs) and real estate companies. For this Portfolio, real estate companies consist of companies that are principally engaged in the real estate industry. May invest in companies with any market capitalization; however, the subadviser will generally not invest in companies with market capitalization of less than \$100 million at the time of purchase.
ING Variable Portfolios, Inc. – ING VP Small Company Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks growth of capital primarily through investment in a diversified portfolio of common stocks and securities convertible into common stocks of companies with smaller market capitalizations. Under normal market conditions, invests at least 80% of net assets in common stocks and securities convertible into common stock of small-capitalization companies.
ING Strategic Allocation Portfolios, Inc. – ING VP Strategic Allocation Balanced Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks to provide total return (i.e., income and capital appreciation, both realized and unrealized). Managed for investors seeking a balance between income and capital appreciation who generally have an investment horizon exceeding ten years and a moderate level of risk tolerance. Under normal market conditions, allocates assets among several classes of equities, fixed-income securities (including up to 15% of total assets in high-yield instruments) and money market instruments. The benchmark portfolio is 60% equities, 35% fixed income and 5% money market instruments under neutral market conditions.
ING Strategic Allocation Portfolios, Inc. – ING VP Strategic Allocation Growth Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks to provide capital appreciation. Managed for investors seeking capital appreciation who generally have an investment horizon exceeding 15 years and a high level of risk tolerance. Under normal market conditions, allocates assets among several classes of equities, fixed-income securities (including up to 15% of total assets in high-yield instruments) and money market instruments. The benchmark portfolio is 80% equities and 20% fixed income under neutral market conditions.

Fund Name	Investment Adviser/ Subadviser	Investment Objective(s)/Summary of Principal Investment Strategies
ING Strategic Allocation Portfolios, Inc. – ING VP Strategic Allocation Income Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks to provide total return consistent with preservation of capital. Managed for investors primarily seeking total return consistent with capital preservation who generally have an investment horizon exceeding five years and a low level of risk tolerance. Under normal market conditions, allocates assets among several classes of equities, fixed-income securities (including up to 15% of total assets in high-yield instruments) and money market instruments. The benchmark portfolio is 35% equities, 55% fixed income and 10% money market instruments under neutral market conditions.
ING Variable Portfolios, Inc. – ING VP Value Opportunity Portfolio (Class I Shares)	ING Investments, LLC Subadviser: Aeltus Investment Management, Inc.	Seeks growth of capital primarily through investment in a diversified portfolio of common stocks and securities convertible into common stock. Under normal market conditions, invests at least 65% of total assets in common stocks and securities convertible into common stock.
Janus Aspen Series – Balanced Portfolio (Institutional Shares)	Janus Capital	Seeks long-term capital growth, consistent with preservation of capital and balanced by current income. Normally invests 40-60% of its assets in securities selected primarily for their growth potential and 40-60% of its assets in securities selected primarily for their income potential. Will normally invest at least 25% of its assets in fixed-income securities.
Janus Aspen Series – Capital Appreciation Portfolio (Service Shares)	Janus Capital	A nondiversified Portfolio that seeks long-term growth of capital. Invests primarily in common stocks selected for their growth potential. May invest in companies of any size, from larger, well-established companies to smaller, emerging growth companies.
Janus Aspen Series – Growth Portfolio (Institutional Shares)	Janus Capital	Seeks long-term growth of capital in a manner consistent with the preservation of capital. Invests primarily in common stocks selected for their growth potential. Although it can invest in companies of any size, it generally invests in larger, more established companies.
Janus Aspen Series – Mid Cap Growth Portfolio (Institutional Shares)	Janus Capital	Seeks long-term growth of capital. Invests, under normal circumstances, at least 80% of its net assets in equity securities of mid-sized companies whose market capitalization falls, at the time of purchase, in the 12-month average of the capitalization ranges of the Russell MidCap Growth Index.

Fund Name	Investment Adviser/ Subadviser	Investment Objective(s)/Summary of Principal Investment Strategies
Janus Aspen Series – Worldwide Growth Portfolio (Institutional Shares)	Janus Capital	Seeks long-term growth of capital in a manner consistent with the preservation of capital. Invests primarily in common stocks of companies of any size located throughout the world. Normally invests in issuers from at least five different countries, including the United States. May at times invest in fewer than five countries or even in a single country.
Lord Abbett Series Fund, Inc. – Mid-Cap Value Portfolio (Class VC Shares)	Lord, Abbett & Co. LLC	Seeks capital appreciation through investments, primarily in equity securities, which are believed to be undervalued in the marketplace. Normally invests at least 80% of net assets, plus the amount of any borrowings for investment purposes, in equity securities of mid-sized companies, those with market capitalizations of roughly \$500 million to \$10 billion, at the time of purchase. This market capitalization range may vary in response to changes in the markets.
MFS® Variable Insurance Trust SM – MFS® Total Return Series (Initial Class)	Massachusetts Financial Services Company	Seeks mainly to provide above-average income (compared to a portfolio invested entirely in equity securities) consistent with the prudent employment of capital, and secondarily to provide a reasonable opportunity for growth of capital and income. Under normal market conditions, invests at least 40%, but not more than 75%, of net assets in common stocks and related securities (referred to as equity securities) such as preferred stock; bonds, warrants or rights convertible into stock; and depositary receipts for those securities. Invests at least 25% of net assets in non-convertible fixed income securities.
Oppenheimer Developing Markets Fund (Class A Shares)	OppenheimerFunds, Inc.	Aggressively seeks capital appreciation. Invests mainly in common stocks of issuers in emerging and developing markets throughout the world. Under normal market conditions, will invest at least 80% of total assets in equity securities of issuers whose principal activities are in at least three developing markets.
Oppenheimer Variable Account Funds – Oppenheimer Global Securities Fund/VA	OppenheimerFunds, Inc.	Seeks long-term capital appreciation by investing a substantial portion of assets in securities of foreign issuers, "growth-type" companies, cyclical industries and special situations that are considered to have appreciation possibilities. Invests mainly in common stocks and can also buy other equity securities, including preferred stocks and convertible securities in the U.S. and foreign countries.

	Investment Adviser/	Investment Objective(s)/Summary of
Fund Name	Subadviser	Principal Investment Strategies
Oppenheimer Variable Account	OppenheimerFunds,	Seeks a high level of current income
Funds – Oppenheimer Strategic	Inc.	principally derived from interest on debt
Bond Fund/VA		securities. Invests mainly in debt securities of
		issuers in three market sectors: foreign
		governments and companies, U.S. Government
		securities, and lower-grade high-yield
		securities of U.S. and foreign companies.
Pax World Balanced Fund, Inc.	Pax World	Seeks to provide its shareholders with a
,	Management Corp.	diversified holding of securities of companies
		that offer primarily income and conservation of
		principal and secondarily possible long-term
		growth of capital. Intends to invest about 60%
		of assets in common and preferred stock and/or
		securities convertible into common stock and
		40% in bonds and/or debentures. These
		percentages may vary, however, depending
		upon market conditions.
Pioneer Variable Contracts Trust –	Pioneer Investment	Seeks current income and long-term growth of
Pioneer Equity Income VCT	Management, Inc.	capital from a portfolio consisting primarily of
Portfolio		income producing equity securities of U.S.
(Class I Shares)		corporations. Normally, the portfolio invests at
		least 80% of its total assets in income
		producing equity securities of U.S. issuers. The
		income producing equity securities in which
		the portfolio may invest include common
		stocks, preferred stocks and interests in real
		estate investment trusts (REITs). The
		remainder of the portfolio may be invested in
		debt securities, most of which are expected to
		be convertible into common stocks.
Pioneer Variable Contracts Trust –	Pioneer Investment	Seeks capital appreciation by investing in a
Pioneer Mid Cap Value VCT	Management, Inc.	diversified portfolio of securities consisting
Portfolio		primarily of common stocks. Normally, invests
(Class I Shares)		at least 80% of total assets in equity securities
		of mid-size companies, that is, companies with
		market values within the range of market
		values of companies included in the Russell
		Midcap® Value Index.

GENERAL INFORMATION AND HISTORY

ING Life Insurance and Annuity Company (the "Company," we, us, our) is a stock life insurance company which was organized under the insurance laws of the State of Connecticut in 1976. Prior to May 1, 2002, the Company was known as Aetna Life Insurance and Annuity Company. Through a merger, it succeeded to the business of Aetna Variable Annuity Life Insurance Company (formerly Participating Annuity Life Insurance Company organized in 1954). As of December 31, 2003, the Company and its subsidiary life company had \$48 billion invested through their products, including \$33 billion in their separate accounts (of which the Company, or its affiliate, ING Investments, LLC manages or oversees the management of \$22 billion). The Company is ranked based on assets among the top 1% of all life insurance companies rated by A.M. Best Company as of December 31, 2002. The Company is an indirect wholly-owned subsidiary of ING Groep N.V., a global financial institution active in the fields of insurance, banking and asset management. The Company is engaged in the business of issuing life insurance policies and annuity contracts. Our Home Office is located at 151 Farmington Avenue, Hartford, Connecticut 06156.

In addition to serving as the principal underwriter and the depositor for the separate account, the Company is a registered investment adviser under the Investment Advisers Act of 1940. We provide investment advice to several of the registered management investment companies offered as variable investment options under the contracts funded by the separate account (see "Variable Annuity Account C" below).

The Company has established the Opportunity Plus Service Center to provide administrative support to contract holders and participants investing in the Opportunity Plus Contract. This office will handle enrollments, billing, transfers, redemptions, and inquiries for all Opportunity Plus contract holders and participants. All forms and correspondence should be sent to:

Opportunity Plus Service Center P.O. Box 13047 Newark, NJ 07188-0047

Telephone number: 1-800-677-4636

Other than the mortality and expense risk charge, administrative expense charge and ING GET Fund guarantee charge, if any, described in the prospectus, all expenses incurred in the operations of the separate account are borne by the Company. However, the Company does receive compensation for certain administrative costs or distribution costs from the funds or affiliates of the funds used as funding options under the contract. (See "Fees" in the prospectus.)

The assets of the separate account are held by the Company. The separate account has no custodian. However, the funds in whose shares the assets of the separate account are invested each have custodians, as discussed in their respective prospectuses.

From this point forward, the term "contract(s)" refers only to those offered through the prospectus.

VARIABLE ANNUITY ACCOUNT C

Variable Annuity Account C is a separate account established by the Company for the purpose of funding variable annuity contracts issued by the Company. The separate account is registered with the Securities and Exchange Commission (SEC) as a unit investment trust under the Investment Company Act of 1940, as amended. Payments to accounts under the contract may be allocated to one or more of the subaccounts. Each subaccount invests in the shares of only one of the funds listed below. We may make additions to, deletions from or substitution of available variable investment options as permitted by law and subject to the conditions of the contract. The availability of the funds is subject to applicable regulatory authorization. The funds currently available under the contract are as follows:

AIM V.I. Capital Appreciation Fund (Series I) ING VP Growth and Income Portfolio (Class I) (2) AIM V.I. Core Equity Fund (Series I) ING VP Growth Portfolio (Class I) (2) ING VP Index Plus LargeCap Portfolio (Class I) (2) AIM V.I. - (1) This fund is available to the general public. See "Additional Risks of Investing in the Funds" in the prospectus.
- (2) Effective May 3, 2004, Class R shares of this fund have been renamed as Class I shares.
- (3) Transfers or deposits are not allowed into the subaccount investing in this fund, except from accounts established under the contract before May 1, 1998. As soon as all those who have current allocations to the subaccount under the contract have redirected their allocations to other investment options, we will close the subaccount to all investments (except loan repayments that we automatically deposit into the subaccount according to our loan repayment procedures).
- (4) This fund is scheduled to be available on May 10, 2004.

Complete descriptions of each of the funds, including their investment objectives, policies, risks and fees and expenses, is contained in the prospectuses and statements of additional information for each of the funds.

OFFERING AND PURCHASE OF CONTRACTS

The Company's subsidiary, ING Financial Advisers, LLC serves as the principal underwriter for contracts. ING Financial Advisers, LLC, a Delaware limited liability company, is registered as a broker-dealer with the SEC. ING Financial Advisers, LLC is also a member of the National Association of Securities Dealers, Inc. and the Securities Investor Protection Corporation. ING Financial Advisers, LLC's principal office is located at 151 Farmington Avenue, Hartford, Connecticut 06156. The contracts are distributed through life insurance agents licensed to sell variable annuities who are registered representatives of ING Financial Advisers, LLC or of other registered broker-dealers who have entered into sales arrangements with ING Financial Advisers, LLC. The offering of the contracts is continuous. A description of the manner in which contracts are purchased may be found in the prospectus under the sections titled "Contract - Ownership and Rights" and "Your Account Value."

Compensation paid to the principal underwriter, ING Financial Advisers, LLC, for the years ending December 31, 2003, 2002 and 2001 amounted to \$964,872.95, \$856,407.81, and 717,753.80, respectively. These amounts reflect compensation paid to ING Financial Advisers, LLC attributable to regulatory and operating expenses associated with the distribution of all products issued by Variable Annuity Account C of ING Life Insurance and Annuity Company.

INCOME PHASE PAYMENTS

When you begin receiving payments under the contract during the income phase (see "Income Phase" in the prospectus), the value of your account is determined using accumulation unit values as of the tenth valuation before the first payment is due. Such value (less any applicable premium tax charge) is applied to provide payments to you in accordance with the payment options and investment options elected.

The annuity option tables found in the contract show, for each option, the amount of the first payment for each \$1,000 of value applied. Thereafter, variable annuity payments fluctuate as the Annuity Unit value(s) fluctuates with the investment experience of the selected investment option(s). The first payment and subsequent payments also vary depending on the assumed net investment rate selected (3.5% or 5% per annum). Selection of a 5% rate causes a higher first payment, but payments will increase thereafter only to the extent that the net investment rate increases by more than 5% on an annual basis. Payments would decline if the rate failed to increase by 5%. Use of the 3.5% assumed rate causes a lower first payment, but subsequent payments would increase more rapidly or decline more slowly as changes occur in the net investment rate.

When the income phase begins, the annuitant is credited with a fixed number of Annuity Units (which does not change thereafter) in each of the designated investment options. This number is calculated by dividing (a) by (b), where (a) is the amount of the first payment based on a particular investment option, and (b) is the then current Annuity Unit value for that investment option. As noted, Annuity Unit values fluctuate from one valuation to the next (see "Account Value" in the prospectus); such fluctuations reflect changes in the net investment factor for the appropriate subaccount(s) (with a ten day valuation lag which gives the Company time to process payments) and a mathematical adjustment which offsets the assumed net investment rate of 3.5% or 5% per annum.

The operation of all these factors can be illustrated by the following hypothetical example. These procedures will be performed separately for the investment options selected during the income phase.

EXAMPLE:

Assume that, at the date payments are to begin, there are 3,000 accumulation units credited under a particular contract or account and that the value of an accumulation unit for the tenth valuation prior to retirement was \$13.650000. This produces a total value of \$40,950.

Assume also that no premium tax charge is payable and that the annuity table in the contract provides, for the payment option elected, a first monthly variable payment of \$6.68 per \$1,000 of value applied; the annuitant's first monthly payment would thus be 40.950 multiplied by \$6.68, or \$273.55.

Assume then that the value of an Annuity Unit upon the valuation on which the first payment was due was \$13.400000. When this value is divided into the first monthly payment, the number of Annuity Units is determined to be 20.414. The value of this number of Annuity Units will be paid in each subsequent month.

Suppose there were 30 days between the initial and second payment valuation dates. If the net investment factor with respect to the appropriate subaccount is 1.0032737 as of the tenth valuation preceding the due date of the second monthly income phase payment, multiplying this factor by .9971779* = .9999058^30 (to take into account 30 days of the assumed net investment rate of 3.5% per annum built into the number of Annuity Units determined above) produces a result of 1.000442. This is then multiplied by the Annuity Unit value for the prior valuation (\$13.400000 from above) to produce an Annuity Unit value of \$13.405928 for the valuation occurring when the second income phase payment is due.

The second monthly income phase payment is then determined by multiplying the number of Annuity Units by the current Annuity Unit value, or 20.414 times \$13.405928, which produces a payment of \$273.67.

*If an assumed net investment rate of 5% is elected, the appropriate factor to take into account such assumed rate would be .9959968 = .9998663^30.

SALES MATERIAL AND ADVERTISING

We may include hypothetical illustrations in our sales literature that explain the mathematical principles of dollar cost averaging, compounded interest, tax deferred accumulation, and the mechanics of variable annuity contracts. We may also discuss the difference between variable annuity contracts and other types of savings or investment products such as, personal savings accounts and certificates of deposit.

We may distribute sales literature that compares the percentage change in accumulation unit values for any of the subaccounts to established market indices such as the Standard & Poor's 500 Stock Index and the Dow Jones Industrial Average or to the percentage change in values of other management investment companies that have investment objectives similar to the subaccount being compared.

We may publish in advertisements and reports, the ratings and other information assigned to us by one or more independent rating organizations such as A.M. Best Company, Duff & Phelps, Standard & Poor's Corporation and Moody's Investors Service, Inc. The purpose of the ratings is to reflect our financial strength and/or claims-paying ability. We may also quote ranking services such as Morningstar's Variable Annuity/Life Performance Report and Lipper's Variable Insurance Products Performance Analysis Service (VIPPAS), which rank variable annuity or life subaccounts or their underlying funds by performance and/or investment objective. We may categorize funds in terms of the asset classes they represent and use such categories in marketing material for the contracts. We may illustrate in advertisements the performance of the underlying funds, if accompanied by performance which also shows the performance of such funds reduced by applicable charges under the separate account. We may also show in advertisements the portfolio holdings of the underlying funds, updated at various intervals. From time to time, we will quote articles from newspapers and magazines or other publications or reports, such as The Wall Street Journal, Money Magazine, USA Today and The VARDS Report.

We may provide in advertising, sales literature, periodic publications or other materials information on various topics of interest to current and prospective contract holders or participants. These topics may include the relationship between sectors of the economy and the economy as a whole and its effect on various securities markets, investment strategies and techniques (such as value investing, market timing, dollar cost averaging, asset allocation, constant ratio transfer and account rebalancing), the advantages and disadvantages of investing in tax-deferred and taxable investments, customer profiles and hypothetical purchase and investment scenarios, financial management and tax and retirement planning, and investment alternatives to certificates of deposit and other financial instruments, including comparison between the contracts and the characteristics of and market for such financial instruments.

INDEPENDENT AUDITORS

Ernst & Young LLP, 600 Peachtree Street, Suite 2800, Atlanta, GA 30308, are the independent auditors for the separate account and for the Company. The services provided to the separate account include primarily the audit of the separate account's financial statements.

We conducted our audits in accordance with auditing standards generally accepted in the United Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2003, by correspondence with the transfer agents. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each of the Divisions comprising the ING Life Insurance and Annuity Company Variable Annuity Account C at December 31, 2003, and the results of their operations and changes in their net assets for the periods disclosed in the financial statements, in conformity with accounting principles generally accepted in the United States.

ING LIFE INSURANCE AND ANNUITY COMPANY VARIABLE ANNUITY ACCOUNT C Notes to Financial Statements

1. Organization

ING Life Insurance and Annuity Company Variable Annuity Account C (the "Account") was established by ING Life Insurance and Annuity Company ("ILIAC" or the "Company") to support the operations of variable annuity contracts ("Contracts"). The Company is a wholly-owned subsidiary of ING America Insurance Holdings, Inc. ("ING AIH"), an insurance holding company domiciled in the State of Delaware. ING AIH is a wholly-owned subsidiary of ING Groep, N.V., a global financial services holding company based in The Netherlands.

The Account is registered as a unit investment trust with the Securities and Exchange Commission under the Investment Company Act of 1940, as amended. ILIAC provides for variable accumulation and benefits under the Contracts by crediting annuity considerations to one or more divisions within the Account or the fixed separate account, which is not part of the Account, as directed by the Contractowners. The portion of the Account's assets applicable to Contracts will not be charged with liabilities arising out of any other business ILIAC may conduct, but obligations of the Account, including the promise to make benefit payments, are obligations of ILIAC. The assets and liabilities of the Account are clearly identified and distinguished from the other assets and liabilities of ILIAC.

Notes to Financial Statements

At December 31, 2003, the Account had 94 investment divisions (the "Divisions"), 37 of which invest in independently managed mutual funds and 57 of which invest in mutual funds managed by affiliates, either ING Investments, LLC or ING Life Insurance and Annuity Company. The assets in each Division are invested in shares of a designated fund ("Fund") of various investment trusts (the "Trusts"). Investment Divisions at December 31, 2003 and related Trusts are as follows:

ING LIFE INSURANCE AND ANNUITY COMPANY VARIABLE ANNUITY ACCOUNT C Notes to Financial Statements

2. Significant Accounting Policies

The following is a summary of the significant accounting policies of the Account:

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments

Investments are made in shares of a Fund and are recorded at fair value, determined by the net asset value per share of the respective Fund. Investment transactions in each Fund are recorded on the trade date. Distributions of net investment income and capital gains from each Fund are recognized on the ex-distribution date. Realized gains and losses on redemptions of the shares of the Fund are determined on a first-in, first-out basis. The difference between cost and current market value on the day of measurement is recorded as unrealized appreciation or depreciation of investments.

Federal Income Taxes

Operations of the Account form a part of, and are taxed with, the total operations of ILIAC, which is taxed as a life insurance company under the Internal Revenue Code. Earnings and realized capital gains of the Account attributable to the Contractowners are excluded in the determination of the federal income tax liability of ILIAC.

Variable Annuity Reserves

Prior to the annuity date, the Contracts are redeemable for the net cash surrender value of the Contracts. The annuity reserves are equal to the aggregate account values of the Contractowners invested in the Account Divisions. Net assets allocated to contracts in the payout period are computed according to the 1983a Individual Annuitant Mortality Table. The assumed investment return is 3.5% unless the Contractowner elects otherwise, in which case the rate may vary from 3.5% to 7%, as regulated by the laws of the respective states. The mortality risk is fully borne by ILIAC and may result in additional amounts being transferred into the Account by ILIAC to cover greater longevity of annuitants than expected. Conversely, if amounts allocated exceed amounts required, transfers may be made to the Company.

Notes to Financial Statements

3. Charges and Fees

Under the terms of the Contracts, certain charges are allocated to the Contracts to cover ILIAC's expenses in connection with the issuance and administration of the Contracts. Following is a summary of these charges:

Mortality and Expense Risk Charges

ILIAC assumes mortality and expense risks related to the operations of the Account and, in accordance with the terms of the Contracts, deducts a daily charge from the assets of the Account. Daily charges are deducted at annual rates of up to 1.50% of the average daily net asset value of each Division of the Account to cover these risks, as specified in the Contract

Administrative Charges

A daily charge at an annual rate of up to 0.25% of the assets attributable to the Contracts is deducted, as specified in the Contract, for administrative charges related to the Account.

Contract Maintenance Charges

For certain Contracts, an annual Contract maintenance fee of up to \$30 may be deducted from the accumulation value of Contracts to cover ongoing administrative expenses, as specified in the Contract.

Contingent Deferred Sales Charges

For certain Contracts, a contingent deferred sales charge is imposed as a percentage of each premium payment if the Contract is surrendered or an excess partial withdrawal is taken, as specified in the Contract.

Premium Taxes

For certain Contracts, premium taxes are deducted, where applicable, from the accumulation value of each Contract. The amount and timing of the deduction depends on the Contractowner's state of residence and currently ranges up to 4.0% of premiums.

ING LIFE INSURANCE AND ANNUITY COMPANY VARIABLE ANNUITY ACCOUNT C Notes to Financial Statements

4. Related Party Transactions

During the year ended December 31, 2003, management and service fees were paid indirectly to ING Investments, LLC, an affiliate of the Company, in its capacity as investment adviser to the ING GET Fund, ING VP Bond Portfolio, ING VP Money Market Portfolio, ING VP Balanced Portfolios, Inc., ING Variable Portfolios, Inc., ING VP Emerging Markets Fund, Inc., ING VP Natural Resources Trust, ING VP Growth and Income Portfolio, ING Strategic Allocation Portfolios, Inc., and ING Variable Products Trust. The annual fee rate ranged from 0.25% to 1.00% of the average net assets of each respective Fund or Fund of the Trust. In addition, management fees were paid to ING Life Insurance and Annuity Company, an affiliate, in its capacity as investment adviser to ING Partners, Inc. The annual fee rate ranged from 0.50% to 1.00% of the average net assets of each respective Fund of the Trust.

Notes to Financial Statements

Notes to Financial Statements

Qualified I

Individual Contracts issued prior to May 1, 1975 in connection with "Qualified Corporate Retirement Plans" established pursuant to Section 401 of the Internal Revenue Code ("Code"); tax-deferred annuity Plans established by the public school systems and tax-exempt organizations pursuant to Section 403(b) of the Code, and certain individual retirement annuity plans established by or on behalf of individuals pursuant to section 408(b) of the Code; individual Contracts issued prior to November 1, 1975 in connection with "H.R. 10 Plans" established by persons entitled to the benefits of the Self-Employed Individuals Tax Retirement Act of 1962, as amended; allocated group Contracts issued prior to May 1, 1975 in connection with qualified corporate retirement plans; and group Contracts issued prior to October 1, 1978 in connection with tax-deferred annuity plans.

Qualified III

Individual Contracts issued in connection with tax-deferred annuity plans and individual retirement annuity plans since May 1, 1975, H.R. 10 Plans since November 1, 1975; group Contracts issued since October 1, 1978 in connection with tax-deferred annuity plans and group Contracts issued since May 1, 1979 in connection with deferred compensation plans adopted by state and local governments and H.R. 10 Plans.

Qualified V

Certain group AetnaPlus Contracts issued since August 28, 1992 in connection with "Optional Retirement Plans" established pursuant to Section 403(b) or 401(a) of the Internal Revenue Code.

Qualified VI

Certain group AetnaPlus Contracts issued in connection with tax-deferred annuity plans, Retirement Plus plans and deferred compensation plans since August 28, 1992.

Qualified VII

Certain existing Contracts that were converted to ACES, an administrative system (previously valued under Qualified I).

Qualified VIII

Group AetnaPlus Contracts issued in connection with Tax-Deferred Annuity Plans and Deferred Compensation Plans adopted by state and local governments since June 30, 1993.

Notes to Financial Statements

Qualified IX

Certain large group Contracts (Jumbo) that were converted to ACES, an administrative system (previously valued under Qualified VI).

Qualified X

Individual retirement annuity and Simplified Employee Pension ("SEP") plans issued or converted to ACES, an administrative system.

Qualified XI

Certain large group Contracts issued in connection with deferred compensation plans adopted by state and local governments since January 1996.

Qualified XII

Group Retirement Plus and Voluntary TDA Contracts issued since 1996 in connection with plans established pursuant to Section 403(b) or 401(a) of the Internal Revenue Code, shown separately by applicable daily charge; and Contracts issued since October 1, 1996 in connection with optional retirement plans established pursuant to Section 403(b) or 403(a) of the Internal Revenue Code.

Qualified XIII

Certain existing Contracts issued in connection with deferred compensation plans issued through product exchange on May 25, 1996 (previously valued under Qualified VI).

Qualified XIV

Certain existing Contracts issued in connection with deferred compensation plans issued through product exchange on November 1, 1996 (previously valued under Qualified III).

Qualified XV

Certain existing Contracts issued in connection with deferred compensation plans issued through product exchange on December 16, 1996 (previously valued under Qualified VI), and new Contracts issued after that date in connection with certain deferred compensation plans.

Notes to Financial Statements

Qualified XVI

Group AetnaPlus Contracts assessing an administrative expense charge effective April 7, 1997 issued in connection with tax-deferred annuity plans, Retirement Plus plans and deferred compensation plans.

Qualified XVII

Group AetnaPlus Contracts containing contractual limits on fees issued in connection with tax-deferred annuity plans and deferred compensation plans, which resulted in reduced daily charges for certain funding options effective May 29, 1997.

Qualified XVIII

Individual retirement annuity and SEP plan Contracts containing contractual limits on fees, which resulted in reduced daily charges for certain funding options effective May 29, 1997.

Qualified XIX

Group Corporate 401 Contracts containing contractual limits on fees, which resulted in reduced daily charges for certain funding options effective May 29, 1997.

Qualified XX

Group HR 10 Contracts containing contractual limits on fees, which resulted in reduced daily charges for certain funding options effective May 29, 1997.

Qualified XXI

Certain existing Contracts issued in connection with deferred compensation plans having Contract modifications effective May 20, 1999.

Qualified XXII

Certain existing Contracts issued in connection with deferred compensation plans having Contract modifications effective May 20, 1999.

Notes to Financial Statements

Qualified XXIV

Group Contract issued in connection with optional retirement plans having Contract modifications effective July 2000 to lower mortality and expense fee.

Qualified XXV

Group Contract issued in connection with Aetna Government Custom Choice plans having Contract modifications effective October 2000 to lower mortality and expense fee.

Qualified XXVI

Group Contract issued in connection with Aetna Government Custom Choice plans having Contract modifications effective October 2000 to lower mortality and expense fee.

Qualified XXVII

Group Contract issued in connection with tax deferred annuity plans having Contract modifications effective February 2000 to lower mortality and expense fee.

Qualified XXVIII

Group Contract issued in connection with optional retirement plans having Contract modifications effective February 2000 to lower mortality and expense fee.

Qualified XXIX

Individual Contracts issued in connection with tax-deferred annuity plans and individual retirement annuity plans since May 1, 1975, H.R. 10 Plans since November 1, 1975; group Contracts issued since October 1, 1978 in connection with tax-deferred annuity plans and group Contracts issued since May 1, 1979 in connection with deferred compensation plans adopted by state and local governments and H.R. 10 Plans.

Qualified XXX

Individual Contracts issued in connection with tax-deferred annuity plans and individual retirement annuity plans since May 1, 1975, H.R. 10 Plans since November 1, 1975; group Contracts issued since October 1, 1978 in connection with tax-deferred annuity plans and group Contracts issued since May 1, 1979 in connection with deferred compensation plans adopted by state and local governments and H.R. 10 Plans.

Notes to Financial Statements

Qualified XXXI

Group Contract issued in connection with the San Bernadino 457F Plan at a zero basis point charge, effective in 2004.

Qualified XXXII

Individual Contracts issued in connection with the 1992/1994 Pension IRA at 125 basis points, effective in 2004.

Notes to Financial Statements

8. Financial Highlights

A summary of unit values and units outstanding for variable annuity Contracts, expense ratios, excluding expenses of underlying funds, investment income ratios, and total return for the years ended December 31, 2003, 2002 and 2001, along with units outstanding and unit values for the year ended December 31, 2000, follows:

				Investment

- A The Investment Income Ratio represents dividends received by the Division, excluding capital gains distributions, divided by the average net assets.

 The recognition of investment income is determined by the timing of the declaration of dividends by the underlying fund in which the Division invests.
- **B** The Expense Ratio considers only the expenses borne directly by the Account and is equal to the mortality and expense charge, plus the annual administrative charge, as defined in Note 3. Certain items in this table are presented as a range of minimum and maximum values; however, such information is calculated independently for each column in the table.
- C Total Return is calculated as the change in unit value for each Contract presented in Note 7. Certain items in this table are presented as a range of minimum and maximum values; however, such information is calculated independently for each column in the table.

Report of Independent Auditors

The Board of Directors
ING Life Insurance and Annuity Company

We have audited the accompanying consolidated balance sheets of ING Life Insurance and Annuity Company as of December 31, 2003 and 2002, and the related consolidated income statements, consolidated statements of changes in shareholder's equity, and consolidated statements of cash flows for each of the three years in the period ended December 31, 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of ING Life Insurance and Annuity Company as of December 31, 2003 and 2002, and the results of its operations and its cash flows for each of the three years ended December 31, 2003, in conformity with accounting principles generally accepted in the United States.

As discussed in Note 1 to the financial statements, the Company changed its accounting principle for goodwill and other intangible assets effective January 1, 2002.

Notes to Consolidated Financial Statements

1. Significant Accounting Policies

Principles of Consolidation

ING Life Insurance and Annuity Company ("ILIAC"), and its wholly-owned subsidiaries (collectively, the "Company") are providers of financial products and services in the United States. These consolidated financial statements include ILIAC and its wholly-owned subsidiaries, ING Insurance Company of America ("IICA"), ING Financial Advisers, LLC ("IFA") and, through February 28, 2002, ING Investment Adviser Holding, Inc. ("IA Holdco"). Until March 30, 2003, ILIAC was a wholly-owned subsidiary of ING Retirement Holdings, Inc. ("HOLDCO"), which was a wholly-owned subsidiary of ING Retirement Services, Inc. ("IRSI"). Until March 30, 2003, IRSI was a wholly-owned subsidiary of Lion Connecticut Holding, Inc. ("Lion"), which in turn was ultimately owned by ING Groep N.V. ("ING"), a financial services company based in The Netherlands. On March 30, 2003, a series of mergers occurred in the following order: IRSI merged into Lion, HOLDCO merged into Lion and IA Holdco merged into Lion. As a result, ILIAC is now a direct wholly-owned subsidiary of Lion.

HOLDCO contributed IFA to the Company on June 30, 2000 and contributed IA Holdco to the Company on July 1, 1999. On February 28, 2002, ILIAC distributed 100% of the stock of IA Holdco to HOLDCO in the form of a \$60.1 million dividend distribution. The primary operating subsidiary of IA Holdco is Aeltus Investment Management, Inc. ("Aeltus"). Accordingly, fees earned by Aeltus were not included in Company results subsequent to the dividend date. As a result of this transaction, the Investment Management Services is no longer reflected as an operating segment of the Company.

On December 13, 2000, ING America Insurance Holdings, Inc. ("ING AIH"), an indirect wholly-owned subsidiary of ING, acquired Aetna Inc., comprised of the Aetna Financial Services business, of which the Company is a part, and Aetna International businesses, for approximately \$7,700.0 million. The purchase price was comprised of approximately \$5,000.0 million in cash and the assumption of \$2,700.0 million of outstanding debt and other net liabilities. In connection with the acquisition, Aetna Inc. was renamed Lion.

In the fourth quarter of 2001, ING announced its decision to pursue a move to a fully integrated U.S. structure that would separate manufacturing from distribution in its retail and worksite operations to support a more customer-focused business strategy. As a result of the integration, the Company's Worksite Products and Individual Products operating segments were realigned into one reporting segment, U.S. Financial Services ("USFS").

USFS offers qualified and nonqualified annuity contracts that include a variety of funding and payout options for individuals and employer sponsored retirement plans qualified under Internal Revenue Code Sections 401, 403 and 457, as well as nonqualified deferred compensation plans.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Annuity contracts may be deferred or immediate (payout annuities). These products also include programs offered to qualified plans and nonqualified deferred compensation plans that package administrative and record-keeping services along with a variety of investment options, including affiliated and nonaffiliated mutual funds and variable and fixed investment options. In addition, USFS offers wrapper agreements entered into with retirement plans which contain certain benefit responsive guarantees (i.e. liquidity guarantees of principal and previously accrued interest for benefits paid under the terms of the plan) with respect to portfolios of plan-owned assets not invested with the Company. USFS also offers investment advisory services and pension plan administrative services.

Investment Management Services, through February 28, 2002, provided: investment advisory services to affiliated and unaffiliated institutional and retail clients on a fee-for-service basis; underwriting services to the ING Series Fund, Inc. (formerly known as the Aetna Series Fund, Inc.), and the ING Variable Portfolios, Inc. (formerly known as the Aetna Variable Portfolios, Inc.); distribution services for other company products; and trustee, administrative, and other fiduciary services to retirement plans requiring or otherwise utilizing a trustee or custodian.

Description of Business

The Company offers qualified and nonqualified annuity contracts that include a variety of funding and payout options for employer-sponsored retirement plans qualified under Internal Revenue Code Sections 401, 403, 408 and 457, as well as nonqualified deferred compensation plans. The Company's products are offered primarily to individuals, pension plans, small businesses and employer-sponsored groups in the health care, government, educations (collectively "not-for-profit" organizations) and corporate markets. The Company's products generally are sold through pension professionals, independent agents and brokers, third party administrators, banks, dedicated career agents and financial planners.

Recently Adopted Accounting Standards

Accounting for Goodwill and Intangible Assets

During 2002, the Company adopted Financial Accounting Standards Board ("FASB") Statement of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets* ("FAS No. 142"). The adoption of this standard resulted in an impairment loss of \$2,412.1 million. The Company, in accordance with FAS No. 142, recorded the impairment loss retroactive to the first quarter of 2002; prior quarters of 2002 were restated accordingly. This impairment loss represented the entire carrying amount of goodwill, net of accumulated amortization. This impairment charge was shown as a change in accounting principle on the December 31, 2002 Consolidated Income Statement.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Application of the nonamortization provision (net of tax) of the standard resulted in an increase in net income of \$61.9 million for the twelve months ended December 31, 2001. Had the Company been accounting for goodwill under FAS No. 142 for all periods presented, the Company's net income would have been as follows:

	Year ended ecember 31,
(Millions)	
Reported net income after tax	\$ 99.9
Add back goodwill amortization, net of tax	 61.9
Adjusted net income after tax	\$ 161.8

Accounting for Derivative Instruments and Hedging Activities

In June 1998, the FASB issued FAS No. 133, Accounting for Derivative Instruments and Hedging Activities, as amended and interpreted by FAS No. 137, Accounting for Derivative Instruments and Hedging Activities – Deferral of the Effective Date of FASB Statement 133, FAS No.138, Accounting for Certain Derivative Instruments and Certain Hedging Activities – an Amendment of FAS No. 133, and certain FAS No. 133 implementation issues. This standard, as amended, requires companies to record all derivatives on the balance sheet as either assets or liabilities and measure those instruments at fair value. The manner in which companies are to record gains or losses resulting from changes in the fair values of those derivatives depends on the use of the derivative and whether it qualifies for hedge accounting. FAS No. 133 was effective for the Company's financial statements beginning January 1, 2001.

Adoption of FAS No.133 did not have a material effect on the Company's financial position or results of operations given the Company's limited derivative holdings and embedded derivative holdings.

The Company utilizes, interest rate swaps, caps and floors, foreign exchange swaps and warrants in order to manage interest rate and price risk (collectively, market risk). These financial exposures are monitored and managed by the Company as an integral part of the overall risk management program. Derivatives are recognized on the balance sheet at their fair value. The Company chose not to designate its derivative instruments as part of hedge transactions. Therefore, changes in the fair value of the Company's derivative instruments are recorded immediately in the consolidated statements of income as part of realized capital gains and losses.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Warrants are carried at fair value and are recorded as either derivative instruments or FAS No. 115 available for sale securities. Warrants that are considered derivatives are carried at fair value if they are readily convertible to cash. The values of these warrants can fluctuate given that the companies that underlie the warrants are non-public companies. At December 31, 2003 and 2002, the estimated value of these warrants, including the value of their effectiveness, in managing market risk, was immaterial. These warrants will be revalued each quarter and the change in the value of the warrants will be included in the consolidated statements of income.

The Company, at times, may own warrants on common stock which are not readily convertible to cash as they contain certain conditions which preclude their convertibility and therefore, will not be included in assets or liabilities as derivatives. If conditions are satisfied and the underlying stocks become marketable, the warrants would be reclassified as derivatives and recorded at fair value as an adjustment through current period results of operations.

The Company occasionally purchases a financial instrument that contains a derivative that is "embedded" in the instrument. In addition, the Company's insurance products are reviewed to determine whether they contain an embedded derivative. The Company assesses whether the economic characteristics of the embedded derivative are clearly and closely related to the economic characteristics of the remaining component of the financial instrument or insurance product (i.e., the host contract) and whether a separate instrument with the same terms as the embedded instrument would meet the definition of a derivative instrument. When it is determined that the embedded derivative possesses economic characteristics that are not clearly and closely related to the economic characteristics of the host contract and that a separate instrument with the same terms would qualify as a derivative instrument, the embedded derivative is separated from the host contract and carried at fair value. However, in cases where the host contract is measured at fair value, with changes in fair value reported in current period earnings or the Company is unable to reliably identify and measure the embedded derivative for separation from its host contracts, the entire contract is carried on the balance sheet at fair value and is not designated as a hedging instrument.

The Derivative Implementation Group ("DIG") responsible for issuing guidance on behalf of the FASB for implementation of FAS No. 133, Accounting for Derivative Instruments and Hedging Activities recently issued Statement Implementation Issue No. B36, Embedded Derivatives: Modified Coinsurance Arrangements and Debt Instruments That Incorporate Credit Risk Exposures That Are Unrelated or Only Partially Related to the Credit Worthiness of the Obligor under Those Instruments ("DIG B36"). Under this interpretation, modified coinsurance and coinsurance with funds withheld reinsurance agreements as well as other types of receivables and payables where interest is

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

determined by reference to a pool of fixed maturity assets or total return debt index may be determined to contain embedded derivatives that are required to be bifurcated. The required date of adoption of DIG B36 for the Company was October 1, 2003. The Company completed its evaluation of DIG B36 and determined that the Company had modified coinsurance treaties that require implementation of the guidance. The applicable contracts, however, were determined to generate embedded derivatives with a fair value of zero. Therefore, the guidance, while implemented, did not impact the Company's financial position, results of operations or cash flows.

Guarantees

In November 2002, the FASB issued Interpretation No. 45 ("FIN 45"), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, to clarify accounting and disclosure requirements relating to a guarantor's issuance of certain types of guarantees. FIN 45 requires entities to disclose additional information of certain guarantees, or groups of similar guarantees, even if the likelihood of the guarantor's having to make any payments under the guarantee is remote. The disclosure provisions are effective for financial statements for fiscal years ended after December 15, 2003. For certain guarantees, the interpretation also requires that guarantors recognize a liability equal to the fair value of the guarantee upon its issuance. This initial recognition and measurement provision is to be applied only on a prospective basis to guarantees issued or modified after December 31, 2003. The Company has performed an assessment of its guarantees and believes that all of its guarantees are excluded from the scope of this interpretation.

Variable Interest Entities

In January 2003, the FASB issued FASB Interpretation 46, Consolidation of Variable Interest Entities, an Interpretation of ARB No.51 ("FIN 46"). In December 2003, the FASB modified FIN 46 to make certain technical revisions and address certain implementation issues that had arisen. FIN 46 provides a new framework for identifying variable interest entities ("VIE") and determining when a company should include the assets, liabilities, noncontrolling interests and results of activities of a VIE in its consolidated financial statements.

In general, a VIE is a corporation, partnership, limited-liability corporation, trust, or any other legal structure used to conduct activities or hold assets that either (1) has an insufficient amount of equity to carry out its principal activities without additional subordinated financial support, (2) has a group of equity owners that are unable to make significant decisions about its activities, or (3) has a group of equity owners that do not have the obligation to absorb losses or the right to receive returns generated by its operations.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

FIN 46 requires a VIE to be consolidated if a party with an ownership, contractual or other financial interest in the VIE (a variable interest holder) is obligated to absorb a majority of the risk of loss from the VIE's activities, is entitled to receive a majority of the VIE's residual returns (if no party absorbs a majority of the VIE's losses), or both. A variable interest holder that consolidates the VIE is called the primary beneficiary. Upon consolidation, the primary beneficiary generally must initially record all of the VIE's assets, liabilities and noncontrolling interests at fair value and subsequently account for the VIE as if it were consolidated based on majority voting interest. FIN 46 also requires disclosures about VIEs that the variable interest holder is required to consolidate and additions for those VIEs it is not required to consolidate but in which it has a significant variable interest.

At December 31, 2003, the Company held the following investments that, for purposes of FIN 46, were evaluated and determined to not require consolidation in the Company's financial statements:

Asset Type	Purpose	Bo	ok Value (1)	Mar	ket Value	
Private Corporate Securities - synthetic leases; project financings; credit tenant leases	Investment Holdings	\$	1,600.1	\$	1,697.6	
Foreign Securities - US VIE subsidiaries of foreign companies	Investment Holdings		583.1		615.2	
Commercial Mortgage Obligations (CMO)	Investment Holdings		6,038.8		6,109.4	
Collateralized Debt Obligations (CDO)	Investment Holdings and/or Collateral Manager		20.9		12.3	
Asset-Backed Securities (ABS)	Investment Holdings		949.6		975.8	
Commercial Mortgage Backed Securities (CMBS)	Investment Holdings		1,278.5		1,380.2	

⁽¹⁾ Represents maximum exposure to loss except for those structures for which the Company also receives asset management fees.

New Accounting Pronouncements

In July 2003, the American Institute of Certified Public Accountants ("AICPA") issued Statement of Position ("SOP") 03-1, *Accounting and Reporting by Insurance Enterprises for Certain Nontraditional Long-Duration Contracts and for Separate Accounts*, which the Company intends to adopt on January 1, 2004. The impact on the financial statements is not known at this time.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from reported results using those estimates.

Reclassifications

Certain reclassifications have been made to prior year financial information to conform to the current year classifications.

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, money market instruments and other debt issues with a maturity of 90 days or less when purchased.

Investments

All of the Company's fixed maturity and equity securities are currently designated as available-for-sale. Available-for-sale securities are reported at fair value and unrealized gains and losses on these securities are included directly in shareholder's equity, after adjustment for related charges in deferred policy acquisition costs, value of business acquired, and deferred income taxes.

The Company analyzes the general account investments to determine whether there has been an other than temporary decline in fair value below the amortized cost basis in accordance with FAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*. Management considers the length of time and the extent to which the fair value has been less than amortized cost; the financial condition and near-term prospects of the issuer; future economic conditions and market forecasts; and the Company's intent and ability to retain the investment in the issuer for a period of time sufficient to allow for recovery in fair value. If it is probable that all amounts due according to the contractual terms of a debt security will not be collected, an other than temporary impairment is considered to have occurred.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

In addition, the Company invests in structured securities that meet the criteria of Emerging Issues Task Force ("EITF") Issue No. 99-20 Recognition of Interest Income and Impairment on Purchased and Retained Beneficial Interests in Securitized Financial Assets. Under Issue No. EITF 99-20, a determination of the required impairment is based on credit risk and the possibility of significant prepayment risk that restricts the Company's ability to recover the investment. An impairment is recognized if the fair value of the security is less than amortized cost and there has been an adverse change in cash flow since the last remeasurement date.

When a decline in fair value is determined to be other than temporary, the individual security is written down to fair value and the loss is accounted for as a realized loss.

Included in available-for-sale securities are investments that support experience-rated products. Experience-rated products are products where the customer, not the Company, assumes investment (including realized capital gains and losses) and other risks, subject to, among other things, minimum guarantees. Realized gains and losses on the sale of, as well as unrealized capital gains and losses on, investments supporting these products are included in other policyholders' funds on the Consolidated Balance Sheets. Realized capital gains and losses on all other investments are reflected in the Company's results of operations. Unrealized capital gains and losses on all other investments are reflected in shareholder's equity, net of related income taxes.

Purchases and sales of fixed maturities and equity securities (excluding private placements) are recorded on the trade date. Purchases and sales of private placements and mortgage loans are recorded on the closing date.

Fair values for fixed maturities are obtained from independent pricing services or broker/dealer quotations. Fair values for privately placed bonds are determined using a matrix-based model. The matrix-based model considers the level of risk-free interest rates, current corporate spreads, the credit quality of the issuer and cash flow characteristics of the security. The fair values for equity securities are based on quoted market prices. For equity securities not actively traded, estimated fair values are based upon values of issues of comparable yield and quality or conversion value where applicable.

The Company engages in securities lending whereby certain securities from its portfolio are loaned to other institutions for short periods of time. Initial collateral, primarily cash, is required at a rate of 102% of the market value of the loaned domestic securities. The collateral is deposited by the borrower with a lending agent, and retained and invested by the lending agent according to the Company's guidelines to generate additional income. The market value of the loaned securities is monitored on a daily basis with additional collateral obtained or refunded as the market value of the loaned securities fluctuates.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

In September 2000, the FASB issued FAS No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities. In accordance with this new standard, general account securities on loan are reflected on the Consolidated Balance Sheet as "Securities pledged to creditors". Total securities pledged to creditors at December 31, 2003 and 2002 consisted entirely of fixed maturities.

The investment in affiliated mutual funds represents an investment in mutual funds managed by the Company and its affiliates, and is carried at fair value.

Mortgage loans on real estate are reported at amortized cost less impairment writedowns. If the value of any mortgage loan is determined to be impaired (i.e., when it is probable the Company will be unable to collect all amounts due according to the contractual terms of the loan agreement), the carrying value of the mortgage loan is reduced to the present value of expected cash flows from the loan, discounted at the loan's effective interest rate, or to the loan's observable market price, or the fair value of the underlying collateral. The carrying value of the impaired loans is reduced by establishing a permanent writedown charged to realized loss.

Policy loans are carried at unpaid principal balances, net of impairment reserves.

Short-term investments, consisting primarily of money market instruments and other fixed maturities issues purchased with an original maturity of 91 days to one year, are considered available for sale and are carried at fair value, which approximates amortized cost.

Reverse dollar repurchase agreement and reverse repurchase agreement transactions are accounted for as collateralized borrowings, where the amount borrowed is equal to the sales price of the underlying securities. These transactions are reported in "Other Liabilities."

The Company's use of derivatives is limited to economic hedging purposes. The Company enters into interest rate and currency contracts, including swaps, caps, and floors to reduce and manage risks associated with changes in value, yield, price, cash flow or exchange rates of assets or liabilities held or intended to be held. Changes in the fair value of open derivative contracts are recorded in net realized capital gains and losses.

On occasion, the Company sells call options written on underlying securities that are carried at fair value. Changes in the fair value of these options are recorded in net realized capital gains or losses.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Deferred Policy Acquisition Costs and Value of Business Acquired

Deferred Policy Acquisition Costs ("DAC") is an asset, which represents certain costs of acquiring certain insurance business, which are deferred and amortized. These costs, all of which vary with and are primarily related to the production of new and renewal business, consist principally of commissions, certain underwriting and contract issuance expenses, and certain agency expenses. Value of Business Acquired ("VOBA") is an asset, which represents the present value of estimated net cash flows embedded in the Company's contracts, which existed at the time the Company was acquired by ING. DAC and VOBA are evaluated for recoverability at each balance sheet date and these assets would be reduced to the extent that gross profits are inadequate to recover the asset.

The amortization methodology varies by product type based upon two accounting standards: FAS No. 60, Accounting and Reporting by Insurance Enterprises ("FAS No. 60") and FAS No. 97, Accounting and Reporting by Insurance Enterprises for Certain Long-Duration Contracts and Realized Gains and Losses from the Sale of Investments ("FAS No. 97").

Under FAS No. 60, acquisition costs for traditional life insurance products, which primarily include whole life and term life insurance contracts, are amortized over the premium payment period in proportion to the premium revenue recognition.

Under FAS No. 97, acquisition costs for universal life and investment-type products, which include universal life policies and fixed and variable deferred annuities, are amortized over the life of the blocks of policies (usually 25 years) in relation to the emergence of estimated gross profits from surrender charges, investment margins, mortality and expense fees, asset-based fee income, and actual realized gains (losses) on investments. Amortization is adjusted retrospectively when estimates of current or future gross profits to be realized from a group of products are revised.

DAC and VOBA are written off to the extent that it is determined that future policy premiums and investment income or gross profits are not adequate to cover related expenses.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Activity for the year-ended December 31, 2003, 2002 and 2001 within VOBA was as follows:

(Millions)	
Balance at December 31, 2000	\$ 1,780.9
Adjustment of allocation purchase price	(165.3)
Additions	90.0
Interest accrued at 7%	110.0
Amortization	 (213.8)
Balance at December 31, 2001	1,601.8
Adjustment for unrealized loss	(21.9)
Additions	25.0
Interest accrued at 7%	86.8
Amortization	 (253.3)
Balance at December 31, 2002	1,438.4
Adjustment for unrealized gain	6.2
Additions	59.1
Interest accrued at 7%	92.2
Amortization	 (180.5)
Balance at December 31, 2003	\$ 1,415.4

The estimated amount of VOBA to be amortized, net of interest, over the next five years is \$112.3 million, \$106.4 million, \$99.9 million, \$94.7 million and \$90.7 million for the years 2004, 2005, 2006, 2007 and 2008, respectively. Actual amortization incurred during these years may vary as assumptions are modified to incorporate actual results.

As part of the regular analysis of DAC/VOBA, at the end of third quarter of 2002, the Company unlocked its long-term rate of return assumptions. The Company reset long-term assumptions for the separate account returns to 9.0% (gross before fund management fees and mortality and expense and other policy charges), as of December 31, 2002, reflecting a blended return of equity and other sub-accounts. The initial unlocking adjustment in 2002 was primarily driven by the sustained downturn in the equity markets and revised expectations for future returns. During 2002, the Company recorded an acceleration of DAC/VOBA amortization totaling \$45.6 million before tax, or \$29.7 million, net of \$15.9 million of federal income tax benefit.

The Company has remained unlocked during 2003, and reset long-term assumptions for the separate account returns from 9.0% to 8.5% (gross before fund management fees and mortality and expense and other policy charges), as of December 31, 2003, maintaining a blended return of equity and other sub-accounts. The 2003 unlocking adjustment from the previous year was primarily driven by improved market performance. For the year ended December 31, 2003, the Company recorded a deceleration of DAC/VOBA amortization totaling \$3.7 million before tax, or \$2.4 million, net of \$1.3 million of federal income tax expense.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Policy Liabilities and Accruals

Future policy benefits and claims reserves include reserves for universal life, immediate annuities with life contingent payouts and traditional life insurance contracts. Reserves for universal life products are equal to cumulative deposits less withdrawals and charges plus credited interest thereon. Reserves for traditional life insurance contracts represent the present value of future benefits to be paid to or on behalf of policyholders and related expenses less the present value of future net premiums.

Reserves for immediate annuities with life contingent payout contracts are computed on the basis of assumed investment yield, mortality, and expenses, including a margin for adverse deviations. Such assumptions generally vary by plan, year of issue and policy duration. Reserve interest rates range from 2.0% to 9.5% for all years presented. Investment yield is based on the Company's experience. Mortality and withdrawal rate assumptions are based on relevant Company experience and are periodically reviewed against both industry standards and experience.

Because the sale of the domestic individual life insurance business was substantially in the form of an indemnity reinsurance agreement, the Company reported an addition to its reinsurance recoverable approximating the Company's total individual life reserves at the sale date (see Note 11).

Other policyholders' funds include reserves for deferred annuity investment contracts and immediate annuities without life contingent payouts. Reserves on such contracts are equal to cumulative deposits less charges and withdrawals plus credited interest thereon (rates range from 3.0% to 10.1% for all years presented) net of adjustments for investment experience that the Company is entitled to reflect in future credited interest. These reserves also include unrealized gains/losses related to FAS No. 115 for experience-rated contracts. Reserves on contracts subject to experience rating reflect the rights of contractholders, plan participants and the Company.

Unpaid claims and claim expenses for all lines of insurance include benefits for reported losses and estimates of benefits for losses incurred but not reported.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Revenue Recognition

For certain annuity contracts, fee income for the cost of insurance, expenses, and other fees assessed against policyholders are recorded as revenue in the fee income line on the Consolidated Income Statements. Other amounts received for these contracts are reflected as deposits and are not recorded as revenue but are included in the other policyholders' funds line on the Consolidated Balance Sheets. Related policy benefits are recorded in relation to the associated premiums or gross profit so that profits are recognized over the expected lives of the contracts. When annuity payments with life contingencies begin under contracts that were initially investment contracts, the accumulated balance in the account is treated as a single premium for the purchase of an annuity and reflected as an offsetting amount in both premiums and current and future benefits in the Consolidated Income Statements.

Separate Accounts

Separate Account assets and liabilities generally represent funds maintained to meet specific investment objectives of contractholders who bear the investment risk, subject, in some cases, to minimum guaranteed rates. Investment income and investment gains and losses generally accrue directly to such contractholders. The assets of each account are legally segregated and are not subject to claims that arise out of any other business of the Company.

Separate Account assets supporting variable options under universal life and annuity contracts are invested, as designated by the policyholder or participant under a contract (who bears the investment risk subject, in limited cases, to minimum guaranteed rates) in shares of mutual funds which are managed by the Company, or other selected mutual funds not managed by the Company.

Separate Account assets are carried at fair value. At December 31, 2003 and 2002, unrealized gains of \$36.2 million and of \$29.7 million, respectively, after taxes, on assets supporting a guaranteed interest option are reflected in shareholder's equity.

Separate Account liabilities are carried at fair value, except for those relating to the guaranteed interest option. Reserves relating to the guaranteed interest option are maintained at fund value and reflect interest credited at rates ranging from 2.4% to 7.3% in 2003 and 3.0% to 10.0% in 2002.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Separate Account assets and liabilities are shown as separate captions in the Consolidated Balance Sheets. Deposits, investment income and net realized and unrealized capital gains and losses of the Separate Accounts are not reflected in the Consolidated Financial Statements (with the exception of realized and unrealized capital gains and losses on the assets supporting the guaranteed interest option). The Consolidated Statements of Cash Flows do not reflect investment activity of the Separate Accounts.

Reinsurance

The Company utilizes indemnity reinsurance agreements to reduce its exposure to large losses in all aspects of its insurance business. Such reinsurance permits recovery of a portion of losses from reinsurers, although it does not discharge the primary liability of the Company as direct insurer of the risks reinsured. The Company evaluates the financial strength of potential reinsurers and continually monitors the financial condition of reinsurers. Only those reinsurance recoverable balances deemed probable of recovery are reflected as assets on the Company's Balance Sheets. Of the reinsurance recoverable on the Balance Sheets, \$3.0 billion at both December 31, 2003 and 2002 is related to the reinsurance recoverable from Lincoln National Corporation ("Lincoln") arising from the sale of the Company's domestic life insurance business.

Income Taxes

The Company is taxed at regular corporate rates after adjusting income reported for financial statement purposes for certain items. Deferred income tax expenses/benefits result from changes during the year in cumulative temporary differences between the tax basis and book basis of assets and liabilities.

Deferred corporate tax is stated at the face value and is calculated for temporary valuation differences between carrying amounts of assets and liabilities in the balance sheet and tax bases based on tax rates that are expected to apply in the period when the assets are realized or the liabilities are settled.

Deferred tax assets are recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be utilized. A deferred tax asset is recognized for the carryforward of unused tax losses to the extent that it is probable that future taxable profits will be available for compensation.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Of the losses more than 6 months and less than 12 months in duration of \$65.5 million, there were \$20.4 million in unrealized losses that are primarily related to interest rate movement or spread widening for other than credit-related reasons. Business and operating fundamentals are performing as expected. The remaining losses of \$45.1 million as of December 31, 2003 included the following items:

- \$21.5 million of unrealized losses related to securities reviewed for impairment under the guidance proscribed by EITF 99-20. This category includes U.S. government-backed securities, principal protected securities and structured securities which did not have an adverse change in cash flows for which the carrying amount was \$594.2 million.
- \$15.0 million of unrealized losses relating to the energy/utility industry, for which the carrying amount was \$202.8 million. During 2003, the energy sector recovered due to a gradually improving economic picture and the lack of any material accounting irregularities similar to those experienced in the prior two years. The Company's year-end analysis indicates that we can expect the debt to be serviced in accordance with the contractual terms.
- \$5.3 million of unrealized losses relating to non-domestic issues, with no unrealized loss exposure per country in excess of \$3.0 million for which the carrying amount was \$111.4 million. The Company's credit exposures are well diversified in these markets including banking and beverage companies.
- \$3.2 million of unrealized losses relating to the telecommunications/cable/media industry, for which the carrying amount was \$83.5 million. During 2003, the sector recovered somewhat due to a gradually improving economy and reduced investor concern with management decisions even though it remains challenged by over capacity. The Company's exposure is primarily focused in the largest and most financially secure companies in the sector.

An analysis of the losses more than 12 months in duration of \$9.9 million follows. There were \$0.6 million in unrealized losses that are primarily related to interest rate movement or spread widening for other than credit-related reasons. Business and operating fundamentals are performing as expected. The remaining losses of \$9.3 million as of December 31, 2003 included the following significant items:

• \$8.7 million of unrealized losses related to securities reviewed for impairment under the guidance proscribed by EITF 99-20. This category includes U.S. government-backed securities, principal protected securities and structured securities which did not have an adverse change in cash flows for which the carrying amount was \$47.2 million.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

• The remaining unrealized losses totaling \$0.6 million relate to a carrying amount of \$9.0 million.

The amortized cost and fair value of total fixed maturities for the year ended December 31, 2003 are shown below by contractual maturity. Actual maturities may differ from contractual maturities because securities may be restructured, called, or prepaid.

		Amortized		Fair
(Millions)	Cost		Value	
Due to mature:				
One year or less	\$	370.7	\$	379.9
After one year through five years		3,073.7		3,204.9
After five years through ten years		3,385.5		3,533.7
After ten years		2,031.0		2,174.6
Mortgage-backed securities		7,225.1		7,389.9
Other asset-backed securities		993.4		1,011.5
Less: fixed maturities securities pledged to creditors		117.7		120.2
Fixed maturities	\$	16,961.7	\$	17,574.3

At December 31, 2003 and 2002, fixed maturities with carrying values of \$11.2 million and \$10.5 million, respectively, were on deposit as required by regulatory authorities.

The Company did not have any investments in a single issuer, other than obligations of the U.S. government, with a carrying value in excess of 10% of the Company's shareholder's equity at December 31, 2003 or 2002.

The Company has various categories of CMOs that are subject to different degrees of risk from changes in interest rates and, for CMOs that are not agency-backed, defaults. The principal risks inherent in holding CMOs are prepayment and extension risks related to dramatic decreases and increases in interest rates resulting in the repayment of principal from the underlying mortgages either earlier or later than originally anticipated. At December 31, 2003 and 2002, approximately 2.8% and 5.5%, respectively, of the Company's CMO holdings were invested in types of CMOs which are subject to more prepayment and extension risk than traditional CMOs (such as interest-only or principal-only strips).

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Investments in equity securities as of December 31 were as follows:

Tillions)		2003		2002
Amortized cost	\$	146.5	\$	238.3
Gross unrealized gains		9.4		-
Gross unrealized losses		-		2.9
Fair value	\$	155.9	\$	235.4

Beginning in April 2001, the Company entered into reverse dollar repurchase agreement ("dollar rolls") and reverse repurchase agreement transactions to increase its return on investments and improve liquidity. These transactions involve a sale of securities and an agreement to repurchase substantially the same securities as those sold. The dollar rolls and reverse repurchase agreements are accounted for as short-term collateralized financings and the repurchase obligation is reported as borrowed money in "Other Liabilities" on the Consolidated Balance Sheets. The repurchase obligation totaled \$1.5 billion and \$1.3 billion at December 31, 2003 and 2002, respectively. The primary risk associated with short-term collateralized borrowings is that the counterparty will be unable to perform under the terms of the contract. The Company's exposure is limited to the excess of the net replacement cost of the securities over the value of the short-term investments, an amount that was not material at December 31, 2003. The Company believes the counterparties to the dollar roll and reverse repurchase agreements are financially responsible and that the counterparty risk is immaterial.

Impairments

During 2003, the Company determined that eighty-seven fixed maturities had other than temporary impairments. As a result, at December 31, 2003, the Company recognized a pre-tax loss of \$94.4 million to reduce the carrying value of the fixed maturities to their combined fair value of \$123.1 million. During 2002, the Company determined that fifty-six fixed maturities had other than temporary impairments. As a result, at December 31, 2002, the Company recognized a pre-tax loss of \$106.4 million to reduce the carrying value of the fixed maturities to their combined fair value of \$124.7 million. During 2001, the Company determined that fourteen fixed maturities had other than temporary impairments. As a result, at December 31, 2001, the Company recognized a pre-tax loss of \$51.8 million to reduce the carrying value of the fixed maturities to their fair value of \$10.5 million.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

3. Financial Instruments

Estimated Fair Value

The following disclosures are made in accordance with the requirements of FAS No. 107, *Disclosures about Fair Value of Financial Instruments*. FAS No. 107 requires disclosure of fair value information about financial instruments, whether or not recognized in the balance sheet, for which it is practicable to estimate that value. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. In that regard, the derived fair value estimates, in many cases, could not be realized in immediate settlement of the instrument.

FAS No. 107 excludes certain financial instruments and all nonfinancial instruments from its disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of the Company.

The following valuation methods and assumptions were used by the Company in estimating the fair value of the following financial instruments:

Fixed maturities: The fair values for the actively traded marketable bonds are determined based upon the quoted market prices. The fair values for marketable bonds without an active market are obtained through several commercial pricing services which provide the estimated fair values. Fair values of privately placed bonds are determined using a matrix-based pricing model. The model considers the current level of risk-free interest rates, current corporate spreads, the credit quality of the issuer and cash flow characteristics of the security. Using this data, the model generates estimated market values which the Company considers reflective of the fair value of each privately placed bond. Fair values for privately placed bonds are determined through consideration of factors such as the net worth of the borrower, the value of collateral, the capital structure of the borrower, the presence of guarantees and the Company's evaluation of the borrower's ability to compete in their relevant market.

Equity securities: Fair values of these securities are based upon quoted market value.

Mortgage loans on real estate: The fair values for mortgage loans on real estate are estimated using discounted cash flow analyses and rates currently being offered in the marketplace for similar loans to borrowers with similar credit ratings. Loans with similar characteristics are aggregated for purposes of the calculations.

Cash and cash equivalents, short-term investments and policy loans: The carrying amounts for these assets approximate the assets' fair values.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Other financial instruments reported as assets: The carrying amounts for these financial instruments (primarily premiums and other accounts receivable and accrued investment income) approximate those assets' fair values.

Investment contract liabilities (included in other policyholders' funds):

With a fixed maturity: Fair value is estimated by discounting cash flows at interest rates currently being offered by, or available to, the Company for similar contracts.

Without a fixed maturity: Fair value is estimated as the amount payable to the policyholder upon demand. However, the Company has the right under such contracts to delay payment of withdrawals which may ultimately result in paying an amount different than that determined to be payable on demand.

The carrying values and estimated fair values of certain of the Company's financial instruments at December 31, 2003 and 2002 were as follows:

	2	0003	2002		
	Carrying	Fair	Carrying	Fair	
	Value	Value	Value	Value	
(Millions)					
Assets:					
Fixed maturity securities	\$ 17,574.3	\$ 17,574.3	\$ 15,767.0	\$ 15,767.0	
Equity securities	155.9	155.9	235.4	235.4	
Mortgage loans	754.5	798.5	576.6	632.6	
Policy loans	270.3	270.3	296.3	296.3	
Short term investments	1.0	1.0	6.2	6.2	
Cash and cash equivalents	57.8	57.8	65.4	65.4	
Liabilities:					
Investment contract liabilities:					
With a fixed maturity	1,056.4	1,067.8	1,129.8	1,122.8	
Without a fixed maturity	12,152.5	12,116.4	10,783.6	10,733.8	

Fair value estimates are made at a specific point in time, based on available market information and judgments about various financial instruments, such as estimates of timing and amounts of future cash flows. Such estimates do not reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular financial instrument, nor do they consider the tax impact of the realization of unrealized gains or losses. In many cases, the fair value estimates cannot be substantiated by comparison to independent markets, nor can the disclosed value be realized in immediate settlement of the instruments. In evaluating the Company's management of interest rate, price and liquidity risks, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Derivative Financial Instruments

Interest Rate Floors

Interest rate floors are used to manage the interest rate risk in the Company's bond portfolio. Interest rate floors are purchased contracts that provide the Company with an annuity in a declining interest rate environment. The Company had no open interest rate floors at December 31, 2003 or 2002.

Interest Rate Caps

Interest rate caps are used to manage the interest rate risk in the Company's bond portfolio. Interest rate caps are purchased contracts that provide the Company with an annuity in an increasing interest rate environment. The notional amount, carrying value and estimated fair value of the Company's open interest rate caps as of December 31, 2003 were \$739.6 million, \$8.2 million and \$8.2 million, respectively. The notional amount, carrying value and estimated fair value of the Company's open interest rate caps as of December 31, 2002 were \$256.4 million, \$0.7 million and \$0.7 million, respectively.

Interest Rate Swaps

Interest rate swaps are used to manage the interest rate risk in the Company's bond portfolio and well as the Company's liabilities. Interest rate swaps represent contracts that require the exchange of cash flows at regular interim periods, typically monthly or quarterly. The notional amount, carrying value and estimated fair value of the Company's open interest rate swaps as of December 31, 2003 were \$950.0 million, \$(14.4) million and \$(14.4) million, respectively. The notional amount, carrying value and estimated fair value of the Company's open interest rate swaps as of December 31, 2002 were \$400.0 million, \$(6.8) million and \$(6.8) million, respectively.

Foreign Exchange Swaps

Foreign exchange swaps are used to reduce the risk of a change in the value, yield or cash flow with respect to invested assets. Foreign exchange swaps represent contracts that require the exchange of foreign currency cash flows for US dollar cash flows at regular interim periods, typically quarterly or semi-annually. The notional amount, carrying value and estimated fair value of the Company's open foreign exchange rate swaps as of December 31, 2003 were \$78.1 million, \$(12.8) million and \$(12.8) million, respectively. The notional amount, carrying value and estimated fair value of the Company's open foreign exchange rate swaps as of December 31, 2002 were \$49.4 million, \$(0.5) million and \$(0.5) million, respectively.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Embedded Derivatives

The Company also had investments in certain fixed maturity instruments that contain embedded derivatives, including those whose market value is at least partially determined by, among other things, levels of or changes in domestic and/or foreign interest rates (short- or long-term), exchange rates, prepayment rates, equity markets or credit ratings/spreads. The estimated fair value of the embedded derivatives within such securities as of December 31, 2003 and 2002 was \$(3.7) million and \$(1.4) million, respectively.

4. Net Investment Income

Sources of net investment income were as follows:

	Year ended December 31,			ear ended	Year ended December 31,	
				cember 31,		
(Millions)		2003		2002	. <u> </u>	2001
Fixed maturities	\$	946.2	\$	964.1	\$	887.2
Nonredeemable preferred stock		9.9		3.9		1.5
Investment in affiliated mutual funds		-		-		7.2
Mortgage loans		42.7		23.3		5.9
Policy loans		9.0		8.7		8.9
Cash equivalents		1.7		1.7		18.2
Other		(1.0)		23.4		15.9
Gross investment income		1,008.5		1,025.1		944.8
Less: investment expenses		89.4		65.6		56.4
Net investment income	\$	919.1	\$	959.5	\$	888.4

Net investment income includes amounts allocable to experience rated contractholders of \$783.3 million, \$766.9 million and \$704.2 million for the years-ended December 31, 2003, 2002 and 2001, respectively. Interest credited to contractholders is included in future policy benefits and claims reserves.

5. Dividend Restrictions and Shareholder's Equity

In conjunction with the sale of Aetna, Inc. to ING AIH, the Company was restricted from paying any dividends to its parent for a two year period from the date of sale without prior approval by the Insurance Commissioner of the State of Connecticut. This restriction expired on December 13, 2002. The Company did not pay dividends to its parent in 2003, 2002 or 2001.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

The Insurance Department of the State of Connecticut (the "Department") recognizes as net income and capital and surplus those amounts determined in conformity with statutory accounting practices prescribed or permitted by the Department, which differ in certain respects from accounting principles generally accepted in the United States of America. Statutory net income (loss) was \$67.5 million, \$148.8 million, and \$(92.3) million for the years ended December 31, 2003, 2002 and 2001, respectively. Statutory capital and surplus was \$1,230.7 million and \$1,006.0 million as of December 31, 2003 and 2002, respectively.

As of December 31, 2003, the Company does not utilize any statutory accounting practices, which are not prescribed by state regulatory authorities that, individually or in the aggregate, materially affect statutory capital and surplus.

6. Capital Gains and Losses

Realized capital gains or losses are the difference between the carrying value and sale proceeds of specific investments sold. Net realized capital gains (losses) on investments were as follows:

Year ended		Y	ear ended	Year ended		
	December 31,		De	ecember 31,	De	cember 31,
(Millions)	- <u></u>	2003		2002		2001
Fixed maturities	\$	63.9	\$	(97.5)	\$	(20.6)
Equity securities		0.6		(3.5)		(0.4)
Pretax realized capital gains (losses)	\$	64.5	\$	(101.0)	\$	(21.0)
After-tax realized capital gains (losses)	\$	41.9	\$	(58.3)	\$	(13.7)

Net realized capital gains of \$43.9 million, \$63.6 million and \$117.0 million for the years ended December 31, 2003, 2002 and 2001, respectively, allocable to experience rated contracts, were deducted from net realized capital gains and an offsetting amount was reflected in Other policyholders' funds on the Consolidated Balance Sheets. Net unamortized gains allocable to experienced-rated contractholders were \$213.7 million, \$199.3 million and \$172.7 million at December 31, 2003, 2002 and 2001, respectively.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Proceeds from the sale of total fixed maturities and the related gross gains and losses (excluding those related to experience-related contractholders) were as follows:

	,	Year ended		Year ended	,	Year ended
	D	December 31, December 31, 2003			D	ecember 31,
(Millions)					2001	
Proceeds on sales	\$	12,812.5	\$	13,265.2	\$	15,338.5
Gross gains		291.9		276.7		57.0
Gross losses		228.0		374.2		77.6

Changes in shareholder's equity related to changes in accumulated other comprehensive income (unrealized capital gains and losses on securities including securities pledged to creditors and excluding those related to experience-rated contractholders) were as follows:

Year ended December 31,		Year ended December 31,		ear ended cember 31,	
(Millions)		2003		2002	 2001
Fixed maturities	\$	(54.3)	\$	104.8	\$ 24.0
Equity securities		17.9		(1.6)	2.0
Other investments		34.0		(8.3)	 6.5
Subtotal		(2.4)		94.9	32.5
Increase in deferred income taxes		(0.9)		33.2	 11.3
Net changes in accumulated other					
comprehensive income (loss)	\$	(1.5)	\$	61.7	\$ 21.2

Net unrealized capital gains allocable to experience-rated contracts of \$491.5 million and \$563.1 million at December 31, 2003 and 2002, respectively, are reflected on the Consolidated Balance Sheets in Other policyholders' funds and are not included in shareholder's equity. Shareholder's equity included the following accumulated other comprehensive income, which is net of amounts allocable to experience-rated contractholders:

As of December 31,		As of December 31,		Dec	As of cember 31,	
(Millions)		2003		2002		2001
Net unrealized capital gains (losses):						
Fixed maturities	\$	108.5	\$	162.8	\$	58.0
Equity securities		14.4		(3.5)		(1.9)
Other investments		41.3		7.3		15.6
		164.2		166.6		71.7
Less: deferred income taxes		57.4		58.3		25.1
Net accumulated other comprehensive income	\$	106.8	\$	108.3	\$	46.6

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Changes in accumulated other comprehensive income related to changes in unrealized gains (losses) on securities, including securities pledged to creditors (excluding those related to experience-rated contractholders) were as follows:

	December 31, December		December 31, December 31		ear ended cember 31,	
(Millions)	2003		3 2002		· —	2001
Unrealized holding gains (losses) arising						
during the year (1)	\$	(48.1)	\$	127.4	\$	8.3
Less: reclassification adjustment for gains						
(losses) and other items included in						
net income (2)		(46.6)		65.7		(12.9)
Net unrealized gains (losses) on securities	\$	(1.5)	\$	61.7	\$	21.2

- (1) Pretax unrealized holding gains (losses) arising during the year were \$(74.0) million, \$196.0 million and \$12.7 million for the years ended December 31, 2003, 2002 and 2001, respectively.
- (2) Pretax reclassification adjustments for gains (losses) and other items included in net income were \$(71.6) million, \$101.1 million and \$(19.8) million for the years ended December 31, 2003, 2002 and 2001, respectively.

7. Severance

In December 2001, ING announced its intentions to further integrate and streamline the U.S.-based operations of ING Americas (a business division of ING which includes the Company) in order to build a more customer-focused organization. During the first quarter of 2003, the Company performed a detailed analysis of its severance accrual. As part of this analysis, the Company corrected the initial planned number of people to eliminate from 580 to 515 (corrected from the 2002 Annual Report on Form 10-K) and extended the date of expected substantial completion for severance actions to June 30, 2003.

Activity for the year ended December 31, 2003 within the severance liability and positions eliminated related to such actions were as follows:

Coverance

	36	verance	
(Millions)	Liability		
Balance at December 31, 2002	\$	9.2	75
Actions taken		7.3	72
Balance at December 31, 2003	\$	1.9	3

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

8. Income Taxes

The Company files a consolidated federal income tax return with its subsidiary, IICA. The Company has a tax allocation agreement with IICA whereby the Company charges its subsidiary for taxes it would have incurred were it not a member of the consolidated group and credits the member for losses at the statutory tax rate.

Income taxes consist of the following:

	Year ended December 31, 2003		Year ended December 31, 2002		Year ended December 31, 2001	
(Millions)						
Current taxes (benefits):						
Federal	\$	(13.7)	\$	28.9	\$	3.2
State		1.1		1.8		2.2
Net realized capital gains		51.6		11.5		16.1
Total current taxes		39.0		42.2		21.5
Deferred taxes (benefits):						
Federal		51.1		30.6		89.3
Net realized capital losses		(29.0)		(54.2)		(23.4)
Total deferred taxes (benefits)		22.1	<u> </u>	(23.6)		65.9
Total income tax expense	\$	61.1	\$	18.6	\$	87.4

Income taxes were different from the amount computed by applying the federal income tax rate to income before income taxes for the following reasons:

(Millians)	Year ended December 31, 2003		Year ended, December 31, 2002		Year ended, December 31, 2001	
(Millions) Income before income taxes and cumulative						
effect of change in accounting principle	\$	215.7	\$	86.1	\$	187.3
Tax rate		35%		35%		35%
Application of the tax rate		75.5		30.1		65.6
Tax effect of:						
State income tax, net of federal benefit		0.7		1.2		1.4
Excludable dividends		(14.0)		(5.3)		(1.8)
Goodwill amortization		-		-		21.6
Transfer of mutual fund shares		-		(6.7)		-
Other, net		(1.1)		(0.7)		0.6
Income taxes	\$	61.1	\$	18.6	\$	87.4

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

The tax effects of temporary differences that give rise to deferred tax assets and deferred tax liabilities at December 31 are presented below:

(Millions)	2003		 2002		
Deferred tax assets:					
Insurance reserves	\$	263.7	\$ 234.5		
Unrealized gains allocable to experience rated contracts		172.0	197.1		
Investments		69.7	113.4		
Postretirement benefits		30.2	29.5		
Deferred compensation		56.0	58.6		
Other		19.7	 19.5		
Total gross assets		611.3	652.6		
Deferred tax liabilities:					
Value of business acquired		495.4	509.7		
Market discount		-	4.1		
Net unrealized capital gains		236.4	263.8		
Depreciation		0.2	3.8		
Deferred policy acquisition costs		59.2	29.2		
Other		4.8	5.1		
Total gross liabilities		796.0	 815.7		
Net deferred tax liability	\$	184.7	\$ 163.1		

Net unrealized capital gains and losses are presented in shareholder's equity net of deferred taxes.

The "Policyholders' Surplus Account," which arose under prior tax law, is generally that portion of a life insurance company's statutory income that has not been subject to taxation. As of December 31, 1983, no further additions could be made to the Policyholders' Surplus Account for tax return purposes under the Deficit Reduction Act of 1984. The balance in such account was approximately \$17.2 million at December 31, 2003. This amount would be taxed only under certain conditions. No income taxes have been provided on this amount since management believes under current tax law the conditions under which such taxes would become payable are remote.

The Internal Revenue Service (the "Service") has completed examinations of the federal income tax returns of the Company through 1997. Discussions are being held with the Service with respect to proposed adjustments. Management believes there are adequate defenses against, or sufficient reserves to provide for, any such adjustments. The Service has commenced its examinations for the years 1998 through 2000.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

9. Benefit Plans

Defined Benefit Plan

ING North America Insurance Corporation ("ING North America") sponsors the ING Americas Retirement Plan (the "Retirement Plan"), effective as of December 31, 2001. Substantially all employees of ING North America and its subsidiaries and affiliates (excluding certain employees) are eligible to participate, including the Company's employees other than Company agents.

The Retirement Plan is a tax-qualified defined benefit plan, the benefits of which are guaranteed (within certain specified legal limits) by the Pension Benefit Guaranty Corporation ("PBGC"). As of January 1, 2002, each participant in the Retirement Plan (except for certain specified employees) earns a benefit under a final average compensation formula. Subsequent to December 31, 2001, ING North America is responsible for all Retirement Plan liabilities. The costs allocated to the Company for its employees' participation in the Retirement Plan were \$15.1 million for 2003 and \$6.4 million for 2002, respectively.

Defined Contribution Plans

ING North America sponsors the ING Savings Plan and ESOP (the "Savings Plan"). Substantially all employees of ING North America and its subsidiaries and affiliates (excluding certain employees, including but not limited to Career Agents (as defined below)) are eligible to participate, including the Company's employees other than Company agents. The Savings Plan is a tax-qualified profit sharing and stock bonus plan, which includes an employee stock ownership plan ("ESOP") component. Savings Plan benefits are not guaranteed by the PBGC. The Savings Plan allows eligible participants to defer into the Savings Plan a specified percentage of eligible compensation on a pretax basis. ING North America matches such pre-tax contributions, up to a maximum of 6% of eligible compensation. All matching contributions are subject to a 4-year graded vesting schedule (although certain specified participants are subject to a 5-year graded vesting schedule). All contributions made to the Savings Plan are subject to certain limits imposed by applicable law. Pre-tax charges of operations of the Company for the Savings Plan were \$7.1 million in 2003 and 2002.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

The Company sponsors the ING 401(k) Plan for ILIAC Agents (formerly the ING 401(k) Plan for ALIAC Agents, and originally named the Agents of Aetna Life Insurance and Annuity Company Incentive Savings Plan) (the "Agents 401(k) Plan"), which is a tax-qualified profit sharing plan. The Agents 401(k) Plan covers Career Agents (defined below) who meet certain requirements. Benefits under the Agents 401(k) Plan are not guaranteed by the PBGC. The Agents 401(k) Plan allows eligible participants to defer into the Agents 401(k) Plan a specified percentage of eligible earnings on a pre-tax basis. The Company matches such pre-tax contribution, at the rate of 50%, up to a maximum of 6% of eligible earnings. Effective January 1, 2002, all matching contributions are subject to a 4-year vesting schedule, except Career Agents who were credited with vesting service earned prior to January 1, 2002, are subject to a 3-year vesting schedule. All contributions made to the Agents 401(k) Plan are subject to certain limits imposed by applicable law. Pre-tax charges of operations of the Company for the Agents 401(k) Plan were \$1.0 million in 2003 and \$1.0 in 2002, respectively.

Non-Qualified Retirement Plans

As of December 31, 2001, the Company, in conjunction with ING, offers certain eligible employees (excluding, among others, Career Agents (as defined below)) the Supplemental ING Retirement Plan for Aetna Financial Services and Aetna International Employees ("SERP"). The SERP is a non-qualified defined benefit pension plan, which means all benefits are payable from the general assets of the Company and ING. SERP benefits are not guaranteed by the PBGC. Benefit accruals under the SERP ceased effective as of December 31, 2001. Benefits under the SERP are determined based on an eligible employees years of service and such employee's average annual compensation for the highest five years during the last ten years of employment.

Effective January 1, 2002, the Company, in conjunction with ING, offers certain employees (other than Career Agents) supplemental retirement benefits under the ING Americas Supplemental Executive Retirement Plan (the "Americas Supplemental Plan"). The Americas Supplemental Plan is a non-qualified defined benefit pension plan, which means all benefits are payable from the general assets of the Company and ING. Americas Supplemental Plan benefits are not guaranteed by the PBGC. Benefits under the Americas Supplemental Plan are based on the benefits formula contained in the Retirement Plan, but without taking into account the compensation and benefit limits imposed by applicable law. Any benefits payable from the Americas Supplemental Plan are reduced by the benefits payable to the eligible participant under the Retirement Plan.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

The Company, in conjunction with ING, sponsors the Pension Plan for Certain Producers of ING Life Insurance and Annuity Company (formerly the Pension Plan for Certain Producers of Aetna Life Insurance and Annuity Company) (the "Agents Non-Qualified Plan"), a non-qualified defined benefit pension plan. This plan covers certain full-time insurance salesmen who have entered into a career agent agreement with the Company and certain other individuals who meet the eligibility criteria specified in the plan ("Career Agents"). The Agents Non-Qualified Plan was terminated effective January 1, 2002. In connection with the termination, all benefit accruals ceased and all accrued benefits were frozen. Benefits under this plan are payable from the general assets of the Company and ING and are not guaranteed by the PBGC.

The Company also sponsors the Producers' Incentive Savings Plan ("PIP"), which is a non-qualified deferred compensation plan for eligible Career Agents and certain other individuals who meet the eligibility criteria specified in the PIP. The PIP is unfunded, which means benefit payments are made from the general assets of the Company. PIP benefits are not guaranteed by the PBGC. Eligible PIP participants can defer either 4% or 5% of eligible earnings, depending on their commission level, which is 100% matched by the Company. Matching contributions are fully vested when contributed to the PIP. In addition, eligible PIP participants can contribute up to an additional 10% of eligible earnings, with no Company match on such contributions. Pretax charges of operations of the Company for the PIP were \$0.6 million for 2003 and \$0.9 million for 2002.

The Company also sponsors the Producers' Deferred Compensation Plan ("DCP"), which is a non-qualified deferred compensation plan for eligible Career Agents and certain other individuals who meet the eligibility criteria specified in the DCP. The DCP is unfunded, which means benefit payments are made from the general assets of the Company. DCP benefits are not guaranteed by the PBGC. Eligible participants can defer up to 100% of eligible earnings, provided the election to defer is made within the applicable election period established by the Company. Amounts contributed to the DCP are not matched by the Company. DCP participants are 100% vested in amounts contributed to the DCP.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

The following tables summarize the benefit obligations and the funded status for the SERP and the Agents Non-Qualified Plan for the years ended December 31, 2003 and 2002:

(Millions)	 2003	 2002
Change in Benefit Obligation:		
Defined Benefit Obligation, January 1	\$ 106.8	\$ 95.3
Service cost	-	-
Interest cost	6.9	6.8
Benefits paid	(9.7)	(5.5)
Plan adjustments	-	4.5
Actuarial (gain) loss on obligation	 (2.4)	 5.7
Defined Benefit Obligation, December 31	\$ 101.6	\$ 106.8
Funded status:		
Funded status at December 31	\$ (101.6)	\$ (106.8)
Unrecognized past service cost	3.1	6.4
Unrecognized net loss	 0.6	 0.8
Net amount recognized	\$ (97.9)	\$ (99.6)

At December 31, 2003 and 2002, the accumulated benefit obligation was \$97.2 million and \$99.7 million, respectively.

The weighted-average assumptions used in the measurement of the December 31, 2003 and 2002 benefit obligation for the Retirement Plan were as follows:

	2003	2002
Discount rate	6.25 %	6.75 %
Rate of compensation increase	3.75	3.75

Net periodic benefit costs for the years ended December 31, 2003 and 2002 were as follows:

	 2003	2002	
(Millions)			
Service cost	\$ -	\$	-
Interest cost	6.9		6.8
Net actuarial (gain) loss recognized in the year	0.9		-
Unrecognized past service cost recognized in year	0.2		(0.3)
The effect of any curtailment or settlement	 -	<u>.</u>	(2.6)
Net periodic benefit cost	\$ 8.0	\$	3.9

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Post-Retirement Benefits

In addition to providing pension benefits, the Company, in conjunction with ING, provides certain health care and life insurance benefits for retired employees and certain agents, including certain Career Agents. Generally, retired employees and eligible Career Agents pay a portion of the cost of these post-retirement benefits, usually based on their years of service with the Company. The amount a retiree or eligible Career Agent pays for such coverage is subject to change in the future.

The following tables summarize the benefit obligations and the funded status for retired employees' and retired agents' post-retirement health care benefits over the years ended December 31, 2003 and 2002:

	 2003	2002		
(Millions)				
Change in Benefit Obligation:				
Defined Benefit Obligation, January 1	\$ 23.7	\$	25.4	
Service cost	0.8		0.5	
Interest cost	1.7		1.5	
Benefits paid	(1.3)		(1.2)	
Plan amendments	-		(6.5)	
Actuarial loss on obligation	 4.8		4.0	
Defined Benefit Obligation, December 31	29.7		23.7	
Funded status:				
Funded status at December 31	(29.7)		(23.7)	
Unrecognized losses	9.9		5.4	
Unrecognized past service cost	 (3.2)		(3.6)	
Net amount recognized	\$ (23.0)	\$	(21.9)	

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

The medical health care trend rate was 10% for 2004, gradually decreasing to 5.0% by 2009. Increasing the health care trend by 1% would increase the benefit obligation by \$3.3 million as of December 31, 2003. Decreasing the health care trend rate by 1% would decrease the benefit obligation by \$2.9 million as of December 31, 2003.

Net periodic benefit costs were as follows:

	 2003	2002		
(Millions)				
Service cost	\$ 0.8	\$	0.5	
Interest cost	1.7		1.5	
Net actuarial loss recognized in the year	0.4		-	
Past service cost - unrecognized psc recognized in year	-		(2.9)	
Past service cost - recognized this year	 (0.5)		-	
Net periodic benefit cost	\$ 2.4	\$	(0.9)	

10. Related Party Transactions

Investment Advisory and Other Fees

ILIAC serves as investment advisor to certain variable funds used in Company products (collectively, the "Company Funds"). The Company Funds pay ILIAC, as investment advisor, a daily fee which, on an annual basis, ranged, depending on the Fund, from 0.5% to 1.0% of their average daily net assets. Each of the Company Funds managed by ILIAC are subadvised by investment advisors, in which case ILIAC pays a subadvisory fee to the investment advisors, which may include affiliates. The Company is also compensated by the separate accounts for bearing mortality and expense risks pertaining to variable life and annuity contracts. Under the insurance and annuity contracts, the separate accounts pay the Company a daily fee, which, on an annual basis is, depending on the product, up to 3.4% of their average daily net assets. The amount of compensation and fees received from affiliated mutual funds and separate accounts, amounted to \$201.4 million (excludes fees paid to Aeltus), \$ 391.8 million (includes fees paid to Aeltus through February 28, 2002, when IA Holdco, Aeltus' parent, ceased to be a subsidiary of ILIAC) and \$421.7 million in 2003, 2002 and 2001, respectively.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

Reciprocal Loan Agreement

ILIAC maintains a reciprocal loan agreement with ING AIH, an indirect wholly-owned subsidiary of ING and affiliate to ILIAC, to facilitate the handling of unusual and/or unanticipated short-term cash requirements. Under this agreement, which became effective in June 2001 and expires on April 1, 2011, ILIAC and ING AIH can borrow up to 3% of ILIAC's statutory admitted assets as of the preceding December 31 from one another. Interest on any ILIAC borrowings is charged at the rate of ING AIH's cost of funds for the interest period plus 0.15%. Interest on any ING AIH borrowings is charged at a rate based on the prevailing interest rate of U.S. commercial paper available for purchase with a similar duration. Under this agreement, ILIAC incurred interest expense of \$0.1 million for the years ended December 31, 2003, 2002 and 2001, respectively, and earned interest income of \$0.9 million, \$2.1 million and \$3.3 million for the years ended December 31, 2003, 2002 and 2001, respectively. At December 31, 2003, ILIAC had a \$41.4 million receivable from ING AIH under this agreement. At December 2002, the Company had no receivables under this agreement.

Capital Transactions

In 2003, the Company received \$230.0 million in cash capital contributions from Lion. In 2002, the Company received capital contributions in the form of investments in affiliated mutual funds of \$164.3 million from HOLDCO.

Other

Premiums due and other receivables include \$0.1 million due from affiliates at December 31, 2003 and 2002. Other liabilities include \$92.3 million and \$3.5 million due to affiliates for the years ended December 31, 2003 and 2002, respectively.

11. Reinsurance

At December 31, 2003, the Company had reinsurance treaties with six unaffiliated reinsurers and one affiliated reinsurer covering a significant portion of the mortality risks and guaranteed death and living benefits under its variable contracts. The Company remains liable to the extent its reinsurers do not meet their obligations under the reinsurance agreements.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

On October 1, 1998, the Company sold its domestic individual life insurance business to Lincoln for \$1 billion in cash. The transaction is generally in the form of an indemnity reinsurance arrangement, under which Lincoln contractually assumed from the Company certain policyholder liabilities and obligations, although the Company remains directly obligated to policyholders.

Effective January 1, 1998, 90% of the mortality risk on substantially all individual universal life product business written from June 1, 1991 through October 31, 1997 was reinsured externally. Beginning November 1, 1997, 90% of new business written on these products was reinsured externally. Effective October 1, 1998 this agreement was assigned from the third party reinsurer to Lincoln.

Effective December 31, 1988, the Company entered into a modified coinsurance reinsurance agreement ("MODCO") with Aetna Life Insurance Company ("Aetna Life"), (formerly an affiliate of the Company), in which substantially all of the nonparticipating individual life and annuity business written by Aetna Life prior to 1981 was assumed by the Company. Effective January 1, 1997, this agreement was amended to transition (based on underlying investment rollover in Aetna Life) from a modified coinsurance arrangement to a coinsurance agreement. As a result of this change, reserves were ceded to the Company from Aetna Life as investment rollover occurred. Effective October 1, 1998, this agreement was fully transitioned to a coinsurance arrangement and this business along with the Company's direct individual life insurance business, with the exception of certain supplemental contracts with reserves of \$63.8 million and \$66.2 million as of December 31, 2003 and 2002, respectively, was sold to Lincoln.

On December 16, 1988, the Company assumed \$25.0 million of premium revenue from Aetna Life, for the purchase and administration of a life contingent single premium variable payout annuity contract. In addition, the Company is also responsible for administering fixed annuity payments that are made to annuitants receiving variable payments. Reserves of \$20.4 million and \$19.6 million were maintained for this contract as of December 31, 2003 and 2002, respectively.

The effect of reinsurance on premiums and recoveries was as follows:

	Year ended		Ye	Year ended		ear ended		
	Dece	mber 31,	Dec	ember 31,	De	cember 31,		
(Millions)	2003		2003			2002		2001
Direct premiums	\$	93.0	\$	97.3	\$	112.3		
Reinsurance assumed		12.1		9.7		0.6		
Reinsurance ceded		9.3		8.3		(1.3)		
Net premiums		95.8		98.7		114.2		
Reinsurance recoveries	\$	184.9	\$	317.6	\$	363.7		

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

12. Commitments and Contingent Liabilities

Leases

For the years ended December 31, 2003, 2002 and 2001, rent expense for leases was \$20.8 million, \$18.1 million and \$17.6 million, respectively. The future net minimum payments under noncancelable leases for the years ended December 31, 2004 through 2008 are estimated to be \$17.2 million, \$16.1 million, \$14.6 million, \$13.1 million, and \$0.7 million, respectively, and \$0.1 million thereafter. The Company pays substantially all expenses associated with its leased and subleased office properties. Expenses not paid directly by the Company are paid for by an affiliate and allocated back to the Company.

Commitments

Through the normal course of investment operations, the Company commits to either purchase or sell securities, commercial mortgage loans or money market instruments at a specified future date and at a specified price or yield. The inability of counterparties to honor these commitments may result in either higher or lower replacement cost. Also, there is likely to be a change in the value of the securities underlying the commitments. At December 31, 2003 and 2002, the Company had off-balance sheet commitments to purchase investments of \$154.3 million with an estimated fair value of \$154.3 million and \$236.7 million, respectively.

Litigation

The Company is a party to threatened or pending lawsuits arising from the normal conduct of business. Due to the climate in insurance and business litigation, suits against the Company sometimes include claims for substantial compensatory, consequential or punitive damages and other types of relief. Moreover, certain claims are asserted as class actions, purporting to represent a group of similarly situated individuals. While it is not possible to forecast the outcome of such lawsuits, in light of existing insurance, reinsurance and established reserves, it is the opinion of management that the disposition of such lawsuits will not have materially adverse effect on the Company's operations or financial position.

Notes to Consolidated Financial Statements

Other Regulatory Matters

Like many financial services companies, certain U.S. affiliates of ING Groep N.V. have received informal and formal requests for information since September 2003 from various governmental and self-regulatory agencies in connection with investigations related to mutual funds and variable insurance products. ING has cooperated fully with each request.

In addition to responding to regulatory requests, ING management initiated an internal review of trading in ING insurance, retirement, and mutual fund products. The goal of this review has been to identify whether there have been any instances of inappropriate trading in those products by third parties or by ING investment professionals and other ING personnel. This internal review is being conducted by independent special counsel and auditors. Additionally, ING reviewed its controls and procedures in a continuing effort to deter improper frequent trading in ING products. ING's internal reviews related to mutual fund trading are continuing.

The internal review has identified several arrangements allowing third parties to engage in frequent trading of mutual funds within our variable insurance and mutual fund products, and identified other circumstances where frequent trading occurred despite measures taken by ING intended to combat market timing. Most of the identified arrangements were initiated prior to ING's acquisition of the businesses in question. In each arrangement identified, ING has terminated the inappropriate trading, taken steps to discipline or terminate employees who were involved, and modified policies and procedures to deter inappropriate activity. While the review is not completed, management believes the activity identified does not represent a systematic problem in the businesses involved.

These instances included agreements (initiated in 1998) that permitted one variable life insurance customer of ReliaStar Life Insurance Company ("ReliaStar") to engage in frequent trading, and to submit orders until 4pm Central Time, instead of 4pm Eastern Time. ReliaStar was acquired by ING in 2000. The late trading arrangement was immediately terminated when current senior management became aware of it in 2002. ING believes that no profits were realized by the customer from the late trading aspect of the arrangement.

In addition, the review has identified five arrangements that allowed frequent trading of funds within variable insurance products issued by ReliaStar and by ING USA Annuity & Life Insurance Company; and in certain ING Funds. ING entities did not received special benefits in return for any of these arrangements, which have all been terminated. The internal review also identified two investment professionals who engaged in improper frequent trading in ING Funds.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

ING will reimburse any ING Fund or its shareholders affected by inappropriate trading for any profits that accrued to any person who engaged in improper frequent trading for which ING is responsible. Management believes that the total amount of such reimbursements will not be material to ING or its U.S. business.

13. Segment Information

The Company's realignment of Worksite Products and Individual Products operating segments into one reporting segment (USFS) is reflected in the restated summarized financial information for December 31, 2003 and 2002 in the table below. Effective with the third quarter of 2002, items that were previously not allocated back to USFS but reported in Other are now allocated to USFS and reported in the restated financial information for the periods ending December 31, 2003 and 2002.

Summarized financial information for the Company's principal operations for December 31, were as follows:

		1	Non-Opera	ting Se	gments				
			vestment nagement						
(Millions)	 USFS (1)	Se	rvices (2)		Other (3)		Total

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

- (1) USFS includes deferred annuity contracts that fund defined contribution and deferred compensation plans, immediate annuity contracts; mutual funds; distribution services for annuities and mutual funds; programs offered to qualified plans and nonqualified deferred compensation plans that package administrative and record-keeping services along with a variety of investment options; wrapper agreements containing certain benefit responsive guarantees that are entered into with retirement plans, whose assets are not invested with the Company; investment advisory services and pension plan administrative services. USFS also includes deferred and immediate annuity contracts, both qualified and nonqualified, that are sold to individuals and provide variable or fixed investment options or a combination of both.
- (2) Investment Management Services include: investment advisory services to affiliated and unaffiliated institutional and retail clients; underwriting; distribution for Company mutual funds and a former affiliate's separate counts; and trustee, administrative and other services to retirement plans. On February 28, 2002, IA Holdco and its subsidiaries, which comprised this segment, were distributed to HOLDCO (refer to Note 1).
- (3) Other includes consolidating adjustments between USFS and Investment Management Services.
- (4) Operating earnings is comprised of net income (loss) excluding net realized capital gains and losses. While operating earnings is the measure of profit or loss used by the Company's management when assessing performance or making operating decisions, it does not replace net income as a measure of profitability.

QUARTERLY DATA (UNAUDITED)

Restatement of Financial Information: During the quarterly period ended June 30, 2003, the Company incorrectly recorded investment income and realized capital gains related to Separate Accounts. The Company noted the effect of this error during the compilation of the December 31, 2003 financial statements and made the appropriate changes to the quarterly periods ended June 30, 2003 and September 30, 2003.

The following tables show the previously reported and restated amounts for each of the periods affected.

As Reported									
2003 (Millions)		First		Second		Third		Fourth	
Total revenue	\$	359.2	\$	383.6	\$	362.4	\$	358.5
